"WHY DON'T YOU PAINT IT THE SAME COLOR AS HIS FACE, MOM?"

Mary Martin Applauded For Role In Play 'Peter Pan'

By BOB THOMAS

HOLLYWOOD (AP)—Mary Martin flew into town as "Peter Pan" this week, and it looks as though she could sail to another Broadway hit.

The show opened at the Philharmonic Auditorium to a glittering audience that included Rosalind Russell, Leslie Caron, Lauren Bacall, Clifton Webb, Walter Pidgeon and Irene Dunne. The first-nighters gave Miss Martin a terrific reception when she first flew on-stage and stayed to cheer her at the final curtain. She gave a touching speech of thanks.

Now that the sentiment of the evening is passed, one can appraise the show for what it offers and lacks. The great assets are its magic—in Miss Martin's playing and the technical effects.

There can be no doubt that Mary Martin is a perfect Peter Pan. She has all the bounce and youth that the role requires. She also has the authority needed for the leader of the lost boys. She vies with Ethel Merman as the stage performer with the greatest vocal carrying power.

The show is a stage craftsman's dream. The trees of never-never land leaf out before your eyes, thanks to the scenic designs of Peter Larkin. The aerial feats are amazing. At the first-act curtain, Peter, Wendy, Michael and John take to the air in an electrifying flight from the realm of reality. The show requires 43 stagehands for its effects.

There is a fine English performer, Cyril Ritchard, who as Captain Hook is part Barrie, part Gilbert and Sullivan but all good. Wendy is perfectly played by a young TV actress named Kathy Nolan.

And Liza the servant girl is played with dignity and charm by Heller Halliday, offspring of Mary Martin. Mother and daughter have a duet before the curtain that will be long remembered as one of the sentimental moments of the theater.

Alas, now for the drawbacks. The songs by Carolyn Lee and Mark Charlap are fitting and serviceable. But there is no real showstopper in the score. Nor any song that hints hit possibilities.

There are a few dull stretches, especially in the second act. Much cutting is needed there.

The main slowdown comes in too much plot.

Air Strike Settlement Discussed

WASHINGTON (AP) — American Airlines and its striking pilots have reached a partial settlement — but whether pilots will return to work in advance of a full agreement remains in dispute.

American said last night it plans to resume operations Wednesday a 23-day shutdown. It said the pilots would at that time return to work, manning disputed transcontinental nonstop flights.

A spokesman for the AFL Airline Pilots Assn. said, however, that the arrangement worked out yesterday with the help of federal mediators was a truce, not a final settlement.

The union spokesman did not make clear whether the "truce" included an agreement to end the strike. Local unions in Nashville, Tenn., and Fort Worth, Tex., said their negotiators "in Washington had instructed them not to return to work until all details of a strike-ending agreement are worked out.

Pilots struck in protest against the scheduling of westbound nonstop transcontinental flights of more than eight hours. They demanded a crew-change stopover.

J. J. O'Connell, master council chairman of the union, said, "We want it clearly understood that it's only a truce. There are a lot of things that still have to be worked out." One is the selection of a neutral party to recommend a nonbinding solution for the dispute.

A neutral study was part of a national mediation board proposal for ending the walkout.

Farm Census To Be Held

TULELAKE — California farmers will be asked to supply information to Uncle Sam's census takers this fall according to Ken Baghott, Tulelake farm adviser. Starting October 1, 30,000 census enumerators will begin calling at U.S. farms to collect information for the regular five-year census.

The farm adviser says the farm censuses began in 1846 and since 1920 have been taken every five years. They used to be done in January, but Congress has decided that October will give the enumerators better weather conditions.

Information sought will be collected on questionnaires to be sent out by the Department of Commerce before the census gets underway. Each farmer will be asked about 100 questions. Many will require only a checked yes or no answer.

Questions will be on such things as acreage, size of farm, tenure and crops; whether the farm has television, a food freezer, or tractor; machinery and labor used, etc.

S. Korea To Get More U.S. Aid

WASHINGTON (AP)—Harold E. Stassen says more American money probably will be funneled into South Korea to support the republic's army and rebuild its economy as the result of the planned withdrawal of four U.S. divisions within the next few months.

Stassen, head of the Foreign Operations Administration, told a news conference yesterday an additional need for funds beyond the 205 million dollar already planned for Korean rehabilitation had been "brought forward by the redeployment of U.S. forces."

He declined to say how much more aid money would be required.

Children Given Gamma Globulin

PHILADELPHIA (AP) — Philadelphia health authorities have made available free gamma globulin to 62 children who attended a suburban day camp after diagnosis indicated a 9-year-old girl camper was suffering from polio.

