WALL STREET
NEW YORK (AP)—Last week's major break in the stock market was completely erased Wednesday as prices on average pushed upward to near record peaks.

Final hour prices included: New York Central up 1/4 at 23 1/2, Container Corp. up 1/4 at 53 1/4 (on an increased dividend), American Telephone up 1/2 at 166 1/2, General Electric up 1/2 at 42 1/2, and U. S. Steel up 1/2 at 42.

The drive ahead was a continuation of Thursday's rally that sent the market up near its 1954 peak in the best advance of the past two years.

For the first time since last week's major break, trading crossed the two million mark at an estimated 2,100,000 shares. Tuesday's total was 1,630,000 shares.

CHICAGO (AP)—Grains took off in different directions on the Board of Trade Wednesday, wheat showing weakest while soybeans showed the most strength.

December and March wheat fell to new seasonal lows while September came within a cent of its previous low. Increased hedging pressure and disappointment over failure of export business to develop with Brazil caused the slide.

CHICAGO (AP)—Hot weather and a slow demand for meat broke prices of butchers and sows for the fourth straight session on the livestock market Wednesday.

Butchers fell 50 cents to \$1.90 while sows were off 25 cents to \$1.60.

A weak tone also was noted in the cattle section.

Good to prime native spring lambs brought \$22.50 to \$24.50.

Guatemalan Unrest Told

PANAMA (AP)—Reports circulated here Wednesday that a dozen paratrooper troops landed on the Pacific coast of Guatemala a few hours after Col. Carlos Enrique Diaz, the army chief of staff, tried to leave by plane for Washington.

It was not brought out whether there was a direct relationship between the two incidents.

This was the latest word to come from Guatemala, where the leftist government has clamped down a tight censorship on the grounds that the regime is threatened by a revolution.

Private advices Tuesday said the Army had submitted a questionnaire to President Jacobo Arbenz Guzman regarding Communist influences in the country, asked him to break ties with the Reds, and demanded an answer by the end of the week.

The Guatemalan Radio denied Tuesday night in a series of broadcasts that the army had submitted any ultimatum to the president.

U.N. To Check War Threat

UNITED NATIONS, N. Y. (AP)—The United States joined five other U. N. nations Wednesday in a move to send a peace patrol to check on the threat of a spread of war in Southeast Asia.

Henry Cabot Lodge Jr., chief American delegate, said there is a "real and continuing threat" to Thailand, sponsor of the peace patrol idea.

Thailand originally wanted the U. N. Peace Commission to go into Laos and Cambodia, two states of Indochina, but withdrew that idea under French and British pressure. Its resolution as finally introduced before the Security Council calls for the investigators to go only to Thailand, and seek further authority if they desire to go elsewhere.

The resolution received the support of six of the seven Security Council members — the United States, Britain, New Zealand, Turkey, Nationalist China and Brazil.

This peace patrol will be set up unless Soviet Russia vetoes the proposal. The Russians will make their views known Friday when the Council resumes consideration of the proposal.

Pentagon Windows Cause Tiff

WASHINGTON (AP)—Somebody left some windows unlocked in the Pentagon.

That was 60 days, 8 memoranda and 1,000 words ago.

It seems that on the night of 14 April, at about 2000 hours, G-2 agents found a couple of windows unlocked. (That means about 8 p.m. on April 14. G-2 is Army intelligence, normally concerned with ferreting out information on a foreign power or folling foreign agents.)

The Pentagon has 7,600 windows. The unlocked ones were in the suit of offices used by H. Siruve Hensel, assistant secretary of defense for international security affairs. Hensel's "international security" is high-level stuff, including such things as the North Atlantic Treaty Organization.

Came the night of 28 April, between 2000 and 2130 hours: three more unlocked windows. These were in the press room.

By May 3 (or 2 May) a memo had been issued to the proper authorities, starting out: "Subject: Security Inspection of Pentagon Perimeter," and discussing the matter of the unfastened windows. Instructions were issued to "notify occupants that it is a violation of building security regulations to unlock or open any windows."

Who unlocked 'em?

Suspicion pointed first at the corps of window washers. But on 13 May the foreman of the janitorial staff dashed off a memorandum. "Subject: Unlocked Windows." He said the window incident of 14 April couldn't have been his men, because they didn't wash those windows until 15 April. Moreover, his washers reported that a clerk in Hensel's office wanted fresh air.

