World Council Of Churches Plans Important Meetings

Editor's Note—A meeting starting Sunday in Evanston, Ill., will determine whether centuries-old divisions among Christian religions can be made smaller or must grow still wider. Here is the first of four articles on the Assembly of the World Council of Churches, which some churchmen have called the most important religious event since the Reformation.

By GEORGE W. CORNELL

EVANSTON, Ill. (AP)—Most of the world's churches are moving toward a fateful crossroad.

Which way they turn can mean either closer ties or sharper gaps in the centuries-old divisions of Christianity.

The answer hinges on the Assembly of the World Council of Churches opening here next Sunday.

"It will be a critical test," said Dr. W. A. Visser 't Hooft, the council's general secretary. "We shall see which is stronger—the force of unity or the force of division."

The meeting will be the most widely representative Christian gathering ever held on the American continent.

In range of subjects, purposes and participation, it may well be the most comprehensive Christian assembly ever called.

All things considered, said Dr. Franklin Clark Fry, head of the United Lutheran Church and vice chairman of the council's Central Committee, "it is the most crucial interchurch meeting in Christian history."

Fundamental theological questions, buried through the years in the ashes of denominational cleavages and regional aloofness, will be raised in the first such broad attempt to cement Christianity's scattered forces.

"The assembly will deal with subjects that go to the very heart of the faith," Dr. Fry said. "It is a daring thing to do."

"The outcome can determine the lasting strength of the whole movement to bring the churches closer together and increase their effectiveness."

More than 1,500 representatives from 161 denominations with ap-

proximately 170 million members in 48 countries on both sides of the Iron Curtain will take part in the meeting.

Dr. Henry P. Van Dusen, president of Union Theological Seminary and chairman of the council's U. S. Study Committee, described it this way:

"The most truly ecumenical assemblage of the followers of Christ who have ever met 'in one accord in one place' in the 20 centuries since his life and death and resurrection."

Although the World Council met once previously—at its founding six years ago in Amsterdam—it is digging for the first time into basic and potentially shattering—

or consolidating—matters of faith. Nearly every major church will be represented.

Although Roman Catholic churchmen have attended some previous meetings of World Council groups, none will be present at Evanston under a ruling by Samuel Cardinal Stritch of the Chicago archdiocese.

There have, however, been articles and studies by Roman Catholics.

lie leaders on the assembly's theme. Said an American Catholic publication, The Pilot: "No true Christian at any rate will look with indifference at the hopes that are set in Evanston."

Small Boy Dies From Injuries

LAKEVIEW — Funeral services were held today at 2:30 p.m. from the Assembly of God Church for Gary Dwane Griffin, infant son of Mr. and Mrs. Hollis Griffin. The child died Monday morning from injuries received Sunday night when he was struck by a car.

The little boy, who would have been two years old later this month, was apparently playing around and under the cars at Hart's Campground. Driver of the car which struck him was Carl Webb, known to be a very careful driver, according to the Herald and News correspondent.

Witnesses stated he walked around his car to see that he had clearance and that there were no children nearby, then got in and started to back the car out. The child was struck by the left front wheel.

In addition to his parents, survivors include two brothers, Mike and Robert and grandparents, Mr. and Mrs. J. V. Sytes of Canby, California.

UNREST

RIO DE JANEIRO, Brazil (AP)—President Getulio Vargas moved to quell mounting political unrest Tuesday in the wake of police reports blaming a secret service agent assigned to his palace for the recent attempt to assassinate an opposition politician—editor, Air Force Maj. Rubens Florentino Vas was killed in the attempt last Thursday on the life of Carlos La Cerda, editor of an anti-government newspaper.

STRIKE
FRANKFURT, Germany (AP)—Armed police patrolled Bavaria's biggest factories Tuesday as a strike involving 230,000 metal workers crippled production for second straight day.
