

Actress Faces Hit, Run Trial

BEVERLY HILLS, Calif. (AP) — Trial of actress Marie McDonald on misdemeanor charges of hit-and-run driving while under the influence of a drug has been set for Oct. 4.

Through her attorney, Miss McDonald, 30, pleaded innocent yesterday and requested the jury trial, which was granted by Municipal Judge Henry Draeger.

The attorney, G. Bentley Ryan, introduced an affidavit from the shapely actress' physician that said: "She has been ill for a number of years, suffering from an active duodenal ulcer and a neuro-muscular condition."

Miss McDonald was arrested June 21 after an auto accident. She told police she had taken two morphine and four aspirin tablets which her physician had prescribed.

STOCKS

WALL STREET
 NEW YORK (AP)—The stock market declined Wednesday after an early show of strength petered out. Losses ranged to a point or two but the great majority were fractional.

Trading was markedly slower than Tuesday. Volume for the day was around 1,900,000 shares, compared with the 2,580,000 shares which changed hands Tuesday.

Water Survey Session Ended

PORTLAND (AP)—A Hoover Commission task force completed a nationwide survey of water and power resources with a two-day session which ended here Tuesday.

The 47 speakers who appeared at the Portland session offered varied views on how the region's water resources could best be developed.

Among proposals advanced Tuesday was a public corporation, financing its operations through bond issues, to replace the Bonneville Power Administration. This was the suggestion of Gus Norwood, executive secretary of the Northwest Public Power Assn., which represents 100 publicly owned electric systems.

He would have Congress authorize specific projects recommended by the corporation, then the corporation would undertake construction with financing bonds guaranteed by the federal government.

Social Security Expansion Urged

WASHINGTON (AP)—The Congress of Industrial Organizations (CIO) urged the Senate Wednesday to go further than the House in expanding social security coverage.

Joseph Childs, speaking for the CIO, asked the Senate Finance Committee in prepared testimony to boost the ceiling on earnings taxes to \$8,000 a year, instead of the \$4,200 voted by the House and the present \$3,600. The current tax rate, levied on both workers and employers, is 2 per cent.

Childs, a vice president of the CIO United Rubber Workers, also urged:

1. Inclusion of physicians and migrant farm workers in the social security system.
2. Enactment of a long-term disability insurance program so that pension rights of disabled workers are not frozen until they reach the present minimum age of 65.

CHICAGO GRAIN

CHICAGO (AP)—Wheat formed in active dealings on the board of trade Wednesday, helped by additional advances in cash wheat and a better inquiry for flour.

Feed grains did not do much, although maintaining a steady tone. The Foreign Operations Administration granted Great Britain seven million dollars to buy American corn.

Soybeans weakened at the start on fears of substantial deliveries of cash beans on July futures Thursday. Later, they worked higher but had difficulty getting back to previous closing levels.

Wheat closed 1 1/4-1 1/2 higher, July 1.94 1/2-1 1/2, higher, July 1.94 1/2-1 1/2, lower, July 72 1/2, rye 1 1/2-1 1/2, July 99-98 1/2, soybeans 1 to 2 cents lower, July 3.66-3.67 and lard 12 cents lower to 12 cents a hundred pounds higher, July 15.00.

HOW TO BLEACH PROPERLY IN YOUR AUTOMATIC WASHER

Get the whiteness you want every time this easier way

Best results in any type of washer depend on an adequate amount of good bleach added to your detergent and hot water—especially gentle-action PUREX. This is the way to get white, WHITE clothes, sweet-smelling and clean!

But the proper amount depends on the water capacity of your machine. For white, fluffy, sanitized clothes simply use one cup of wonderful PUREX Liquid Laundry Bleach per washing machine load (16 gallons).

No chlorine bleach, of course, should be poured directly on clothes. Best method is to add it to the water first. If clothes are put into the machine first, dilute PUREX in a quart of water before adding.

Do this every single washing and your clothes will never accumulate "detergent gray." Insist on PUREX—safe because it's pure!

Former Tax Collector Found Guilty

NEW YORK (AP)—Joseph D. Nunan Jr., once the nation's top tax collector, has been found guilty of income tax evasion.

A Brooklyn federal court jury convicted the former commissioner of internal revenue yesterday on all five counts of an indictment charging him with evading payment of \$91,086 for the years 1946 through 1950.

The 55-year-old Nunan faces a possible total sentence of 25 years in jail and a \$50,000 fine. He was continued in \$1,500 bail pending sentencing July 22.

Federal Judge Walter Bruchhausen told the jury of seven women and five men the verdict was "justified by the evidence."

Nunan, an appointee of the late President Franklin D. Roosevelt, served as the nation's No. 1 tax collector from 1944 to 1947, when he resigned to return to the private practice of law.

The indictment charged him with reporting income of \$416,144 for 1946-1950, when it actually was \$543,396. He thus paid taxes of \$200,437, when he should have paid \$291,523, the government said.

The defense contended the money on which he was accused of failing to pay taxes was inherited by his wife and was not subject to tax.

Nunan claimed he withdrew his assets of \$170,000 from the bank in 1933 and kept the money in a tin box, banking it again in 1940.

Testifying in his own behalf in the trial, he said he became tax collector for the Brooklyn district "through the fortunes of politics."

"As collector I was primarily an administrator, not particularly an expert on tax laws," he said. "Washington liked the way I ran my office and made me U. S. commissioner."

The 16-day trial was highlighted by the testimony of gambler Frank Erickson and James P. Finnegan, former tax collector at St. Louis and a pal of former President Harry S. Truman. Finnegan is now serving a sentence for misconduct in office.

Erickson testified he lost a \$1,800 bet to Nunan that Truman would not be re-elected President in 1948. He said he gave Nunan, who was backing Truman, odds of 9 to 1.

Nunan claimed he did not report the winning on his tax return because other gambling losses during the year balanced it off.

Finnegan, who testified Nunan once gave him \$1,000 in cash for a new station wagon and paid the balance of \$408.23 by check, said of himself and Nunan, "We were close friends."

Nunan was indicted on the tax evasion charge Dec. 2, 1952, and a week later pleaded not guilty. The indictment stemmed from an investigation by a special federal grand jury.

A charge of perjury, which resulted from the grand jury inquiry, is still pending against Nunan.

Small Girl Dies In Fire

BREMERTON, Wash. (AP)—A 6-year-old girl perished early Wednesday in a resident fire from which a quick-acting neighbor barely saved three other children.

The victim was Jackie Van Ruth, daughter of Mr. and Mrs. Donald Van Ruth.

The fire struck at about 1 a.m. a few minutes after Van Ruth had left the house to pick up his wife at the restaurant where she worked.

The fire destroyed the four-bedroom home at Rocky Point, just outside the city.

Four other children, including 2-year-old twins, were in the house at the time.

Joe Stoner, a neighbor, rescued three of them by dashing into the house for one and smashing a ground floor window to rescue the twins, Joe and John.

The Stoners said they saw flames licking from the house shortly after an explosion attracted their attention.

Jimmy, 7, and Judy, 4, had reached safety when Stoner arrived, but Judy rushed back into the house in apparent effort to reach her sister. Stoner caught her in the hallway and dashed out with her. Flames blocked his attempt to reach the other girl in an upstairs bedroom.

None of the four surviving children was injured.

The father is a construction worker for a Bremerton building firm.
