"DENNIS THE MENACE"

"I DUG IT ALL BY MYSELF, MOM!"

Total Eclipse Of Sun May Be Seen In Midwest; West Out Of Path Of Spectacle

By ALTON L. BLAKESLEE
 NEW YORK (AP)—A dragon awakes the sun tomorrow morning. This at least was one ancient superstitious explanation of what millions of Americans should be able to see soon after dawn—a total eclipse of the sun or good portion of it.

The great celestial show, practically the last one this century for many Americans, will be reserved for early risers.

The full blackout, or total eclipse, will be viewed only by persons in a belt 68 to 96 miles wide from Holt County, Neb., and extending through South Dakota, Minnesota, Wisconsin and Michigan, in the United States, Minneapolis and St. Paul are the only major cities in the path.

But other millions should catch a good portion of it if the weather is kind—a 74 per cent bite out of the sun in New York, about 85 per cent in Chicago, 82 in St. Louis, 91 in Denver, 71 in Atlanta, 75 in Washington and 66 per cent in Tal-

lahassee, Fla. Far Westerners will miss out entirely.

The total eclipse begins at 6:07 a.m. (EST) near O'Neill, Neb., and then the shadow of the moon will race across the earth at a speed of 3,000 miles per hour. It will dart through Canada, Labrador, the tip of Greenland, Norway, Sweden, Russia and Pakistan, with a black sun setting in India 2 1/2 hours later.

At Minneapolis, the sun will rise with the moon already taking a piece out of the sun, and the total eclipse will occur there about 30 seconds after it begins in Nebraska. Totality at the Twin Cities will last about 75 seconds.

Mid-eclipse for New Yorkers will occur at 6 a.m. EST with the partial disappearance of the sun actually beginning nearly an hour earlier, and the last remnant of the eclipse finished about 7 a.m. EST.

A stern warning comes from medical experts and astronomers: not to look at the eclipse through ordinary sun glasses, at the risk of serious eye damage. You must use heavily smoked glass, welder's glasses, or strongly exposed photographic film. Be careful especially of children's eyes.

TV will cover the show. NBC and CBS are sharing facilities to telecast from Minneapolis, Chicago and New York on the NBC show "Today" and CBS' "Morning Show." Repeat showings on film are scheduled later in the day.

Hundreds of astronomers will work from dozens of sites over the world, and from airplanes flying in the path of totality. Astronomers will concentrate on

Bicycle: Judith Evans, first, fishing box, Hal's Sport Shop and Bell's Hardware; Linda Huston, second, flashlight, Bell's; Pat Anderson, third, sunglasses, Standard Optical Co.

Traffic Fine Faces Motorist

CHICAGO (AP)—Somebody tagged a parking ticket on Mayor Martin Kennedy's car, and a judge threatened motorist Jack Keisman with a \$100 fine if it turns out he did it.

Policeman Edward Maher testified in Traffic Court yesterday a ticket he put on Keisman's auto Jan. 22 later turned up on the windshield of the mayor's limousine. Maher said the mayor's police chauffeur told him he saw a man make the switch on the street outside City Hall. Keisman was charged with failing to pay the parking fine or answer a court summons.

But Keisman, 35, a clothing manufacturer, said he never saw the ticket and did not make the switch.

Judge Joseph J. Butler, who continued the case to July 28, said if Keisman is guilty "I will fine him \$100. It shows disrespect for the law."

Close Race In Maryland Vote

BALTIMORE (AP)—Dr. Harry Clifford Byrd apparently won the Democratic nomination for governor early today by picking up Talbot County's four unit votes.

This gave the former University of Maryland president 77 unit vote the number necessary for nomination under Maryland's county unit system, similar to the electoral college in presidential elections.

George P. Mahoney, Baltimore paving contractor, had 68, with seven still in doubt.

The race was so close in several counties that only the official canvass can determine the winner for certain.

It also was likely there would be a demand for recounts.

The popular vote, which governs only if the unit count ends in a 76-76 tie, stood at 155,432 for Byrd and 152,937 for Mahoney with 1,290 of the state's 1,338 polling places reported.

Dr. Byrd was running for his first elective office after 18 years as president of the university.

The battle for the Democratic nomination overshadowed all other counting of the Maryland primary, which saw Republican Theodore R. McKeldin easily turn back three challengers in his bid for renomination by the Republicans.

In the three congressional contests involving incumbents, Republicans Edward T. Miller and Frank Small Jr. and Democrat Samuel N. Fritel were easily renominated. The other four sitting congressmen had no primary opposition.

Close Race In Maryland Vote

The blast shattered the car's front end and windows in a nearby home, dug a deep hole in the ground and buried part of the motorist and hood 25 feet. Officers said they didn't know who did it.

Neither did Mrs. Key's 17-year-old son Jibe, who said he slept through it all in the back seat.

Dynamite Blows Up Automobile

WASHINGTON, N. C. (AP)—Officers said it must have taken ten sticks of dynamite planted under the hood of Mrs. Susie Key's automobile to have done all the damage yesterday.

The blast shattered the car's front end and windows in a nearby home, dug a deep hole in the ground and buried part of the motorist and hood 25 feet. Officers said they didn't know who did it.

Neither did Mrs. Key's 17-year-old son Jibe, who said he slept through it all in the back seat.

Koreans Seize Japanese Boats

TOKYO (AP)—More than 150 Japanese fishing boats are stalled in south Japan harbors at the height of the mackerel season because of fear of being seized by South Korean patrol boats.

Dozens of Japanese fishing boats have been confiscated by Korean patrols since last September. The crews were released.

July 4 Traffic Jam Predicted

CHICAGO (AP)—The National Safety Council predicted today that the coming weekend will produce the worst July 4 traffic jam in history and said 430 persons may not escape it alive.

The three-day holiday weekend is expected to attract more than 40 million cars to the highways.

"More travel does not have to mean more accidents if every driver uses more caution," Ned H. Dearborn, council president, said.

"Let's make this holiday a reckless one, not a reckless one."

Youth Drowns In Home Bathtub

COVINGTON, Va. (AP)—John M. Nester Jr., 17, of South Covington, drowned in a bathtub at his home here yesterday.

Members of the local first aid crew, who tried without success to revive the youth, said he apparently fell into the water-filled tub after becoming ill and was unable to pull himself out. His mother found him dead when she returned from a shopping trip.