Deputy Health Commissioner Owen B. Stubben said yesterday Diane Goldberg became ill while attending the Rocky Dale Lodge at nearby Green Lane. He ordered employes of the department to telephone the parents of children, who may have been exposed to polio at the camp, to apply for gamma globulin injections.

The lodge is the fourth camp in suburban Montgomery County where the antipolio blood serum has been made available in the last two weeks. Stubben said some 200 Philadelphia children may have been exposed to the disease at the first three camps.

Eisenhower Plans TV, Radio Talk

DENVER (AP) — President Eisenhower, who wants tighter Republican control in Washington, will tell the nation tonight why — in this election year — he likes the record of the GOP-controlled 83rd Congress.

The chief executive, vacationing here, goes on the air coast to coast for a half-hour radio and television address.

All the major TV networks will carry his talk live. So will ABC radio. The others plan to play back recordings later in the evening.

The talk is scheduled for 8 p.m., EST.

In advance of the speech, it was no secret that Eisenhower plans to plug the record of the GOP-run Congress, which completed action on its legislative program last Friday, as a record of which the administration is proud.

The President said that in so many words in a speech at the Illinois State Fair five days ago. He declared then he feels the voters, in the November elections, ought to send more Republicans to Washington to give his party greater control of the legislative branch.

The President, accompanied by Mrs. Eisenhower and a small White House staff, arrived here at midday Saturday for a long work-and-play vacation.

Within two hours after arrival, he got in a practice round on the golf course and then turned to business yesterday. He motored from the home of the First Lady's mother, Mrs. John S. Doud, to the Summer White House offices at Lowry Air Force Base and worked for 90 minutes with his aides on tonight's speech.

After returning to the residence of his mother-in-law, he and the First Lady took it easy the rest of the day. They did not attend church services.

The President also worked on the draft of tonight's speech during the six-hour flight from Washington Saturday. He gave some attention too to an outline of an address he will make at the annual convention of the American Legion in Washington Aug. 30.

That will be a one-day flight to the capital and back, with a stop in Des Moines on the return trip for a brief informal talk at the Iowa State Fair.

The President has a daytime talk scheduled at McNary Dam dedication ceremonies, on the Oregon - Washington boundary, Sept. 23. And he will address a political rally in Hollywood Bowl at Los Angeles that evening.

Those September engagements mean he won't return to Washington to stay until very late in September or early October. More speaking dates are being arranged.

The President brought to Denver close to 50 bills passed by Congress during the closing days of its session. Decision whether to sign them into law or veto them probably will keep him close to his desk most of this week.

His headquarters announced yesterday the United States will provide transportation for evacuation of up to 100,00 refugees from North Vietnam in Indochina, the area soon to come under Communist control. This is an increase over previous plans.

Riots Sweep Stockholm

STOCKHOLM (AP) — Stockholm's perennial hot weather riots flared again yesterday with the usual busted noggins as thrill seekers let off steam. Police, as in past outbreaks, rounded up prostitutes, hoodlums and other veteran trouble makers.

Several persons were painfully injured. One man was tossed through a show window into an art gallery and was rushed to a hospital with a slashed artery. A policeman who tried to help him into an ambulance had his jaw busted by a group of hoodlums.

Police arrested 32 persons, including one prostitute who ran through the streets disrobing as authorities tried to haul her into a car.

Prostitutes have been blamed for touching off most of the midsummer riots, but everyone seems agreed that the crowds join in just for the thrills.

Army Disagrees With Farmers

TOKYO, (AP)—The U.S. Army, taking issue with some Japanese farmers, said today its paratroopers did only $36 worth of damage to watermelon crops on a recent test drop—including the ones the soldiers ate.

The farmers had claimed the soldiers had eaten and otherwise damaged $360 worth.

The Army said every company in the 187th Airborne Regiment that made the drop will be held equally responsible for the watermelons and will chip in to repay the farmers.

Three Dead In Shooting Spree

WACO, Tex. (AP)—Police blamed jealousy for the fatal shooting yesterday of three persons: an 81-year-old husband, his 50-year-old wife and their 73-year-old neighbor.

Detective Capt. Wiley Stem said surviving members of both families blamed the shootings on groundless jealousy.

He said Mr. and Mrs. I. P. Spivey were sitting at their kitchen table when Spivey began arguing. Stem said Spivey shot his wife with a pistol. Spivey then called G. B. Darwin, the neighbor, and when he reached the Spivey home, the husband shot him, he said. Then Spivey killed himself.

Spivey had been married three times and had 19 children.
