Primary Held In Wyoming

CHEYENNE, Wyo. (AP) — Wyoming voters choose Tuesday from a record number of 190 candidates Republican and Democratic nominees for United States senator, a member of the U.S. House of Representatives and state officers.

A forecast of light showers and the opening of the Central Wyoming Fair at Casper—an event which can affect an election in a state with as few voters as Wyoming—led observers to predict a vote of around 60,000, somewhat smaller than in the 1952 general election.

After a quiet start, the race for the Republican nomination for the U.S. Senate seat developed into a bitter, name-calling battle between two of the candidates.

Rep. William Henry Harrison, the state's only member of the House of Representatives, and Ewing T. Kerr of Cheyenne, who resigned as Republican state chairman to make the race, have supplied the fireworks in speeches and statements.
