Today's Women

By DOROTHY ROE
AP Women's Editor

Any woman who allows herself to look old at 55 is merely a dope, says Lilly Dache, a high priestess of glamor.

"Every woman can be young, vital, attractive at any age," insists this French dynamo. "All she has to do is work at it. Nobody needs to have gray hair or wrinkles any more. Such things are merely a sign of laziness."

The volatile Lilly sat on the lawn of her country home at Pound Ridge, N.Y., managing to look glamorous in a pair of blue jeans and an old T-shirt. The noted milliner—who started her New York career 25 years ago as a salesgirl at Macy's, after arriving from her native France with \$13—has just been named president of three corporations devoted to the cause of feminine beauty: one making cosmetics, another, perfumes, the third hair cosmetics. She directs these with one hand while designing hats with the other.

Miss Dache, who is Mrs. Jean Despres in private life, has been studying the astonishing vitality of the queen bee, who lives 60 times longer than the humble worker bee, and who is fed on a diet of "royal jelly." Lilly recently brought back a commercial cosmetic containing the "royal jelly" ingredient. Says she:

"I don't mean that women will live 60 times longer than men if they use this cream on their faces. But perhaps they can look 60 times as young, and that would be better. This ingredient has been tested in France for several years. It costs \$2,000 a pound, and has been found to contain all the known vitamins and a number which haven't even been named yet."

At a time when most women would be thinking of nothing more strenuous than competitions of the local garden club, Lilly is starting a new career.

"Always I have wanted to design the whole woman," she says. "A woman can wear a beautiful hat and a stunning gown, but if her face is tired and her hair is faded, what good does it do?"

"The inner spark of beauty and vitality must be there, or all the beautiful clothes are wasted. So now I am starting with the woman herself. I want to show her how to keep her face fresh and glowing, her hair beautiful and shining, her body young and lithe. Then she is ready for the outer glamor—the hat to call attention to her face, the gown to dramatize the best points of her figure. And as a final touch, of course, she must be surrounded by fragrance. That is the complete picture of the modern woman, whose duty is to be as beautiful as she can. And she can."

Monday, June 28, where he had his tonsils removed.

Mr. and Mrs. Guy Foster transacted business in Lakeview Wednesday.

Mr. and Mrs. Lyle McGrady and two children from Springfield, were guests of Mr. and Mrs. Hugo Leyva Friday. Lyle worked for the state game commission before enlisting in the Navy. He has been re-employed by the commission and will move here.

Mr. and Mrs. E. M. Carlson were weekend visitors in Lakeview. Carlson is a member of the Daily Fund board who were in session Saturday.

Local Girl Weds Watsonville Man In Old St. Mary's Catholic Church

In embroidered white imported Swiss organdy with bouffant ballerina length skirt, fitted bodice and short sleeves, Mary Virginia Corrigan became the bride of Richard Carvel Solari. She was attended by the bridegroom's sister, Joan Solari, who wore pale pink organdy embroidered in white, also ballerina length, with eyelet trim on the skirt. Her colonial bouquet was of pink carnations and red garnet roses.

Joseph J. Solari served his brother as best man; and Louis Corrigan, brother of the bride, ushered with Emery Adoradio, San Jose.

Mrs. Alene Solari, mother of the bridegroom from Watsonville, wore a navy blue silk ensemble with matching accessories; and Mrs. Corrigan wore a navy blue silk shantung, pink hat and navy accessories.

The bride was given in marriage by her father.
