

**Forest News Award Given**

The Sierra-Cascade Forest News Award will hereafter be an annual project, according to directors of the Sierra-Cascade Logging Conference.

At a recent meeting of the board it was unanimously decided to establish the award on a continuing basis for excellence in reporting

news of the forest products industry during each calendar year.

Newspaper personnel eligible to participate in the contest will be judged on the basis of accuracy and journalistic merit, include those working on all California papers; Oregon newspapers in Sierra-Cascade areas and Nevada

papers in the Sierra-Cascade area. Three prizes will be awarded annually, the first prize consisting of \$200 and a plaque, second, \$150 and plaque and third, \$50 and plaque.

Last year's winner was George Brand of the Redding Record-Searchlight; second place, David Periman, San Francisco Chronicle and Maxwell Thayer, The Times, Rogue River, Oregon, third.

**Air Force Plans Language Course**

WIESBADEN, Germany (AP) — Most U.S. Air Force officers and enlisted personnel in Germany, France, Italy and North Africa will have to start compulsory foreign language courses next month.

Air Force headquarters here said they would be required to take a

20-hour course in the language of the country in which they are stationed.

The compulsory courses began two weeks ago for key supervisory personnel. Others will start during the latter part of July, the Air Force said. With the exception of

those already familiar with the language, those taking voluntary courses and those returning to the United States within six months.

The instruction was ordered by Lt. Gen. William H. Tunner, commander of the U.S. Air Force in Europe.

He said the language courses were ordered to "break down the barriers between people."
