F.O.E. Plans Fishing Film

"God's Country," an action-packed color movie dramatizing the age-old argument of whether the fightingest fish come from fresh or salty waters, will be shown at F.O.E. meeting at 9th & Walnut, September 10, 9:30 p.m. by Clarence Ward.

Filmed in both Florida and Canadian waters for Johnson Outboard Motors, the plot is built around two fishing buddies who quarrel over the relative merits of north and south angling. The argument is resolved by trips to each locale.

Pike, muskie, speckled and lake trout yield to the anglers in the island-studded wilderness waters of Canada's God's Lake region. High sport of the southern jaunt are the strike and line-battering run of bonefish on Bahama reefs, tarpon and snook in the everglades, and walleye and sailfin landed by outboard boat in the Gulf Stream.

This showing is free and all members and guests are welcome to attend.

Mrs. Seixas travels widely accompanying her husband, the tennis star, to national and international tournaments.

"I serve BLUE BONNET Margarine at our home table because nowhere do I find as pure with such uniformly sunny-sweet flavor, spreading smoothness and high food value. Unlike most other margarine, BLUE BONNET contains both vitamins A and D. It is truly first, in my opinion, for Flavor, Nutrition, Economy!"
