

CHINESE REJECT U. S. PROTEST

In The Day's News

By FRANK JENKINS

The Washington scene: Senator Flinders of Vermont wants a senate resolution CENSURING Senator McCarthy. The Washington correspondents are all FOR his idea, for it would start a first class fight and the Washington correspondents LOVE fights. They make headlines, and the Washington reporters live by headlines.

Senator Alexander Smith of New Jersey, wiser and more tolerant, suggests a committee of six senators to investigate and report on the "alleged good or evil of so-called McCarthyism." By the time they turned in their report, the six senators would be all cooled off.

Senator Smith, you see, is the occasional individual who would rather STOP A FIGHT than to start one. I personally just happen to believe that more good can be accomplished in the modern world by STOPPING fights than by starting them.

Continuing the Washington scene, Senator Mike Mansfield of Montana wants a provision written into the foreign aid bill to stop ALL military and economic aid to foreign countries next June 30.

What a minute. Let's keep our shirts on. By next June, we might want to demonstrate in the Philippines that America ISN'T a colonial imperialist country, that it gave the Philippines back to the Filipinos, that it is helping the Filipinos to HELP THEMSELVES. In that way, we might help the Filipinos to prove that AMERICANISM IS BETTER THAN COMMUNISM.

If that should happen, the Asians might turn in an FIGHT COMMUNISM themselves. That, if it happened, would be wonderful. At any rate, let's keep ourselves in a position to give it a trial.

You've heard of course of this Frenchman Christian Dior, who invented the fashion phrase "the New Look" and got himself a squillion dollars worth of free advertising which he has used quite shrewdly for his own benefit. The teletype says this morning he has issued a new ukase: "Drop the waistline to the hips and DE-EMPHASIZE the bustline."

The fashion reporters say he is going back to the vogue of the 20's. A mere man would say that what he's seeking to achieve is the GUNNYSACK LOOK.

There's a prevailing fashion theory to the effect that if you stand still in one place LONG ENOUGH all the fashions in women's dress since time began will go past you. Or—

Putting it another way— If you hang 'em in the closet when they go out of style and keep 'em there long enough the time will come when they'll be high style again.

If that theory is sound, and if you could stand still in one place long enough, I suppose that eventually you'd have to stand there and WATCH THE BUSTLE AND MOTHER HUBBARD GO BY.

As LI'l Abner says: SHUDDER!!!!!!

If you believe the archeologists, the theory IS sound. They point out that in the island of Crete beautifully carved ivory statuettes have been found which prove that as early as 3000 years BC Cretan women were WEARING BUSTLES. They were also wearing corsets. And ivory receptacles that apparently couldn't have been used for anything but lipstick and rouge and such have been dug up in the same places.

I've read nowhere, however, an account of statuettes proving that in the days of the early Cretan civilization women wore Mother Hubbards.

The Mother Hubbard was a relatively modern crime.

One thought in closing: This early Cretan civilization, one of the most wonderful in human history, was made possible by the fact that FOR A THOUSAND YEARS, immune from invasion by reason of the surrounding seas, THE CRETANS REMAINED AT PEACE.

Isolationism was a wonderful thing in the period of the world when it was possible.

Weather

Ike To Speak To Church Meeting

WASHINGTON (AP) — President Eisenhower Thursday accepted an invitation to address a meeting of the World Council of Churches at Northwestern University in Evanston, Ill., Aug. 19. He also will receive an honorary doctor of laws degree from the school.

McCarthy Censure To Be Debated

WASHINGTON (AP) — Sen. Knowland of California, the Republican leader, said Thursday he will allow "a full dress debate" on proposals that the Senate censure or investigate Sen. McCarthy (R-Wis). It is to begin Friday and Knowland said it may also occupy Saturday and Monday sessions.

Knowland also told reporters he had nothing to do with a move by Sen. H. Alexander Smith (R-N.J.) to push aside a motion of censure of McCarthy being pressed by Sen. Flinders (R-Vt.).

Smith proposed that instead a committee of six senators, with Vice President Nixon acting as chairman be named to investigate and report next Feb. 1 on "the alleged good or evil of so-called McCarthyism."

Knowland said: "It was his (Smith's) own idea. No party policy is involved in that."

Smith introduced a resolution for appointment of a committee of three Republicans and three Democrats. He told the Senate he would seek to substitute it for the Flinders censure resolution.

