

INDOCHINA PARTITION is shown in this map. The French are to retain control of Laos and Cambodia and Viet Nam south of the 17th parallel. The shaded area shows the rich Red River delta area with the city of Hanoi which was lost to the reds after almost eight years of savage warfare. The cities of Hue and Tourane on the coast are retained by the French.

GOP Leaders See Victory For Big Tax Revision Law

WASHINGTON (AP) — Republican leaders today predicted final congressional approval, possibly next week, for the biggest tax overhaul program in 75 years.

A House-Senate conference committee late yesterday agreed on a compromise version of the bill to cut taxes next year for millions of individuals and many business firms a total of about \$1,363,000,000.

President Eisenhower has hailed the plan as the cornerstone of his entire domestic program, predicting it would encourage business growth, remove scores of inequities and lead to more and better jobs.

But Sen. Douglas (D-Ill) served notice today he would renew, when the measure returns to the Senate for final action, a running fight many Democrats have waged

Low Water Hurts Fish

Over 32,000 young steelhead have a new lease on life, thanks to the efforts of Wayne Huff, game commission conservation aide in north-eastern Oregon.

Low water in the Umatilla river had threatened to strand many downstream migrating steelhead when Huff was assigned to the task of trapping them and hauling them to the Columbia. A small pickup size fish liberation tank truck was used, and the fish were hauled approximately 15 miles from the trap on the Umatilla river to the Columbia.

Since a regular work day did not contain enough hours to do all the hauling necessary, Huff spent many extra hours shepherding the fish and often did not finish until after dark.

The total of 33,648 young steelhead from 5 to 8 inches in length surpasses any previous number salvaged on this operation. In addition, 327 spawned out adult fish were transported to the Columbia and released.

Demos Plan Fund Raising Campaign

WASHINGTON (AP) — Democratic women all over the country with hatbox in hand will ring doorbells on Democratic Women's Day, Sept. 22, in a fund raising campaign for Democratic candidates in the November election.

Mrs. Katie Louchheim, director of women's activities of the Democratic National Committee, announcing the drive yesterday, said it will have as its slogan "Drop a dollar in the hat — help elect a Democrat."

a House-approved plan to cut taxes about 147 million dollars a year on income earned by corporations on their operations abroad. The committee also struck out an amendment by Sen. McCarran (D-Nev) which would have eliminated the tax exemption granted to charitable or educational founda-

tions if they made any grants argued this could wreck their operations. The committee also knocked out an amendment by Sen. Humphrey (D-Minn) which would have let farmers deduct for tax purposes the cost of grain storage facilities over the next two years.

New Autobahn System Slated

BONN, Germany (AP) — Busting West Germany is preparing to complete a job Hitler left unfinished 13 years ago. It will finish the famed autobahn — superhighway — network in a seven-year construction program costing \$304,640,000.

New York Plans Driving School

NEW YORK (AP) — From now on, the city's problem drivers are going to get "the works" the scientific way.

Chief Magistrate John M. Murtagh said yesterday that all persistent traffic violators will be given a choice — six sessions of a night driving school and a sentence based on their performance there — or a heavy sentence on the spot.

Murtagh said the new school, scheduled to open Oct. 1, will give the drivers "everything," including psychiatric examinations, driving lessons and safety lectures.

The problem drivers, Murtagh explained, are "the ones who keep having accidents, who are chronic speeders, who keep running through red lights."

Hitler started the road-building project in 1933 as a military invasion route to Poland, Austria and France. He built 2,100 miles of autobahns. West Germany inherited 1,450 miles. Now in an effort to spur trade and travel, it will extend the system to Swiss and Belgian frontiers, and fill gaps in the route linking the North Sea with the Alps.

Seven main stretches totaling 365 miles will be built. Construction will be financed in part by heavier taxes on large trucks and on gasoline and diesel oil.

The autobahns are Europe's finest roads. A 14-foot strip of grass separates the double lanes. There are no telephone or telegraph lines or billboards. The autobahns bypass cities. There are no intersections and no speed limits except those established by the military for occupation personnel.
