SUPPER SALAD

A quart of cooked large dry lima beans, $\frac{3}{4}$ cup chopped celery and $\frac{1}{4}$ pound salami cut into thin julienne strips make a hearty supper salad. Toss the ingredients lightly with mayonnaise accented with minced onion, vinegar, salt and freshly ground pepper. Fine for patio or backyard supper.

Ever wonder what the difference is between compressed and active dry yeast? Compressed yeast is a moist mixture of yeast and starch, and the yeast is in an active state; because the yeast is moist, it is perishable. Active dry yeast is similar to compressed yeast except that the mixture has been dried and comes packaged in granular form.

Beauty Hints

"Along with those skirts and sweaters you tuck into your back-to-school trunk, slip in some good resolutions to make the most of yourself during the coming school year," suggests Madame Helena Rubinstein, the beauty authority who has made a profound study of young skin needs.

Good advice it is, too, for a seedy looking you on Monday might easily be the case of a dateless you on Saturday night. Decide now to formulate a simple day by day plan of beauty care to insure a constantly up-to-par appearance.

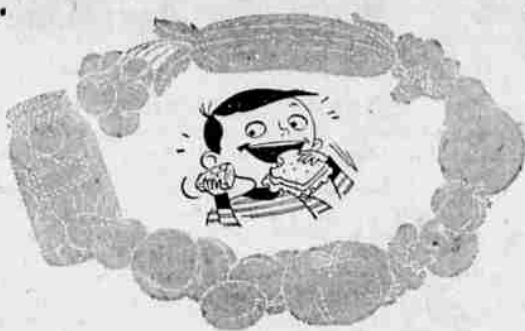

Make a not-to-be-braken ritual of twice daily skin cleansing. Deep Cleanser, Helena Rubinstein's liquid cleanser, really reaches deep into the pore openings and contains a special ingredient to destroy bacteria, the cause of many a skin blemish. It comes in a wonderful, packable squeeze container that won't break or leak.

Should a hickey show up just before the big date, despair not, for a bit of Helena Rubinstein's Medicated Cream will do wonders in

safely banishing the pesky thing. Resolve, too, to make your hair a shining and beautiful asset, always smoothly groomed, always lovely and clean. Remember to pack Hair Spray, the invisible hair net, to hold your curls in place on the blowiest day of the football season.

Your make-up should be simple, easy to apply and just right for your complexion. You will enjoy Minute-Make-Up, the combination powder and foundation pressed into cake form in its own attractive compact. Learn to use a lipstick brush for a smooth, long-lasting effect. Include three or four shades of lipsticks in your cosmetic kit, so that you will always have one that will flatter the color you wear closest to your face. Remember, don't just match the dress, but your scarf or accessories.

Except for evenings, keep your eye make-up to a minimum. Don't depend on cosmetics for everything. See that you get enough rest and sleep — as a habit — not just some of the time. Stand straight, breathe deeply and be sure you eat properly.