Knowland's decision to permit a full debate meant he was abandoning his previously announced plan for a quick motion to table the Flinders resolution. A motion to table is not debatable.

Knowland said "I have no intention of moving to table" the Flinders motion before Flinders can speak on it, and "I have no intention of letting Sen. Flinders air his views and then move to table."

The result, he said, should be "rather a full discussion."

Knowland said the debate probably "will tie up the legislative program" but if that's what senators want, he will allow it.

In the Senate earlier, Knowland had suggested that the Senate should meet early Friday because of the possibility of "several days of debate" on the Flinders resolution.

WASHINGTON (AP) — Sen. Cordon (R-Ore) has criticized as "another adventure in futility" a proposal to earmark proceeds from the sale of government-owned atomic energy for education.

The proposal, offered by Sen. Fulbright (D-Ark.), was defeated 59-25 during the course of the Senate's 12-day debate on the atomic bill.

Important Parts Of Ike's Program Still Not Passed

WASHINGTON (AP) — Sen. McCarran (D-Nev) said today Atty. Gen. Brownell has injected politics into national security and that this accounts in part for a lack of action on the administration's anti-subversive bills.

Most if not all of the other major parts of the administration program, leaders of both parties agreed, seem likely to pass some form.

McCarran also antisubversive: Department "have loosely drawn that they are a former chairman of the Senate Judiciary Committee and its Red-hunting Internal Security subcommittee.

President Eisenhower yesterday urged passage of the anti-Communist measures before Congress adjourns, listing them along with farm, tax revision, social security, foreign aid and housing measures.

Adjournment Move Blocked

WASHINGTON (AP) — The House Thursday defeated a resolution calling for final adjournment of Congress on Saturday.

The action left the way open for House consideration Aug. 9 of a bill to raise the pay of postal workers.

The roll call vote against the resolution was 193-183, with Democrats almost solidly opposing it.

Republican Leader Halleck of Indiana offered the resolution, with the general understanding that the Senate, not yet ready to quit, would change the date to Aug. 7, or later.

The House is all but ready to adjourn. It expects to finish its normal business Friday and start a series of recesses next week while waiting for the Senate.

The July 31 date was defeated after assistant Democratic leader McCornack of Massachusetts explained that it might foreclose action on the postal pay bill.

Sen. Carlson (R-Kan) told newsmen he still believes there is a good chance for action on a pay raise for half a million postal workers and a million and a half civil service employees.

WASHINGTON (AP) — The first of two farm specialist groups from Turkey now is in Oregon observing large-scale operations.

Four managers of Turkish government farms used for development of crop varieties and livestock breeds of special adaptability will be here through Aug. 7. Their stops include farms in the counties of Baker, Deschutes, Sherman, Umatilla and Jefferson in quest of wheat, livestock, vegetable and seed production information.

Navy Force To Remain Near Asia

WASHINGTON (AP) — Weighty U. S. naval striking power will remain in Southeast Asia waters for some time despite abandonment of the search for survivors of the British airliner shot down by Chinese Red fighters last week.

Three of the four fleet aircraft carriers west of Hawaii are now in the South China Sea area and will remain there, the Navy says, to continue their training exercises and be ready for any new eventuality.

Planes from two of the big ships, the Philippine Sea and Hornet, were reported Wednesday night to have completed their search for survivors or wreckage of the Communist attack on an unarmed British airliner off Red-held Hainan last week. Carrier-based planes shot down two Red Chinese planes which interfered. A third carrier, the Tarawa, is now in Subic Bay, the U. S. Navy base north of Manila in the Philippines.

A shift of naval strength from the Japan-Korea area to waters near Indochina had started in April. The Navy said then some ships had been diverted from the 7th Fleet in Northwest Pacific waters to the south for "fair weather" training exercises. That was in the period when policy makers were considering whether to go to the aid of the French in Indochina.

It was only after the British airliner incident that the Navy disclosed that the ships were under Adm. W. A. Phillips, commander of the 1st Fleet with headquarters at San Diego, Calif. Phillips, the Pentagon also disclosed, has been operating under direct orders from Washington.

The assembling of three carriers in the comparatively narrow seas between the Philippine Islands and the mainland coast of Southeast Asia left only one carrier, the Boxer, in the 7th Fleet in Japan.

Ike Signs KF Jet Base Bill

Mayer Paul Landry this morning described President Eisenhower's signing of a bill authorizing \$837,000,000 worth of military construction through the nation as "a step closer in the actual reactivation of the Klamath Municipal Airport as a jet interceptor base."

