Guatemala Insurgents Use Bombing Planes In Revolt

By SAM SUMMERLIN
TEGUCIGALPA, Honduras (AP)—President Jacobo Arbenz Guzman of Guatemala's proclaimed martial law throughout his invaded country today as his Communist-backed government mobilized for a showdown battle with anti-2nd rebels.

Insurgent leaders claimed their forces were pushing ahead in a three-pronged drive aimed at key rail and road communications in the southern part of the country. The martial law decree was announced late last night after a government appeal for all private cars to be turned in for use in moving troops. Reports from Guatemala said the decisive phase of the battle for that neighboring Central American nation may come within 48 hours.

Associated Press Correspondent Jack Rutledge, in Guatemala City, quoted Guatemalan army officers as saying no field action had yet been fought. They added, however, that a battle could not be delayed much longer.

The U.S. Embassy in Guatemala City announced it is making plans to evacuate wives and children of U.S. citizens. With a wave of anti-U.S. feeling sweeping the city, the embassy reportedly feared violence might break out against North Americans. There are about 1,200 U.S. citizens in Guatemala.

Part of the rebel force was reported striking toward the Pan-American Highway, near the Salvadoran border. This is a two-headed drive from Nueva Ocotepique, Honduras, toward the town of Jutiapa.

Another invading column reportedly was moving in from Macuelizo, Honduras, about 20 miles west of Puerto Barrios, Guatemala's chief Caribbean port. The third was reported toward Zecapa, midway on the vital rail line between Puerto Barrios and Guatemala City.

Rebel sources said their planes also are dropping arms in western Guatemala, where uprisings against the government have been reported.

President Arbenz reportedly has taken personal charge of defense strategy. It was speculated the taking-over of private automobiles

could mean he plans to emulate the famous "taxicab army" which France rushed up to defend the Myster River during World War I. There was no immediate reaction to diplomatic developments at the United Nations and elsewhere on Guatemala's charge it is the victim of aggression.

At an extraordinary Sunday session, the U.N. Security Council unanimously called for a cease-fire in Guatemala. The resolution, proposed by France, also urged all U.N. members not to aid either side in the struggle.

The move came after the Soviet Union vetoed a U.S.-supported bid to turn the complaint over to the Organization of American States and demanded the council itself act on the case.

An American woman correspondent in the Guatemalan capital, broadcasting over the Columbia Broadcasting System, reported yesterday the Guatemalan army did not seem to be making any preparations to resist the invasion.

She said few troops were to be seen on the streets of the capital city. The correspondent, Flora Lewis, representing the London Daily Express in Guatemala City, Rebel headquarters here reported the capture of three towns near the Honduran border—Asquipulas, Jocotan and Quezatepeque. It also said insurgent forces had cut the vital railroad from Puerto Barrios to Guatemala City near Morales.

At the United Nations, Guatemalan representatives confirmed the fall of Morales and Asquipulas. They said the invaders also had taken the town of Bananera. All three were described as small towns close together, about 10 miles inside Guatemala.

A spokesman for Col. Carlos Castillo Armas, leader of the "liberation army," said here the drive toward the Pan-American Highway was aimed at Jutiapa, a town of 5,000, some 45 miles south of Guatemala City. It lies 20 miles north of the El Salvador border.

Other rebel units also were reported heading toward Acajutlan, a town of 3,000, 13 miles northeast of Jutiapa.

Reporting the dropping of supplies to insurgents inside Guatemala, the spokesman said small-scale uprisings had occurred at Tonicapan, Retalhuleu and Huehuetenango, towns north and west of Guatemala City, nearer the Mexican border.

Rebel headquarters claimed government soldiers "are deserting to our side" and declared the Arbenz government had no confidence in its army. Spokesmen gave no estimate on the number of deserters, however.

A spokesman said the rebel force consisted of 5,000 men, all Guatemalans.

The Arbenz government has

charged Castillo Armas, received aid from Nicaragua. It also has asserted the rebel force is composed of adventurers from other Central American nations, in addition to Guatemalan exiles.

The Guatemalan fighting sparked some anti-U.S. demonstrations in other Latin-American nations.

In Havana, police reported a group of Cuban Communists attacked the office of the United Press, throwing stones and other objects at the news agency quarters. Windows were broken but no one was injured. Police said they made some arrests.

Chilean students shouting pro-Guatemalan slogans burned the U.S. flag in downtown Santiago Saturday night. The demonstrators represented seven political parties, ranging from left-wing Socialists

to conservative Social Christians. In Buenos Aires, the pro-government newspaper Critica said Guatemala is "surrounded by enemies" giving help to "exiled Guatemalan revolutionaries." In the first Argentine newspaper comment on the

uprising, Critica said the Guatemalan government "clashed with the powerful interests of the United Fruit Co. and its subsidiaries" while fighting for national sovereignty.

Army Funds Bill Told

WASHINGTON (AP)—A House-Senate Conference Committee announced Monday it has agreed on an appropriation bill containing a \$487,071,300 for Army civil functions, mostly for navigation and river projects.

This represented a compromise between totals voted by the House and Senate. The house had approved \$430,963,700 and the senate hiked the total to \$484,095,500.

The total compares with President Eisenhower's budget recommendations of \$465,160,000.

Of the total \$438,379,100 is for planning, construction and operation of flood control and rivers and harbors projects by army engineers. The amount for construction is \$390,367,600.

The compromise now goes to both the house and the senate for consideration.

The compromise bill would provide construction and planning funds for these projects.

Construction funds:
Idaho: Albeni Falls Reservoir \$3,800,000; Lucky Peak Reservoir \$1,750,000.
Oregon: Lookout Point Reservoir \$3,000,000; McNary Lock and Dam \$24,000,000; The Dalles \$36,000,000; Willamette River bank protection \$30,000.
Washington: Chief Joseph Dam \$27,000,000.

Lower Columbia River fish sanctuary program: \$1,000,000.
Planning funds:
Idaho: Columbia River local protection, Idaho, Oregon, Washington, Wyoming, Utah, Nevada and Montana \$80,000.
Oregon: Hells Creek Reservoir \$125,000; Pendleton \$15,000.
Washington: Colfax \$10,000; Eagle Gorge Reservoir \$170,000.
