

Showers Fall Over Big Area

By THE ASSOCIATED PRESS
Showery weather prevailed over most of the northern half of the country Monday and some of it drifted down into the lower Mississippi Valley. The southern Rockies also had considerable precipitation.

Minnesota and northern Iowa registered the heaviest rainfall, arising generally from a low pressure area centered over eastern South Dakota. Spencer, Iowa, had 1.02 inches of rain in six hours; St. Cloud, Minn., 1.74 and Fargo, N.D., 1.06 in 24 hours.

Across the nation to the South, Mobile, Ala., measured 1.31 inches in one locally heavy shower.

In other parts of the wet area, rain was light, however.

One hundred-plus feet returned to large areas of the country again Sunday and more was on the books for Monday. South Dakota, Kansas and Missouri were the principal midsection hot spots.

Tatohah Island, Wash., on the north Pacific Coast, recorded 87, by way of contrast, while the eastern parts of Washington and Oregon and western Montana were in the 70s and high 60s.

"Mom says if you tear up one more piece of sod, she's gonna try a shot with HER iron!"

Canada Salmon Strike Ended

VANCOUVER, B. C. (AP) — The week-long tieup of British Columbia's salmon industry ended Saturday when 600 striking tendermen overwhelmingly accepted an offer of a \$15 monthly wage increase this year and \$5 in 1955.

The ballot, taken by members of the United Fishermen and Allied Workers' Union (U.F.A.W.), was 88 per cent in favor of a "final" offer by the Fisheries Assn. of B.C., representing the operators.

It is understood that seniority proposals and a welfare plan made by the association were accepted by the union before Saturday's ballot.

The Fisheries Assn. said acceptance of the wage offer would mean that fishing would probably start Monday, in order to capitalize on the big Adams River sockeye run now heading up the Fraser River.

The strike had idled the province's salmon industry from the outset, although it wasn't until Thursday that 4,000 cannery workers were laid off after salmon supplies had been exhausted.

Peace Officers' Meeting Ends

WALLA WALLA (AP) — The Northwest Peace Officers Assn. ended its 11th annual convention here Saturday night with the election of Lt. Don Wood of the Walla Walla Police Department as president.

Other officers named were Carl Charlton, retired assistant chief of the Salem, Ore., police department, vice president, and David Bush, detective sergeant of the Portland police, secretary-treasurer.

Lt. Lem Heller, Portland, and Charlton were elected to three-year terms on the board of directors.

Long Distance Motor Drive Held

SAN DIEGO, Calif. (AP) — The gadget-equipped automobile of Elinor (Louie) Mattar passed through her home town of San Diego yesterday on a 6,391-mile nonstop run from Anchorage, Alaska, to Mexico City.

Mattar said he expects to reach the Mexican capital Aug. 19 on schedule. He left Anchorage Aug. 10.

The car's tires can be changed without stopping by means of hydraulic jacks on wheels. Mattar, who owns a garage, has been adding gadgets — like a dashboard bar, electric refrigerator, kitchen sink and television — to the car since 1947. He has two substitute drivers with him.

Big Airliner Crash Averted

SEATTLE (AP) — Fifty-two passengers in a United Airlines mainliner spent 76 suspenseful minutes Sunday night as the big plane circled over the area south of Seattle while preparations were made for an emergency landing at the Seattle-Tacoma International Airport.

However, the plane finally put down safely at nearby McChord Air Force Base.

Pilot H. F. Peterson had radioed that his landing gear was not functioning, because its hydraulic fluid had been lost.

Later, Peterson said he got his landing gear down to make the landing through what he called a "tree fall", unlatching the locking mechanism and letting it drop down. Wind pressure then pushed it back into place.

He did not get a light signal it was down, however, and used up his emergency supply of hydraulic fluid trying to lock it in place.

During the 76 minutes, Peterson twice touched the craft's wheels down on the Seattle-Tacoma runway, attempting to find out if the landing would be a success. Mechanics waved him off both times, and told him by radio that a safety latch was not operating properly.

The pilot said he then decided to land at McChord "because the field is better equipped with safety equipment."

Line officials said the landing at McChord was made without a hitch. They described it as normal despite the precautions that had been taken.

The airliner had flown west from Chicago and Denver.

Oregon Catholic Meeting Held

MT. ANGELO, Ore. (AP) — Several thousand Roman Catholics from throughout Oregon came to the little community of Crooked Finger near here Sunday to take part in a religious procession.

The event commemorated the 100th anniversary of the pronouncement of the Immaculate Conception of the Virgin Mary by the Catholic Church.

Paper flags and thirty shrines lined the quarter-mile line of march which ended at the Church of the Holy Rosary. The Most Rev. Francis P. Leipzig, Baker, led the service, which opened when he placed a crown on a statue of Mary.

Society Honors KF Student

OREGON STATE COLLEGE, Corvallis. — Robert L. Smith, Klamath Falls, is one of 20 summer session students at Oregon State College selected for membership in Kappa Delta Pi, national honor society in education.

Smith was registered in the graduate school at OSC during the summer session, working for his advanced degree in education.

Membership in Kappa Delta Pi is limited to students in the field of education who attain high scholarship and demonstrate professional leadership.

CANCELLED

TOKYO (AP) — Rest and recuperation leaves in Japan for American servicemen stationed in Korea have been cancelled because U. S. Air Force planes normally used on the leaves have been shifted to carrying relief supplies to flood-stricken Pakistan, the Army said Monday.

National Party Chairmen Appraise Ike's Policies

CHICAGO (AP) — The chairmen of the two major political parties drew widely different appraisals of the Eisenhower administration today.

Stephen A. Mitchell, chairman of the Democratic National Committee, discussed GOP farm policies, foreign policy and the 83rd Congress at a meeting of the insurance section of the American Bar Assn., now holding its 77th annual meeting in Chicago.

Mitchell, in his prepared address, said America's farmers "are making four billion dollars a year less than they were in 1952," and added:

"They have lost one dollar of income out of every four. All the new Republican farm program offers is still lower prices and lower income."

Hall, in a similar prepared address, said of the administration's farm program:

"The Eisenhower administration, with commendable courage and foresightedness, has obtained an improved farm bill. This provides price supports for six basic commodities between 82 1/2 and 90 per cent of parity. Its aim is a better balance in agricultural production. And, any support level adjustments will be gradual — in line with the President's recommendations."

Hall said the House GOP members stood firm for the administration's "sound program, but the Democrats fought us."

Of the administration's foreign policy, Mitchell said:

"The raw isolationism of the 1920s was no more deadly than is the sugar-coated isolationism of today — whether it is served with a slogan by a smiling Eisenhower or bullied down our throats by a sneering McCarthy over the prostrate body of Dulles."

Hall said the administration, burdened with a rather grim legacy when it took office, "was immediately presented with six highly critical situations," which he listed as Korea, Guatemala, Iran, Suez, the European Defense Community and Indochina.

"The outcome of five of these six tests can be termed a plus."

happened to the gloom-and-doom division of the Democratic party which, only a few months ago, was crying 'Wolf!'

"This wolf, of course, was at Uncle Sam's economic door and ready to move in."

"We all know this fancied depression never came off."
