Day Camps To Be Held

Camp Fire Girls will sponsor two weeks of Day Camping for girls at Moore Park starting Tuesday, June 15, 9:30 a.m. to 3:00 p.m. each Tuesday, Wednesday, Thursday and Friday.

In announcing the Day Camp dates, Mrs. Naomi French, executive director, said "Camp Fire Girls take pride in presenting the Day Camping program as a community service, making the program available to all girls, 8 years to 18. All girls living near Klamath Falls are welcome and need not be members of Camp Fire Girls. The fee is very low, \$3.75 for the two weeks, which includes transportation to and from the park by bus, milk and program supplies.

The Camp Fire office is now receiving registrations, and bus schedules will be given to girls when registering.

"Day Camping is what the name implies — camping by the day. The program is full of activities for fun and adventure. Campers learn the skills of fire building, use of an ax and pocket knife, campfire building and lashing, as well as an appreciation of the out-of-doors through nature lore."

Mrs. Earl Clark will once again direct the Day Camping program, and will be assisted by Camp Fire leaders and Horizon girls.

Further information about the Day Camping sessions may be had by phoning the Camp Fire office.

Important calls for important people. Bringing good long distance service to those in uniform while they're away from home is the job of telephone people in many military centers today. At Army Camps, Naval Stations, and Air Force Bases in the West, some 2,000 public telephones are at work so that servicemen can call where they want, when they want. Providing these facilities is an important part of our overall planning. For we want to make sure that people in the Armed Forces—as well as those at home—enjoy the best possible service at the lowest possible cost. Pacific Telephone works to make your telephone a bigger value every day.
