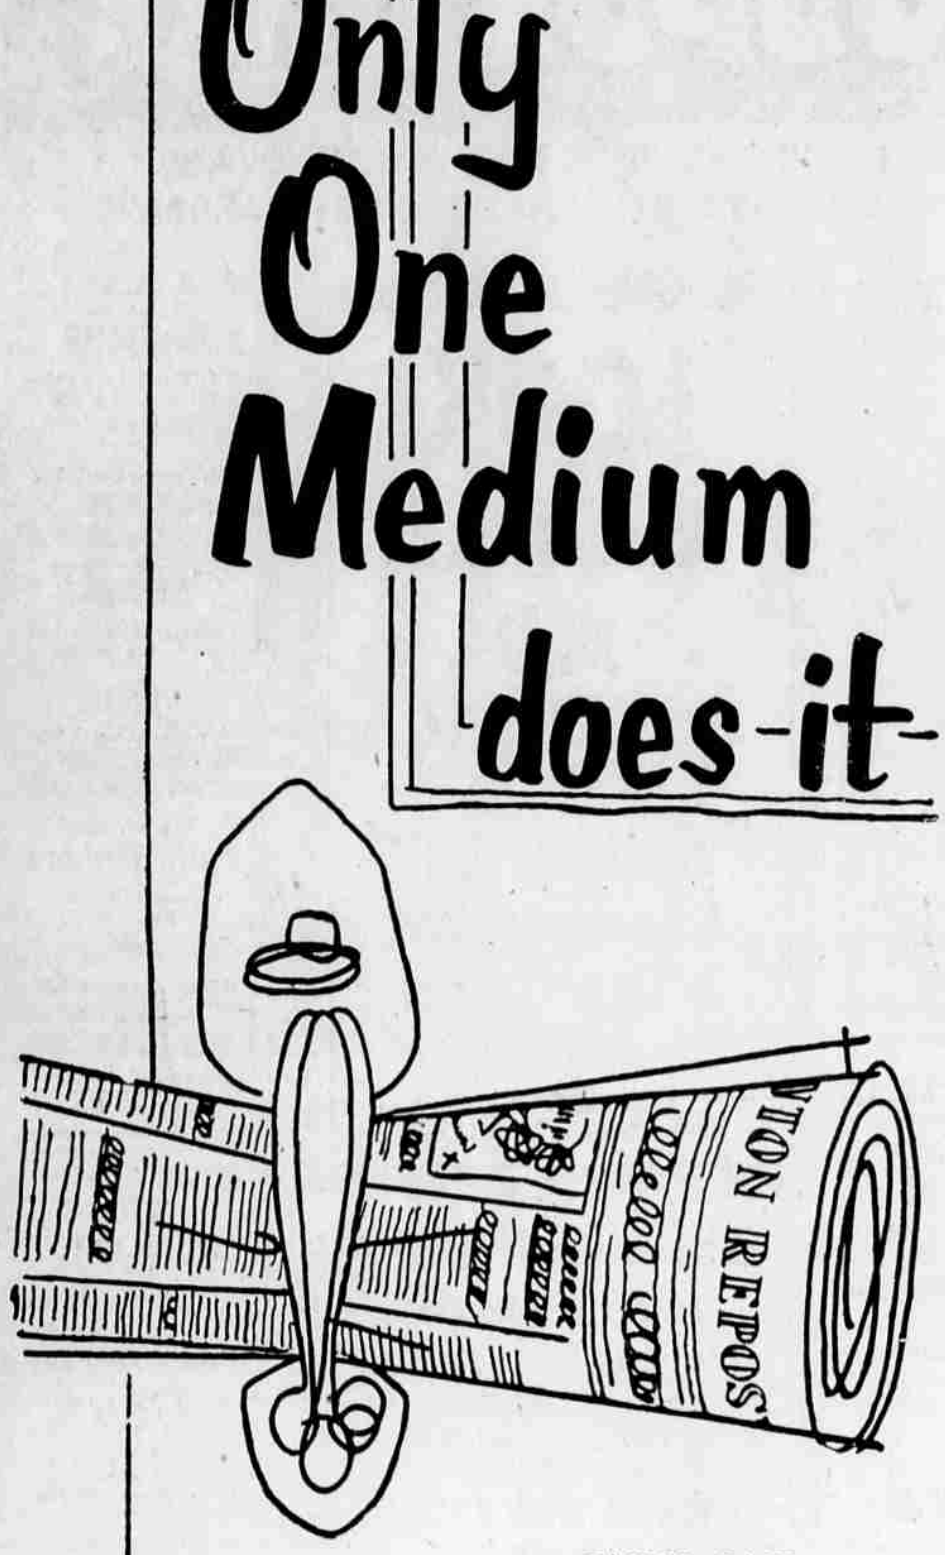
Only One Medium does it



ONLY ONE MEDIUM MEETS ALL OF YOUR BASIC ADVERTISING MUSTS

THAT'S THE NEWSPAPER!