The president's authorization includes the local project and an air base construction project at Portland.

Congress, so far, has not appropriated the necessary funds to do the work.

The senate appropriations committee has recommended appropriations of the necessary money (\$4,127,000) for immediate construction. Work will start as soon as funds are actually appropriated.

Planned as a connecting link in the Northwest air defense program, the fighter-interceptor base, when completed, will be manned by approximately 95 officers, 600 enlisted men and 80 civilians.

DOWNTOWN FOR EARL MORNING SHOPPING and a dental appointment later were Mrs. William E. Thompson and daughters, Carol Ann (left), and Katherine Lee (right). The Thompsons live at 3750 Butte Street.

Conservative Party Angry Over British Suez Treaty

LONDON (AP) — A serious Conservative Party rift over Britain's Suez Canal Zone pact with Egypt handed the Laborite opposition a tempting chance today to force the resignation of Prime Minister Churchill. It was doubtful the Socialists would seize the chance.

The test comes in a House of Commons vote tonight on Churchill's motion demanding Parliament's approval of the agreement to pull Britain's 83,000 troops out of the strategic Canal Zone.

A group of 40 rebellious Conservatives, angered at seeing another bit of Britain's dwindling empire crumble away, have served notice they will vote against the government.

With only a nominal Conservative majority of 20 votes in the 625-member House, Churchill thus was in the uncomfortable position of having to depend on his Socialist opponents for the support necessary to put his policy across.

The ticklish situation in Communist was one of several troubles currently plaguing the old warrior who has yet shown no inclination to heed the urging of his wife and doctors that he retire.

In the House of Lords there was an almost unprecedented scene last night as Lord Reading, minister of state for foreign affairs, set forth the government's position in support of the Suez agreement.

Angered peers, who normally support the government, complained they had no time to study the pact. They became silent only after the house leader, Lord Salisbury, one of Churchill's closest advisers, withdrew the request.

Churchill was harassed also by a Cabinet shakeup following the resignation of two of his Cabinet ministers. A third also announced he had submitted his resignation, but there was no indication whether it would be accepted.

Abroad, Greece served notice she would bring her demand for Cyprus before the United Nations despite Britain's decision to grant the colony a constitution that would advance it nearer to self-rule. The Churchill government served notice yesterday Britain plans to hold on to the fortress island in the Mediterranean, to which she plans to shift troops from the Suez.

Most observers thought the Socialists could not vote Churchill out on the Suez issue without compromising their own principles. The official policy of the Labor party has long been in favor of pulling British troops out of the Canal Zone.

Reds Refuse To Act On State Note

WASHINGTON (AP) — Red China has rejected — by refusing even to consider — twin United States protests against Communist fighter attacks on British and American planes off Hainan Island.

The State Department announced Thursday that official word of the Red rebuff has been received from the British government which acted as intermediary. The department asserted: "The situation will not be permitted to rest there."

Press Officer Henry Suydam, who made the statement for the department, did not disclose what further steps may be contemplated.

Suydam said Ambassador Winthrop Aldrich at London reported he was informed at the British Foreign Office that the American protest had not been accepted.

NOTES RETURNED The Chinese Foreign Office even returned the protest notes, in this case designated as "aide-memoires" to the British.

The Chinese Communists took the position that the affair of the British plane was a matter of proper concern for the British government, but that the attack on the American carrier aircraft was just what they had claimed in press statements—the result of a "violation" of Chinese territory.

A British airliner was shot down July 23 and three American citizens were lost. On July 26 two U.S. carrier planes searched the areas for survivors were attacked by two Chinese Communist aircraft. The Americans returned the fire and shot down the Red planes.

The State Department announced Tuesday that the United States had asked the British government to make vigorous protest against the "barbarous and lawless assault" on the American search planes. The department said the incidents occurred over international waters—not Chinese territory.

Suydam said that this is what happened on the American protest: Humphrey Trevelyan, the ranking British diplomat at Peiping, acting on instructions from London, presented it to Chang Han Fu, vice minister of foreign affairs in the Communist regime.

The Communist official promptly told Trevelyan that he could not accept the protest.

Suydam said, "that the shooting down of the civilian aircraft was a matter between the Chinese and British governments and none of our concern despite the fact that three American lives were lost in this assault."

On the later incident, the Chinese read to the British charge d'affaires (Trevelyan) and handed to him, versions of the attack on the two carrier planes which had been contained in press statement and broadcast on Peiping radio.

