

# Weed Plans Italian Days Carnival

WEED — Five high school girls of Siskiyou County are contesting, through the individual sale of tickets, for the right to queen the Weed Italian Carnival scheduled for the second annual celebration September 4-5-6, and sponsored by the Weed Chamber of Commerce.

The five girls are Janie Datta, Weed; Beverly Miller, Dunsmuir; Sherrice Bagley, Yreka; Anni Rossi, McCloud; and Arloween Elliott, Mount Shasta. The winning contestant will be crowned queen at the coronation ball, Saturday night September 5, at 11 p.m.

An all-expense paid trip to Hollywood, via air, is planned for the queen and her chaperone. Arrangements are being made for the queen and her chaperone to

tour the film studios and attend several TV programs while in the movie capital.

The dates of the second annual Italian Carnival, September 4-5-6 fall on the Labor Day weekend. Plans are progressing, with the various civic organizations, individuals and business groups for a bigger and better carnival this year.

Saturday, September 4, the carnival will start with the second annual Northern California golf tournament at the Weed course,

Golfers are invited to participate in an 18-hole tournament to commence at 9 a.m. Entries may be made the morning of September 4, at the Weed course, just north of Weed on Highway 99. Prizes will be awarded and handicap scoring will be necessary. The new club house will be open for visitors all three days of the carnival.

A Kiddies parade will commence at noon Saturday with contests, games and a "pig scramble" to follow at 1 p.m. at the Weed recreation park. A junior league baseball game will commence at 2:30 p.m.; carnival booths open at 5 p.m.; and the last event for Saturday will be the coronation ball at 9 p.m. in the Weed Hippodrome.

The main parade of the three-day Carnival is scheduled for 12:15 p.m. Sunday and will be followed by a "spaghetti feed" in the recreation park at 1:30 p.m. The "feed" is open to the public, for the price of a "feed" button, on sale by the merchants of Weed.

A baseball game is set for 2:30 a.m. A tug of war contest will

precede the horse show and racing program at the Fawn Club Arena, south of Weed, Monday, September 6. Prize money of \$50 will go the winners of the men's

contest, and \$25 to the winners of the women's tug of war. The horse show is under the auspices of the Gabelle Horsemen's Club.

JOE HICKS

# Hicks Adds World Toy House Line

"Most of the youngsters in the Klamath Basin want to be cowboys," was the deduction drawn by Joe Hicks, operator of Hicks Grocery Service, 255 East Main, when asked about acceptance of World Toy House toys in the area.

Added to this grocery service, he brought another first to Klamath a few months ago when he established the first distributorship on the West Coast for World Toy House toys. Of the more than 100 varieties of toys he keeps on hand at the local warehouse, he says water pistols and cap pistols in cowboy holsters are by all odds the most popular with the young fry.

After setting up Toy House racks in retail outlets all over Oregon, he entered into a California partnership with Henry Bonifield, Sacramento salesman in this area who had moved to Los Angeles. From the two locations they service more than 1100 retail outlets, using 21 trucks in California and 14 in Oregon.

Each toy has been subjected to at least six different week-long tests in actual use by children, supervised by the St. Paul headquarters of World Toy House. Hicks has just returned from a first hand view of the operation in Minnesota. World Toy House approves only the toys that meet rigid requirements for sustained play value, safety, durability and suitability.

Manufacturers usually package the toys between shipment and 90 per cent are now enclosed in Polyethylene, he says.

Two more Pacific Coast distributorships have been set up, both in the state of Washington, bringing the total of World Toy House distributors to 60 in the nation. The packaged toys, displayed on serve-yourself racks which are replenished several times a month, provide sanitary toys, ranging from a dime upwards, all year round at grocery markets, variety stores, hotel lobbies and drug stores. All toys are marked for suitable age groups.

Although Klamath Falls is headquarters for the state, the city of Eugene carries more toy racks per capita than any other spot in Oregon.

# Mexico Starts Anti-Drink Move

MEXICO CITY (AP) — A small-scale prohibition has invaded Mexico, of all places.

The average Mexican is about the most ardent defender of individual rights in the world. They don't even look up lunatics here, on the theory a man has a right to be peacefully crazy. That makes the advent of prohibition all the more amazing.

Gov. Agustín Yáñez of Jalisco state, which produces the best tequila, started it by closing saloons over the weekend. Police authorities were dubious at first. Now they are mildly enthusiastic and report petty crime is down 40 per cent.