We're likely to forget this sometimes because we take our daily newspaper too much for granted . . . the way we do the water in the tap, the car in the garage, or gasoline at the corner pump. It's pretty hard to imagine what life would be like without cars . . . OR WITHOUT OUR NEWSPAPERS. And yet, most of us continue to take the newspaper for granted. The Herald and News is your major link with the news of the community and the world. It provides a medium of entertainment and knowledge that would be sorely missed if discontinued . . . and . . . it is the most potent, down-to-earth local selling force available to the advertiser of goods and services. It is the advertisers local link with the buyer at the level where goods must be sold. It is the one medium that does not have to compete with others for attention.

FHA Reports On Fiscal Year Loans

K. W. Sawyer, state director of the Farmers Home Administration, Portland, released figures this week indicating that loan authorizations for the fiscal year 1945-55 will be about the same as for the past fiscal year.

Funds allotted for Oregon are as follows:

Farm ownership and development loans $236,486; Water facility loans $300,000, and production or operating loans $1,500,000.

The authorization for water facility loans $300,000, and production year, and operating loans are $90,000 less.

Farm families in Klamath and Lake counties have made good use of Farmers Home Administration credit and services this past year and have stepped up the efficiency of their farm operations, Sawyer stated. A total of $152,490 has been loaned in the two counties for equipment, livestock, fertilizer and seed.

A large proportion of the money loaned during the past twelve months has been to veterans and other young farmers who are establishing better farm set-ups. Their greatest need was for adequate credit and help in developing sound systems of farming.

During the past several years an additional $71,610 has been loaned under water facility authorization for such purposes as land leveling and installation or repair of irrigation systems for better land and water usage.

No loans can be made by the FHA to farmers who can secure the financing they need from other credit sources, Sawyer concluded.

The county office for Klamath and Lake counties is located in the postoffice building in Klamath Falls.

Mother To Testify At Inquest

CHICAGO (AP) — The mother of Montgomery Ward Thorne will be recalled at his inquest to testify about her whereabouts on the day his body was found.

This was announced by Coroner Walter McCarronn yesterday.

Meanwhile, stained bedding and other articles found in Thorne's room after his mysterious death June 19 were turned over to a team of four pathologists for examination and analysis.

Two housemaids, Elizabeth Lawton and Sheila de Leon, testified at the inquest that Mrs. Thorne went to nearby Lake Geneva, Wis., to attend a dog show at about noon on the day Thorne's body was found.

They said she returned when they notified her by telephone of her son's death.

The body of 20-year-old Thorne was found in his $75-a-month room about noon and doctors estimated he had died about 5 a.m.

Nine days before his death, Thorne, heir to a mail order fortune, revised his will leaving three fourths of his estate to his sweetheart, Maureen Ragen, 18, and her mother Aleen.

His mother, who was sole beneficiary under an earlier will, was given only a one-eighth share.

The articles the pathologists will examine include a bed sheet, mattress pad, a handkerchief, a wad of cotton, part of a cigarette and a portion of what appeared to be a pill.

One of the pathologists, Dr. Otto Saphir, said the articles "may be very valuable evidence" in helping determine the cause of Thorne's death.

The inquest was continued to July 26.

MALIN NETTED GEMS

The fourth, fifth, and sixth meetings of the Malin Netted Gems were held at the following places.

The fourth meeting at Bill Lowders, June 1, where we discussed the reason why we should cultivate. After the meeting Mr. Lowder served refreshments.

The fifth meeting was held at the Willard Hotel, June 8. There we met our sponsors for the rest of the year. Later in the evening we ate with them and they looked at our record books. After the dinner some prizes were given away and some speakers talked. The sixth meeting was at Mr. Elmont Kenyon's. There we discussed irrigation and types of irrigation. After the meeting refreshments were served by Mr. Kenyon.

Radar Legality To Be Tested

SPOKANE (AP) — A Spokane motorist plans a State Supreme Court test of the legality of the State Patrol's use of radar in the arrest of highway speeders.

Theodore Ryan was convicted in Justice Court on radar evidence of speeding 56 miles an hour in a 35-mile zone. He appealed but Superior Judge Louis Bunge upheld the conviction, ruling, in effect, radar is accurate and can be admitted as evidence in court.

Gates' attorney, John Champagne, said Monday Gates will carry the case to the Supreme Court, contending the state speed trap law is violated by using radar.

The appeal also will challenge legality of the law creating the State Patrol, Champagne said, on grounds it gives to appointive officers the duties and authorities of elected sheriffs.
