Anti-Red Bill Signed By Ike

DENVER (AP) — President Eisenhower Tuesday signed legislation outlawing the Communist Party and declared the American people are determined to root out "conspiracies dedicated to the destruction of our form of government by violence and force."

The bill to which the chief executive put his signature at his vacation headquarters here also is designed to crack down on Red-infiltrated labor unions.

After signing the bill, the President issued a prepared formal statement announcing he intends to approve three other anti-Communist measures passed by Congress. They are:

1. A bill providing for stripping citizenship from those who advocate overthrow of the government by force and violence.

2. A measure providing the death penalty for persons found guilty of peace-time espionage. That bill also would include within the definition of sabotage acts involving the use of radio-active, biological and chemical agents.

3. A bill prohibiting payment of pensions and annuities by the United States to former officers and employes who have been convicted of certain criminal offenses. The measure is aimed particularly against former State Department official Alger Hiss, who was convicted of perjury and denying that he passed secret data to Communist agents.
