'Most Decorated Soldier' To Star In Autobiography

HOLLYWOOD (AP)—How does a modest man enact his own amazing life on the screen? Actor Audie Murphy is not sure he'll live through it, but he is undertaking to portray the soldier Audie Murphy in "To Hell and Back." The autobiography is being filmed with an expensive production by Murphy's home studio, Universal-International. Murphy's record as a soldier in World War II is unparalleled. He won 23 decorations, including the big one—the Medal of Honor. While he was killing 240 German soldiers, a mortar shell burst at his feet, he was perforated by an

Guatemala Ceasefire Asked By U.N. Security Council

UNITED NATIONS, N.Y. (AP)—The U.N. Security Council called unanimously last night for a ceasefire in Guatemala and for all U.N. members to withhold aid from the fighting forces there. The action came after the Soviet Union cast its 60th veto in council history on behalf of Guatemala's leftist government. The veto defeated a motion to refer the Guatemalan complaint of aggression to the Western Hemisphere's regional organization, the Organization of American States (OAS). U.S. Delegate Henry Cabot Lodge Jr., council president for June, said the Soviet veto showed obviously the Russians have "designs" on the Americas. He warned angrily: "It may be the Soviet delegates: Stay out of the Western Hemisphere. Don't try to start your plans and conspiracies here." Despite the Russian vote, Guatemala has already asked the five-member inter-American Peace Committee of the OAS to help stop the invasion against President Jacobo Arbenz Guzman's government. The committee scheduled a meeting in Washington late today. The cease-fire call was voted after Guatemalan Delegate Edoardo Castillo-Arriola charged neighboring Honduras and Nicaragua, backed by the United States and the United Fruit Co., had connived in an aggression against Guatemala's territory by mercenary expeditionary forces. Lodge hotly defended his government and denied the charges. He said information available to the United States "strongly suggests that the situation does not involve aggression, but a revolt of Guatemalans against Guatemalans." The council took no action on Guatemala's request that it send a peace observation commission at once "to prove the connivance" of Honduras and Nicaragua. The Guatemalan delegate told the council his country had been invaded from Honduras Friday by mercenaries and bombed by P47 planes of North American manufacture, the latter coming from bases on Nicaragua and Honduras. He claimed to have documentary proof linking the leader of the invasion, Guatemalan exile Col. Carlos Castillo Armas, with Nicaragua and "the government of the North," an obvious reference to the United States. He accused the U.S. State Department of defaming his government with its charges that it is Communist-influenced and said American bans on arms shipments to his country had left it defenseless. He conceded that communists had "a certain support" in Guatemala but said even if it were outlawed "this campaign would find another pretext." He charged the invasion had been sparked by the fruit company because his government is expropriating large tracts of com-
