"Bring a dustpan, Sis—here's one of your crumbs!"

Huge Crowd Attends First World Council Assembly

CHICAGO (AP) — Chanting voices, chiming bells and air-piercing trumpets roared above 125,000 persons in Soldier Field last night, a highlight of the first day of the Assembly of the World Council of Churches.

In a spectacle packed with drama and reverence, figures huddled in a pool of light raised their arms high as the hymn of "Come, Lord Jesus, Come" surged forth.

The outdoor service brought together believers of many creeds and customs in one of this country's greatest displays of Christian faith.

Red Teachers Given Warning

MOSCOW (AP) — As a new school term approaches, Russia's teachers are being warned to stay away from religion and not to try to instill any "religious prejudices and superstitions" in the nation's youth.

The warning was published by the newspaper Teachers Gazette, which complained that some teachers have been backsliding—"getting married in church, bringing their children to baptism and having ikons in their homes."

Teachers Gazette thus carried forward a newly revived and intensified antireligious campaign that is sweeping through the Soviet press.

Teachers Gazette also assailed what it termed superstitions and the "harmful influence" of the church on children.

The paper singled out a so-called "holy lake" near the city of Gorki on the Volga River, where it said "girls go to shrines to give thanks for having passed examinations or graduated from school . . ."

"And there are also churches in the neighborhood of this so-called holy lake where frequently children come so much under the influence of the church that they quit school . . ."

BIRTHDAY

BALLATER, Scotland (AP) — Britain's Princess Anne celebrated her fourth birthday yesterday.

There was a small tea party for her at nearby Balmoral Castle, where the royal family is vacationing.

Installment Purchasers To Get Tax Cuts With New Law

By CHARLES F. BARRETT

WASHINGTON (AP)—If you buy something on the installment plan . . .

If you make big donations to charity . . .

If you pay some of your transportation expense in your work . . .

If your employer provides your meals or lodging . . .

Then you may get a tax cut under the big tax revision act recently passed by Congress.

These are some of the scores of new or more liberal deductions you can count in your 1954 return due next April 15.

Here is a run-down on some of the deductions:

Installment purchase—the act permits you to deduct from your income, for tax purposes, any interest you pay. Under the old law, you could deduct interest on installment purchases only if the interest was stated separately in your bills. If you just paid a general carrying charge and didn't know how much of it was interest, you got no deduction. Under the new law you may automatically deduct 6 per cent of the average unpaid balance of your bill during the tax year. If the interest is stated separately, of course, you deduct the exact interest. This item alone is expected to give about 1,600,000 taxpayers a tax cut to-

not incurred in overnight travel away from home. Under the old law, these expenses could be deducted only under personal deductions. This means that to claim them, you had to itemize all your personal deductions and forego the standard 10 per cent personal deduction allowed most taxpayers. In many cases it wouldn't pay you to itemize these and other deductions because the standard 10 per cent would give you a bigger total deduction. In effect, the new law permits you to deduct transportation expense and, in addition, take the standard deduction of 10 per cent of your remaining income.

Let me prove to you that we can save all "good risks" money on both Fire and Auto Insurance. Hans Norland, 627 Pine St.

Try the "Royal-M" without risking a cent — You must be Satisfied!

PAY ONLY \$10.00 A MONTH

Get your Zenith "Royal-M" today. Arrange easy terms at Standard Optical . . . and Live Again!

LOW OPERATING COST

Zenith "Royal-M" operates for 10c a week on one tiny battery compared to \$1.00 to \$2.00 a week for vacuum tube aids.

The newest and proudest result of this persistent program is the tiny "Royal-M"! And just think, it's hardly larger than a pocket lighter, and weighs approximately the same! So comfortable and compact you forget you're wearing it! "Royal-M" is tiny in size only! It is packed with power to give you outstanding performance . . . power that is instantly adjustable for smooth, controlled use. Newly developed fingertip tone and volume controls give you the response you require for all occasions. And the "Royal-M" provides the convenience of infrequent battery changes, because only one, tiny, low-cost, dry-cell battery (available everywhere) is needed! No "B" battery! No tubes!

Standard Optical Co. has long known that Zenith does much more than just devote itself to its famous crusade to lower the cost of hearing. Of equal importance has been the constant improvement of the performance, the convenience and the simplicity of hearing aids.