The interoffice communications rolled on and on and on—from the Pentagon building security officer; to and from "Headquarters, Military District of Washington, Office of the Army Headquarters Commandant"; and from the "Administrative Facilities Planning Branch, Office of the Secretary of Defense."

Finally the file climbed up to a 1,000-word total. The last issue locks up the case—and presumably the windows. This one is a broadside, aimed at "all occupants of the Pentagon"; the subject: open windows; the order: "keep 'em closed."

The reason: it upsets the air-conditioning system—and also upsets the G-2 agents and security officials.

Senate Vote Lifts Spud Support Ban

WASHINGTON (AP)—The Senate Agriculture Committee voted Wednesday to remove a four-year-old ban on government price supports on white or Irish potatoes.

At the same time, Chairman Aiken (R-Vt.) said the group agreed to take a final vote a week from Thursday, June 24, on "the controversial issue of flexible versus rigid price supports."

Aiken conceded that there may be a one vote margin in his Committee in favor of extending the wartime levels of 90 per cent of parity on major field crops. Parity is a price level calculated by legal formula as one fair to farmers in relation to the prices of things they buy.

This would be a rebuff for the flexible and lower farm price supports urged by President Eisenhower.

Aiken said Eisenhower has made it plain "he would not accept" an extension of high-level supports, indicating a presidential veto. But the President himself said at a news conference Wednesday he has not made up his mind on the point.

On the other side of the capitol Wednesday the House knocked out of a farm surplus disposal bill a provision designed to prevent "dumping" of American commodities on foreign markets.

The action was taken without opposition after Chairman Hope (R-Kan.) of the House Agriculture Committee announced that suitable substitute will be worked out later in a Senate-House conference.

In addition to the action on potatoes, Aiken said the Senate committee tentatively approved these steps:

Agreed to retain supports at 60 to 90 per cent on honey and tung nuts.

Considered broadening supports on dairy products with "wide authority for the Secretary of Agriculture." In the past government supports have been on butter, cheese and processed milk products. Aiken said he favors extending them to whole milk, including special production payments to dairymen.

Placed White potatoes in the category of farm products that may be supported "from zero to 90 per cent of parity."

P. J. Olsen Rites Planned

Funeral services for Peder Johan Olsen, resident of Klamath Falls for the past 24 years, will be held Thursday, June 17, 2 p.m. from Ward's Klamath Funeral Home, with the Rev. Joel C. Nordlund, pastor of the First Covenant Church, officiating.

Mr. Olsen, 77 years old, and a native of Moe Hegeligan, Norway, died June 14, at Hillside Hospital, after a lengthy illness. He came to the United States when he was 12 years old and spent the remainder of his life in Oregon.

He was an employee of the Oregon State Highway Department for several years until he reached retirement age.

Mr. and Mrs. Olsen celebrated their golden wedding anniversary last November. Their home was at 414 North Ninth Street.

Surviving him are his widow, Mrs. Mattie Olsen, of this city; two daughters, Mrs. Alice Vitus of Klamath Falls and Mrs. Gertrude Shirley of Hanford, California; sons, Ivan of Madras, and Raymond Olsen of Roseburg; brothers Hans and Alfred of Marquam, Tony of Molalla; three sisters, Mrs. Annie Light and Mrs. Eva Messenger of Astoria and Mrs. Nora Olsen of Linnton, Oregon, also seven grandchildren.

Youngsters Plan Parade

While mom and dad line up their Western gear in anticipation of the gala Fourth of July activities just around the corner, youngsters throughout the Basin are digging deep into the barrel of juvenile ingenuity and originality to provide the best ever in kids' parades.

Young entrants will assemble in Balsiger's lot, Main and Esplanade, by 10:30 a.m. Saturday, June 26. The parade will move down Main Street at 11 a.m.

Registration for the parade will open at 9 a.m. the morning of the parade.

This annual preliminary to the main Fourth of July Roundup Parade is sponsored by the Klamath Falls Junior Chamber of Commerce and the merchants, who have provided over \$100 in prizes for outstanding entries in the following divisions: (1) floats and (4) tricycles and wagons; (5) outstanding boy; (6) outstanding girl; (7) smallest entrant. A grand prize will be awarded for the most outstanding entrant of the 1954 Roundup Kiddies Parade.

Children from the ages of four through 14 are eligible to enter. A special treat will be provided for all children who participate in the parade: free passes will be given them to attend a movie that afternoon at the Pelican Theater.

Chairman of this year's Kiddies Parade is Martin Franz. He is being assisted by Bob Causemaker, Bud Lucas and Jack Madden.
