

PALTER DE LISO is designer of these three deb shoe models which are created in St. Louis by Samuels Shoe Company. From left: De Liso Debs "Hula," a dressmaker calf shoe done in the new elegantly casual manner with slim little heel and flyweight construction beginning low-heel comfort to distinguished daytime costumes; center, "Glee," a distinguished

adaptation of the costume-jewelry theme at the foot of the fashion picture — the simple pump with discreet necklace trim; right: "Josephine," flattering, chic and lustrous is this animated version of this fall's important open look, discreetly jewel trimmed.

TOUCH YOUR LIPS with glamour and allure. Five fun shades to complement your summer-through fall costumes are: Young-time Pink, a soft pale pink to add a glamorous blush to teenage lips; Midnight Pink, a vibrant pink with lilac undertones for moments of high adventure; Midnight, a rich lilac-red to be worn as a challenge; Contraband, a medium brilliant red to lend to lips an alluring color; Apricot Brandy, a golden apricot tone that is all things to all women.
