THESE ARE A FEW OF THE prints included in an exhibition of watercolors by 50 artists from the pages of Ford Times and Lincoln-Mercury Times. They were chosen from a collection of over two thousand contemporary watercolors assembled during the past several years for publication in the two magazines. These particular 50 pictures now on display and open to the public at the Balsiger Motor Company, were selected to present, in a single show, the widest possible variety of subject, geographical location and technique. They range from a Kentucky boy's enchantment with his tiny fish to the desolate beauty of a Nevada ghost town. Looking at a few of the group is Don Bridge, salesman for Balsiger. The Ford Variety Show Art Exhibit is sponsored by the Klamath Art Association and the Balsiger Motor Company.

Taxpayer Benefits of New Tax Revision Law Listed

WASHINGTON (AP)—Here are some of the ways you as an individual taxpayer can benefit through the big tax revision bill now on President Eisenhower's desk for almost certain signature: **DIVIDEND INCOME**—If you're a stockholder, you won't have to pay any tax at all on the first \$50 of income in dividends. Furthermore, you can take 4 per cent of any dividend income above \$50 and deduct that from your tax payment. **MEDICAL EXPENSES**—You may deduct medical expenses above 3 per cent of income, instead of 5 per cent as at present. But you must remember that from now on you may only deduct sums spent for drugs and medicines above 1 per cent of your income. Also, you can have a total medical deduction of \$10,000 for your family; the limit has been \$5,000. **RETIREMENT INCOME**—You won't have the basic 20 per cent tax rate on the first \$1,200 of retirement income received after you pass 65. If you're a retired government employe such as a teacher, fireman or policeman, you can get the benefit even though you're under 65. **WORKING MOTHERS**—If you must work to support children under 12 or other dependents, and if your husband is incapacitated or if the combined income of the family is less than \$4,500, you may deduct up to \$600 spent for child care. **SOIL CONSERVATION**—If you're a farmer putting a lot of money into soil rebuilding, you may deduct these outlays up to 25 per cent of your gross income. **COLLEGE STUDENTS**—If you have a child who is under 19 or is in college and has a job which pays him more than \$500 a year, you may continue to list him as a dependent with a \$500 exemption on your return if you pay half of his support. **CHARITIES**—You may deduct up to 30 per cent of your income for charitable contributions, instead of 20 as at present. **INSTALLMENT BUYING**—You may deduct the carrying charges on such purchases, even though they're not specifically stated as interest in the contract.

HEAD OF HOUSEHOLD—If your husband or wife dies, you may continue for two years to get the full benefit of income splitting as on a joint return. **HEALTH & ACCIDENT PLANS**—If you miss work because of an illness or an injury, you are entitled to tax exemption on payments made to you by your employer up to \$100 a week. If they are issued under a regular health and accident plan, the exemption does not apply in the first seven days of an illness, unless you are hospitalized. **DECLARATIONS OF ESTIMATED TAX**—If you're married and have up to \$10,000 of income, practically all of it subject to withholding, you no longer need to file a declaration of estimated tax. **RAPID DEPRECIATION**—If you're a businessman or farmer, you may use the new double declining balance method of quick depreciation on a plant or piece of equipment. This means that in the first year of life, you can write off twice the amount for depreciation now allowed; thus you can concentrate most of the write-off in the early years of use of the item. The accelerated depreciation plan will benefit chiefly corporations. They get other relief, too, including: **More liberal treatment for research expenditures.** **The right to offset a loss against profits of two prior years instead of one as now.** **Greater freedom to set aside surpluses.** **Elimination for utilities of the 2 per cent penalty tax on consolidated returns.** **A cut-off date of April 1, 1955, for the 52 per cent corporation tax rate, at which time it automatically drops to 47 per cent unless Congress continues it again.**
