

SCULPTURING, THE ART of cutting, hewing or carving is being taught during the Summer Workshop classes at OTI by Professor M. R. Sponeburgh, (left) of the University of Oregon to Dick Norland, Patty Teale and her father, Harold Teale. The workshop is sponsored by the Klamath Art Association.

U.S. Would Back Up 7th Navy Fleet

TOKYO (AP)—The United States would back up the 7th Fleet with all available military strength if Communist China attacked Formosa, an authoritative military source said here today.

L. J. Hedlund Death Learned

MALIN — Word was received here today of the death August 24 of Lars J. Hedlund, one of the earliest residents of the Malin community. Mr. Hedlund left here about six months ago for San Francisco for medical attention. His death came at the Fort Miles Veterans' Hospital. He was 64 years old.

Mr. Hedlund was born in Sweden and came to Malin as a young man, to engage in the building contracting business. He served overseas in the European theater in World War I in the U.S. Army and was awarded the Purple Heart for wounds received in action. He was a member of the Disabled Veterans of America.

He is survived by one daughter, Mrs. Lucille Vowles, San Carlos, where he made his home for a time during his illness. Three grandchildren also survive. Funeral services will be held Friday, August 27, 10 a.m. from the Melvin Mortuary at Los Gatos with final rites and interment at Golden Gate National Cemetery, San Bruno, The American Legion will be in charge of the rites.

sure they know they would fail. If they tried it, they would be in for a terrible beating."

"All forces in position to do so would assist the 7th Fleet in carrying out its mission," said this highly qualified source, who asked not to be identified.

The 7th Fleet has guarded the Chinese Nationalist stronghold since 1950 and President Eisenhower said only a few days ago that any Red invasion force would have to run over the fleet.

The military source said that in his opinion the recent barrage of Red threats to "liberate" Formosa represents either propaganda

war or a bluff to sound out U.S. intentions on defending the island.

In Taipei, Nationalist officials voiced satisfaction over the statement yesterday by U.S. Secretary of State John Foster Dulles that the 7th Fleet would be justified in defending some Nationalist island strong points off the China coast.

There was mounting speculation that the United States will not keep hands off if the Communists attack such islands as Quemoy off Amoy, Matsu and the Tachens, about 200 miles northwest of Formosa. All lie only a few miles off the mainland coast.

The authoritative military source

here said he thought a "military Southeast Asia to beat back Communist rampart" should be raised in Communist aggression.

Four-Point Crop Surplus Plan Given By Neuberger

A four-point program for making "beneficial and patriotic use" of America's crop surpluses was presented to the Yamhill County Farmers' Grange at Cove Orchard Saturday by State Senator Richard L. Neuberger, Democratic nominee for the U.S. Senate.

"As long as families do not have adequate diets for health and nutrition," said Neuberger, "it is absurd to speak of surplus food as a calamity. Instead, it is an asset."

This was the program which the Senate candidate presented to his rural audience:

1. Use of foodstuffs instead of American dollars to win allies among hungry nations overseas.
2. An expanded School-Lunch program in the schools of the United States.
3. Use of the food-stamp plan to get surplus farm products into the hands of men and women on old-age assistance and any other form of public aid.
4. Careful study of the Canadian family allowance system, which has gotten various foods to households where there are growing children under the age of 16.

"History will record that we have failed," Neuberger contended, "if we permit our own people and friendly families overseas to starve, while nutritious food bulges out of American granaries and storehouses. I, for one, am not afraid to propose imaginative use of this food to solve our world problems."

Neuberger said the Republican program for farmers had proved a "sad disappointment because the prices received by Oregon agriculture for its produce are down 14 per cent since the present administration took office, and yet Oregon housewives are paying more at the supermarket to fill their family's ice box."

Neuberger declared that "middle-men, processors and food brokers were making off with the consumer's dollar while the income of the farmer steadily drops. The profits of meat packers rose 97 per cent during 1953—at the expense of the housewife and the farmer."

Neuberger proposed that rigid price supports be continued at 90 per cent of parity "to prevent a farm depression, which ultimately could engulf every city and town in America in joblessness." He reminded his listeners that the Oregon Unemployment Compensation Fund would run \$15,000,000 in the hole this year "at a time when McKay, Gordon and Patterson are telling us we are at the peak of Republican prosperity."

Tulelake Church Projects Slated

TULELAKE — Members of the Tulelake Guild of the Tulelake Community Presbyterian church outlined projects for the beginning of a busy fall season at a recent meeting. The business session followed a 1:30 p.m. dessert luncheon at which Mrs. Harry Mitchell and Mrs. D. P. Reid were in charge.

The guild will sponsor a rummage sale October 15-16 in the former Pauley building. Clothing, household articles, toys and anything else that is saleable will be welcomed.

The Martha circle of the guild also voted to serve luncheon at noon, September 21 for guests at the state garden club meeting. Martha circle meets September 15 to complete plans for the luncheon. The meeting will be at 1:30 p.m. with Mrs. W. H. Weitkamp and Mrs. Clark Fensler on the serving committee.

Alberta Coker will be in charge of devotions and during the social and business hour, Mrs. Ival Wolfe who traveled extensively in South America will speak on Peru and illustrate her talk with pictures.

Swim Teachers Work At Lake

Instructors at the Red Cross Aquatic School now being held at Lake of the Woods have been recruited from many parts of the west coast and are registered as both professional and volunteer help.

The first aid section is headed by Lester Roberts, first aid and water safety director for Idaho and Washington, together with Mike McGowan who holds a similar position in Utah and Nevada, Murry Brooks for Oregon and Don Adams for Idaho.

Dean of the swimming section is Leslie Peake a volunteer from Oregon City, Oregon. He is assisted by Robert Collier of Oakland, California. Collier was head of the survival swimming course for the Navy in Korea.

The small craft section is manned by an all-volunteer staff. Dean of this division is Stanley Bohman, a captain in the Portland Fire Department and an instructor in Multnomah County Chapter for the past eight years. Lester Peake of Milwaukee, Oregon, has been on aquatic school staffs since 1946 as a volunteer. He is qualified to train instructors in boating, canoeing and sailing. Bill Luscoloff has been a volunteer in Red Cross swimming programs the past four years in California areas, in addition to being a student at the Sacramento State College and a civilian employe at McClelland Field.

Dr. and Mrs. James H. Yant, Sacramento, are also serving as volunteers. Dr. Yant is particularly interested in the Boy Scout movement and Mrs. Yant has served for many years as a volunteer in water therapy work in Sacramento. This phase of the program was initiated as a joint venture of the Sacramento chapter of the Red Cross and the Sacramento County Crippled Children's Society.