Sen. Knowland (Gall), the GOP leader, then called up the anti-Red China proposal, reiterating the stands Congress previously had taken against U.N. membership for the Communists.

Sen. Knowland (Gall), the GOP leader, then called up the anti-Red China proposal, reiterating the stands Congress previously had taken against U.N. membership for the Communists.

Strike Fights Break Out

RED BLUFF, Calif. (AP) — Dynamiting of a pipeline and fist fights brought sheriff's deputies Thursday to the town of Mantion to prevent further lumber strike violence.

The penstock of the pipeline leading to the lumber mill at Mantion, 30 miles northeast of Red Bluff, was dynamited late Wednesday.

No one was injured. Lorin Forward, co-owner of the Mantion lumber mill, estimated damage at \$1,000 and said he had to shut the plant down because of dynamiting cut off the water supply.

Fist fights broke out between strikers and men who had returned to work. Sheriff Wayne Kranig reported. He dispatched four deputies to the scene to prevent further violence.

Many non-strikers, armed with deer rifles, were reported patrolling the area, the sheriff's office said it was informed.

Kranig said he was informed that about half the plant's 100 employees had returned to work recently, disregarding picket lines.

The AFL Lumber and Sawmill Workers Union is on strike for a 12 1/2 cent an hour wage increase. The current scale is \$1.87 1/2 an hour.

Sports Bulletin

NEW YORK (AP) — Rocky Marciano agreed Thursday to defend his world heavyweight boxing title against Ezzard Charles with the fight scheduled for either New York's Yankee Stadium Sept. 15 or the Polo Grounds on Sept. 21.

Marciano defeated Charles in a fierce 15-boutler in the stadium on June 17. It was in this bout that Marciano suffered cuts over the left eye which held off the signing of the rematch until Thursday.

Lloyd Blakeley, Bend, is the appointed temporary chairman for the meeting.

The meeting will convene at 1:30 p.m. at the Pilot Butte Inn. The candidate named will oppose Democrat Harry Bolvin, Klamath Falls, in the fall election.

GOP To Name Candidate

Ed G. Boehmke, state Republican chairman, has called a district meeting of nominating committees, and other party officials, of five counties, Crook, Deschutes, Jefferson, Klamath and Lake, at Bend, Friday, August 6 to name a candidate for the state Senate position left vacant by the resignation of Senator Phil Hitchcock, Klamath Falls.

Hitchcock resigned to join the Lewis and Clark College staff at Portland.

Members of the Klamath County Nominating Committee are George Proctor, chairman, Elizabeth Steiner, Ruth King, Norman Wilson, all of Klamath Falls and Fred Rueck, Bonanza.

Elmer Lemler, Merrill, is the newly elected chairman of the Klamath County Central Committee.

WATERFRONT ACTIVITIES HIGHLIGHT each day of Boy Scout Camp in session at Crescent Lake. Scouts are directed in these activities by Rex Hunsaker, athletic director and football coach at Oregon Technical Institute. Boys are taught swimming — with instruction for beginners through advanced swimmers and life saving; proper handling of rowboats and canoes. The four sessions of one week each will end August 7. More than 100 boys are enrolled in the camp.

Grass Fire Burns Hill

A grass fire that started about 2 p.m. Wednesday afternoon, blackened the hill above Pacific Terrace.

Fanned by a stiff breeze and creating a draft of its own, the blaze went from the bottom to the top of the hill in a matter of minutes.

Before fire trucks could traverse the steep grade with tanks of water, the fire jumped the road atop the hill and started down the eastern slope.

Sheriff Warns KF Merchants

Klamath County merchants were warned by the sheriff's office Thursday to beware of "grab and run" safe robbers who have made off with four strong boxes in the past month.

Deputy Sheriff Dal Reed said theft of safes has become big business in Oregon in recent months. He urged operators of business establishments not to have their safes in a conspicuous place where they can be easily seen from the street.

A prominently displayed safe is an invitation for thieves to cart it away," Reed said. "There is no question but what organized gangs that specialize in the theft of safes are working in Oregon."

Business establishments which have lost safes in Klamath County are Jonezey's Tavern, Dairy; Wocus Tavern, Wocus; Sycan Store, Bly, and the Claude H. Davis Floor Coverings & Window Shade House, Klamath Falls. None of the safes have been recovered. The four strongboxes contained approximately \$3000.