Neighboring Nayarit state on the Pacific coast was impressed and put in a similar closing order Aug. 15. Nayarit bar owners threatened to go on strike. Gov. Limón Guzmán said that would be fine with him. "The saloonkeepers also said that anybody who wanted a drink would just buy a bottle Friday and, anyway, prohibition would only lead to speak-easies. Gov. Guzmán said that at least the country people who sell in the Saturday markets wouldn't be able to spend money in the bars.

# RELEASED

HANOI, Indochina (AP) — An official spokesman announced that French release of 527 Vietnamese at Viet Tri Monday completed the return of 29,068 Vietnamese captives which the French held in North Viet Nam POW camps at the Indochina cease-fire.

# Why be Fat?

Listen to Joanne Dru!

"Ayds does a top job for me," says Joanne Dru. Other women who have followed the Ayds Plan report losing up to 10 pounds with the very first box (\$2.95). When you take Ayds before meals as directed, you automatically eat less—lose weight naturally.

# Spud Meeting Postponed

A meeting of the Oregon-California potato committee which had been tentatively scheduled for September 9, at Klamath Falls has been postponed. The committee was to have considered the recommendation of a 2-inch minimum size regulation. The committee now plans a meeting later in September at which time size regulations will be considered.

In the meantime the committee announced it had voted to send Louie Lyon to the National Potato Council meeting to be held at the Morrison Hotel in Chicago on September 14-15. Lyon is a potato grower from the Malin district and a director of the National Potato Council.

In announcing the Chicago meeting, W. M. Case, executive director of the national council, told potato men that the council hopes to expand an industry-wide, coordinated, marketing program. He pointed out that the 345 million bushel potato crop forecast for 1954 is not nearly as large as last year's crop but is well above the 339 million bushel production recommended by the USDA. Experts from retail and wholesale fields will be present to help develop promotion plans, Case announced.

# AA To Hear Van Vector

District Judge D. E. Van Vector will discuss the legal side of the alcoholic problem Friday night at a meeting of the Klamath Falls group of Alcoholics Anonymous in the AA Center, 120 Riverside, Maple Park.

The meeting which is scheduled to start at 8:30 p.m. will be open to all persons having an alcoholic problem or who are interested in AA's program for aiding uncontrolled drinkers.

Dick C., one of the founders of Alcoholics Anonymous in Klamath Falls, said the organization is rapidly growing. He pointed out that more young persons than ever before have been attracted to the AA program.

"A few years ago," he said, "about the only alcoholics who turned to AA were those who had hit bottom and had no place else to turn. It's an altogether different story today. Persons who sought AA help were nearly always in their late forties or early fifties."

"At present or earlier persons are joining AA before they have lost their jobs or suffered other serious setbacks due to uncontrolled drinking."

Dick C. also pointed out that Alcoholics Anonymous has nothing to offer the social drinker.

"We are not interested in 'Saturday night drunks' or persons who can take it or leave it alone," he concluded. "Our program is for those persons who cannot control their drinking and whose lives, as a result, have become unmanageable."

# EXPLOSION

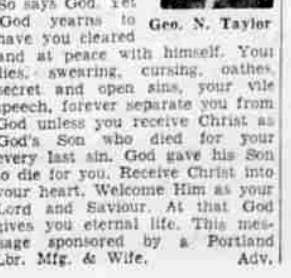

HAMBURG, Germany (AP) — The HAMBURG newspaper Die Welt reported Monday that a newly built Soviet oil refinery near Stalingrad was destroyed by a tremendous explosion Aug. 14. The newspaper said hundreds were killed, including two prominent officials in the Soviet oil industry.

# GROCCER HELD BAG

Geo. N. Taylor

The new-comer paid cash to begin with and later ran a charge account. Then one night he left town with wife and kiddies, leaving the grocer to hold the bag.

God knows all the thoughts and the intents of the heart and so it was that God knew the man's intent to leave the grocery bill unpaid. Every heart included, is deceitful above all things and desperately wicked. Yet God yearns to have you placed and at peace with himself. You lie, swear, curse, oaths, secret and open sins, your vile speech, forever separate you from God unless you receive Christ as your God. Receive Christ into your heart. Welcome Him as your Lord and Saviour. At that God gives you eternal life. This message sponsored by a Portland Lbr. Mfg. & Wife. Adv.
