Man On Trial In Check Case

Robert R. Smith, accused of passing a bogus \$50 check at Crater Lake Cafe & Tavern in Fort Klamath, went on trial Friday in Circuit Judge David R. Vandenberg's court.

Interrogation of prospective witnesses by Defense Counsel George Proctor indicated he plans to attack the validity of the indictment returned against Smith by the Klamath County Grand Jury.

The complaint against Smith was made by Howard Olson, operator of the Fort Klamath Cafe and Tavern. He said he gave Smith \$34.85 in cash and marked a \$15.15 bill paid when the defendant allegedly gave him the bogus check.

The case is being prosecuted by District Attorney Frank Alderson and Deputy District Attorney Robert Kerr.

Senate Passes Service Funds

WASHINGTON (AP) — Senate passage sent to President Eisenhower Friday a \$28,800,125,480 compromise money bill to finance the Armed Services in the new fiscal year starting July 1.

The bill carries about 11 billion for the Air Force, 10 billion for the Navy, and 7 1/2 billion for the Army which was required to absorb almost all of the 5 1/2 billion cut under last year's allotments.

The Senate acted by voice vote. The bill carries about 11 billion for the Air Force, 10 billion for the Navy, and 7 1/2 billion for the Army which was required to absorb almost all of the 5 1/2 billion cut under last year's allotments.

The total in the measure is about one billion less than the President asked for next year's defense budget.

In general the new bill carries out the administration's "New Look" military policy, of emphasis upon air power and the new weapons with a cutback in other forces for an expected "long pull" against Communist forces led by Soviet Russia.

The bill provides that distribution of funds will start within a year after the roll is approved.

The money was awarded the Alaska and other Oregon tribes in a Court of Appeals decision, April 3, 1950. The other tribes include the Umpqua and Calapooya of Umpqua Valley, the Tillamook, Coquille, Tootenoway, Checo and Molalla tribes.

Indian Pay Bill Approved

WASHINGTON (AP) — A bill setting up a method for payment of more than \$1,640,000 to certain Western Oregon Indians won approval of the House Interior Committee Thursday.

The bill, sponsored by Rep. Ellis-Anderson (R-Ore.), authorizes the secretary of Interior to establish tribal rolls of the Indians to share in the payments. Because difficulties are expected in determining eligibility, no deadline is set for completion of the rolls.

Use Of Drugs Warning Told

SAN FRANCISCO (AP) — Doctors and others who give pain relieving drugs may do great harm to severely injured patients if through their humane instincts they give larger doses than needed, an Army doctor reported Friday.

The critically injured may need smaller doses than persons with less serious hurts, Col. Harvey C. Blouman, of Walter Reed Army Hospital, Washington, D. C., told the American Medical Association.

Drugs which depress the patient, such as morphine and the barbiturates, may affect the breathing, blood circulation and nervous system enough to cause death to the patient in critical condition, Blouman said.

Kefauver Urges Investigation

WASHINGTON (AP) — Sen. Kefauver (D-Tenn.), head of the special Senate Committee which conducted a spectacular inquiry into organized crime three years ago, said Friday "a lot of things" remain to be investigated — in particular, the harness race scandal in New York.

The Tennessee senator also said that in his bid to retain his Senate seat this year he doesn't think it would hurt to have Sen. McCarthy (R-Wis.) campaign against him.

Kefauver was an unsuccessful contender for the Democratic presidential nomination in 1952. But all he's thinking about now, he said in a filmed TV interview with Columbia News Service, is to get re-elected to the U. S. Senate.

Kefauver said there's no way for him to start another crime probe now because Republicans are in control of the Senate and hold the committee chairmanships. However "there are a lot of things that should be investigated," he said.
