AL ULLMAN'S WEEKLY DISCUSSION ON ISSUES OF VITAL IMPORTANCE TO YOU

AL ULLMAN

discusses the FARM Picture!

Farmers of Eastern Oregon have been getting bad news from Washington. But its effect will be felt along Main Street as well.

The farmer is the backbone of Eastern Oregon's economic life. If the bottom drops out of his income and his purchasing power, then business dries up in the business community.

The farm program of the Eisenhower administration is destroying farm income in Eastern Oregon. Reduced parity plus drastic acreage reductions are hurting the farmer who irrigates his land. But the threat of ruin hangs over the farmer who depends on summer fallow methods of agriculture.

Reduced parity supports forecast a cut of 15 to 20 cents per bushel in the price of wheat. Removal of mandatory price supports on barley will leave the feed grain market hard hit. For a dry-land wheat rancher in Umatilla county with 1500 acres, the drastic acreage cuts will leave him with an average of about 425 acres in production.

Added together, the Eisenhower farm program leaves thousands of Eastern Oregon ranchers with their back to the wall financially. As a businessman, I know what this spells out for the future.

The present Congressman from this district has voted to support the Eisenhower farm program. His incredible vote against the best interests of Eastern Oregon is a matter of record.

The way to get rid of surpluses is not to put the farmer out of business but to get the goods to the starving and undernourished throughout the world.

I want to protect Eastern Oregon's three R's—Rivers, Ranches and Resources. Only by so doing can we foster the growth which spells prosperity for the district.

Now is the time to start talking with your friends about this threat to growth. See that they register by October 2 and vote Democratic November 2.
