

MARCH OF DIMES emergency appeal got a boost at the 4-H and FFA auction sale Tuesday night. Dorothy Lowell (left) Lowell's Lockers, bought the animal for \$4.50 per pound, from Margaret Colwell (right); donated it for resale to aid polio and Mr. and Mrs. Ray Chase purchased it for \$3.75 per pound. The Chase's donated it for resale a second time, to be auctioned at 1:30 today at Klamath Livestock auction sales; proceeds to go to the emergency March of Dimes appeal. No emergency drive is being conducted in Klamath County due to the fine support given United Fund last year, but voluntary donations will be greatly appreciated. March of Dimes was not, however, included in the United Fund drive.

Jet Ace Dies In Test Flight

EDWARDS AIR FORCE BASE, Calif. (AP)—Death on a routine test flight has ended the spectacular career of Capt. Joseph McConnell Jr., the nation's leading jet ace.

The 32-year-old pilot, credited with downing 16 MIGs in Korea, was killed yesterday when his F-100 Sabre jet crashed on the Mojave Desert, 12 miles northeast of Rogers Lake.

His body was found beside his ejection seat, half a mile from the shattered plane. Nearby was his unopened parachute. An Air Force spokesman said apparently he had ejected himself from the plane at low altitude.

During the flight McConnell had radioed that he had lost control of the plane partially, but thought he could make a landing on the dry lake bed. Soon thereafter he reported he had lost the cockpit canopy. He was advised to bail out. Edwards base officers said he probably stayed with the plane too long.

McConnell, who said his prematurely grey hair came from being the father of three young children and not from his flying, served as a bomber navigator during World War II and later took flight training.

After the fighting broke out in Korea he repeatedly requested combat duty despite being told he was too old. His request finally was granted and he became an ace in just 30 days last year.

After downing his eighth MIG, his Sabre was hit by cannon fire at 40,000 feet near the Manchurian border. He bailed out over the Yellow Sea and a rescue helicopter pulled him from the frigid water.

After his 16th kill, the Air Force grounded him and ordered him home with the comment that he was "much more valuable alive than dead."

The plane he flew yesterday was a modified version of the Sabre jet he used in Korea.

School Cooks Meeting Slated

City and county school cooks from Lake and Klamath counties will have a "cooks' institute" during the regular teachers' institute here.

Date has been set for Tuesday, August 31, at Fairview School, 1917 Donald.

There will be a coffee hour beginning at 8:45 a.m. followed by work sessions. Luncheon will be served at noon and work sessions will continue during the afternoon.

Between 60 and 75 persons are expected to attend.

Students Asked To Register

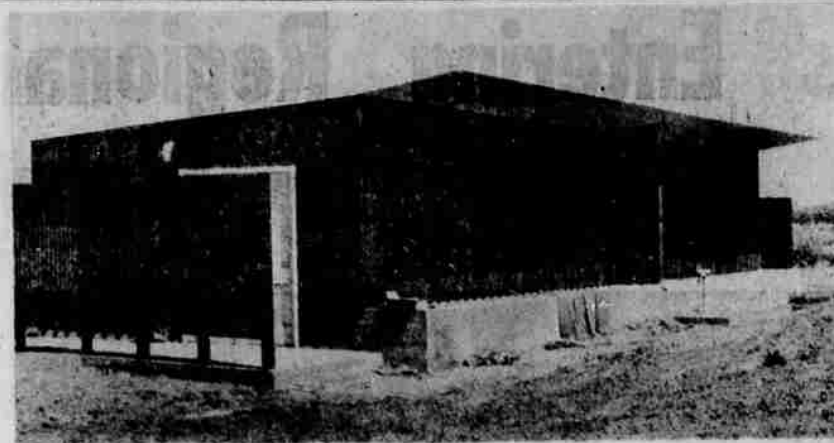

All new Klamath Union High School students who did not register last spring at their respective eighth grade schools and who have not registered at KUHS since should come to room 211 at the high school as soon as possible. Office hours at 8:00 a.m. until noon and 1:00 p.m. until 4:30 p.m. On Saturday the office will be open from 9:00 a.m. until noon only. All registration should be completed on or before Friday, September 3.

KUHS students planning to make any changes in the subjects they signed for last spring must bring to room 211 a written request signed by parent or guardian telling what course is to be dropped and what course is to be substituted for it. These also should be turned in before the deadline of September 3.

Students are urged to get their textbooks and school supplies before school opens. Classes will begin Tuesday morning, September 7 and a full day's schedule will be followed. Textbook lists are available at Shaw's Stationery and Voight's Pioneer Office Supply. The student-used book exchange will be open from 10 a.m. until 3 p.m. on Wednesday, September 1 through Friday, September 3, room 310, high school.
