## False Coin Trick Told

COATESVILLE, Pa. (AP)—Two coins in the folder, fixed to hide all the slugs...

It was a good trick, good enough to get three Coatesville men some easy money for a while. But a wily bank teller finally tripped them up.

The three were arrested yesterday on charges of wrapping iron washers in coin folders and passing them as quarters at banks.

Each wrapped stack was capped at either end with a good quarter and contained 38 washers in between. Bank tellers exchanged the rolls for paper money—\$10 each—without checking further.

Police said the trio passed the bogus rolls at banks in West Chester and Oxford, Pa., then tried their luck at the National Bank of Christians, Lancaster County.

But a suspicious teller, whose name was not revealed, refused the transaction and noted the license number of the trio's car.

State police traced the license to Alfred J. Zazo, 29, a former basketball star at Coatesville High School. Sgt. Thomas Doster of the State Police said Zazo continued and implicated Anthony S. Chille, 25, and William D. Mann, 22, of Coatesville. They were charged with obtaining money under false pretenses.

## Ike Pictured As Against Outlawing Communist Party

THURMONT, Md. (AP)—President Eisenhower was pictured today as convinced a Senate-approved bill to outlaw the Communist party would make "propaganda martyrs" of Reds in this country. He reportedly will try to persuade the House to kill the measure.

An administration official familiar with the views of the President who is spending the weekend at his Catoctin Mountain lodge here, also told newsmen Eisenhower is in complete agreement with Atty. Gen. Brownell and FBI Chief J. Edgar Hoover on the matter.

Both men have opposed outlawing the Communists on the grounds it would drive them underground and make it much more difficult to keep track of them.

The administration source here, who asked not to be named, said the President or his aides probably will talk privately with House leaders in an effort to get the bill shelved.

Eisenhower will have an opportunity to do so Monday in Washington at his regular weekly meeting with Republican legislative leaders.

The bill to outlaw the Communist party was passed by the Senate. Humphrey (D-Minn.) led the successful surprise move which combined the outlawing provision with another anti-Communism weapon on the administration does want.

That other section of the bill, authored by Sen. Butler (R-Md.), is aimed at wiping out Communist-controlled labor unions. It provides that labor or business organizations determined by the subversive Activities Control Board (sacb) to be Communist-dominated would lose their rights under the Taft-Hartley labor law.

Humphrey's proposal would provide maximum penalties of five years in prison and a \$1,000 fine for persons who willfully join or remain members of the Communist party and commit any act to carry out party purposes.

Despite Eisenhower's reported opposition to outlawing the Reds, his aides declined to speculate on whether he would veto the combination bill if the House goes along with the Senate and approves it.

But the President was said to feel that such a measure would be most ineffective.

He was understood to have expressed the view Communists abroad would be quick to spread propaganda picturing U.S. Reds as martyrs and victims of persecution. And he also reportedly feels the security of the country can best be safeguarded by avoiding steps which would force the Reds further into hiding.

The President had an opportunity here yesterday to talk the matter over with Brownell, who was Eisenhower's guest—along with other members of the Cabinet—as an informal outing.

## Hollywood Holds Opening For 'Gone With The Wind'

By BOB THOMAS  
HOLLYWOOD (AP)—Can you imagine Hollywood turning out in its millions and tuxes to see a 15-year-old movie?

That happened this week at the "Gone With The Wind" opening.

## Police Recover Bank Loot

MONTREAL (AP)—Police have recovered nearly \$25,000 of an estimated \$36,000 stolen in a daring bank holdup Aug. 4 at East-End Champlain Village, and have arrested four men and two women in connection with the theft.

They said they will be charged Monday with conspiracy and holdup.

One of the suspects was identified as a 19-year-old clerk at the downtown bank's branch who earlier had told them he was forced to open the bank door for two armed men who committed the robbery.

The cash was found split up among the six suspects, police said, but they had disposed of about \$8,000.

which featured stars, searchlights and stunts at the Egyptian Theater. Some of the famous names were school children when the film first opened—Debbie Reynolds, Guy Madison, Jane Powell, Vera-Ellen, Tab Hunter. The "premier" also drew from the more mature crowd; even Liberace was there with a date.

My third view of "GWTW" provided a chance to review the shortcomings and assets of what is in many respects the greatest picture ever made.

The picture is long. Three hours 40 minutes in a theater is hard on the seater, no matter what the attraction. And "GWTW" does drag in the latter portions, when there is less action and more unravelling of the plot.

The characters remain story-book people. They have none of the reality of the individuals in "From Here to Eternity," for example. Although you are impressed by the figures of "GWTW," you can never escape the fact that they are rather one-sided characters of a novel.

But you have to strain to find things wrong with the picture. Its good features are overwhelming.
