STOCKS

WALL STREET
NEW YORK (AP)—Strength in the steel and aircraft Tuesday braced an advance in the stock market in the late afternoon.
In many areas, gains of 1 to around 2 points were frequent. Losses in almost all cases were below a point.
Trading was brisk in early stages, but the pace slackened later. Business amounted to an estimated 1,700,000 shares. That compares with 1,630,000 shares traded Friday in an advancing market.

Forestry Men Hold Meetings

PORTLAND (AP)—Delegates to the American Forestry Assn. convention Tuesday toured forest products plants at Longview, Wash.

Monday's day-long session here, delegates heard talks on various aspects of the lumber and forest industry.

Oregon Gov. Paul Patterson reviewed the tree farming program in Oregon and Washington. He said that in 1933 13 Oregon and Washington counties had 1,563,000 acres of idle forest land. In 1952, a survey showed only 175,000 acres of non-stocked forest land in those same counties. The impact of the tree farming program on the economies of the two states is "impossible to calculate," Patterson said.

J. P. Weyerhaeuser, Tacoma, president of the huge Weyerhaeuser Timber Co., said that tree farms produce three crops—lumber, water and wildlife. The farms "lay a vital part in the industrial life of the entire nation by supplying the raw materials for building, packaging, clothing, transportation and communication," he said.

Conservation awards were announced at Monday night's banquet. Among recipients was Palmer Hoyt, publisher of the Denver Post and former publisher of the Oregonian, for his work in the field of public information.

Rep. Harris Ellsworth (R-Ore) is to speak on "The Role of Forestry in the Pacific Northwest," at a dinner meeting Tuesday night.

A trip up the Columbia River Gorge was scheduled for Wednesday. The conference is to close Thursday after an all-day tour of Clatsop and Columbia County tree farms.

Hot Weather Scores South

By THE ASSOCIATED PRESS
More hot weather was the outlook Tuesday for broad areas of the country but it was cool along the northern tier of states.

The early September heat wave sent temperatures to record marks for the date in many parts of the sweater belt Monday. The searing heat extended over the southern half of the nation with temperatures of 90 or above northward to Green Bay, Wis., in the Midwest and to Philadelphia along the East Coast.

Some cooler air out of Canada pushed southward across the northern and central plains during the night and caused thunder showers along its leading edge. Showers early Tuesday were most frequent in Iowa and Missouri.

Temperatures ranged to 10 degrees in Maryland Monday, with Baltimore's 96 equalling an all-time high for the date. Fifty heat prostrations were reported at the Maryland State Fair while 24 persons were treated at the Baltimore-Cleaveland baseball game.

Woman Matador Badly Injured

CIUDAD ACUNUA, Mexico (AP)—Patricia McCormick, 24, of Big Spring, Tex., remained in critical condition today in a hospital at Del Rio, Tex., across the Rio Grande, from the gorilla she received here Sunday.

She might have been killed instantly but for Alejandro del Hierro of Juarez, an ex-matador who trained Pat to fight bulls.

Del Hierro jumped into the ring, ran to the bull and pulled the girl from the horns after it charged and lifted her into the air. An understudy matador drew the bull's attention with a cape and killed it.

Del Hierro said here yesterday in halting English he did not think about not having a cape or of danger to himself when he rushed in. He said he "had no time for caution."

Grains
CHICAGO GRAIN
CHICAGO (AP)—Grains moved higher on the board of trade Tuesday with wheat and rye again standing out with largest gains. All rye futures made new seasonal highs, as did March, May and July wheat.

Buying in these two cereals was based in part on deteriorating crop conditions in Canada, primarily a result of rust damage. Rains over the weekend in the dominion were not considered favorable from the standpoint of checking the spread of rust.

Wheat closed $\frac{1}{4}$ - $\frac{1}{2}$ higher, Sept 2.18 $\frac{1}{2}$; corn $\frac{1}{2}$ lower to 1 $\frac{1}{2}$ higher, Sept 1.03 $\frac{1}{2}$ -1.04; oats $\frac{1}{2}$ higher, Sept 70 $\frac{1}{2}$; rye 3 cents to 5 $\frac{1}{2}$ higher, Sept 1.43; soybeans 2 $\frac{1}{2}$ -5 $\frac{1}{2}$ higher, Sept 2.99 $\frac{1}{2}$ -2.99, and hard 3 cents lower to 28 cents a hundred pounds higher, Sept 16.97-17.00.

Klamath Has Quiet Holiday

One of the quietest and safest three-day holidays in the Klamath Basin in several years, is the way law enforcement officers described the Labor Day holiday.

Only two traffic accidents were reported by Oregon State Police and one by the California State Patrol. City police reported the usual run of intoxicated persons jailed for over-indulgence.

The Parkmor Driven, 4054 South Sixth, was broken into Sunday night and \$23.85 taken from the cash register, officers reported.

No injuries resulted from a one car accident about 10 miles south of the Diamond Lake junction on Highway 97 Sunday evening when a car operated by John A. Kroening, 1390 Jefferson Street, Salem, got out of control and ran off the highway. Passengers in the car were Kroenings wife and William Bodhan, also from Salem.

Early Sunday morning two cars crashed near the Swan Lake-Highway 66 junction east of here when an eastbound car driven by Marion Lloyd Cain, Beatty, and another operated by Emily Hooker Phillips, of Grants Pass met almost headon.

Passengers in the Phillips car were 4-month-old Ronald Phillips and 1-year-old Floyd Allen, of Murphy, North California. Both cars were badly damaged but no serious injuries resulted.

Details of another accident which occurred near Madocoei, Monday, were vague. Oscar Ullman, 548 Fourth Street, San Francisco, was brought to the Klamath Valley Hospital for treatment after his car reportedly ran off the road. His condition is not considered serious.

Lumber Plants Hit By Fires

By THE ASSOCIATED PRESS
Two Oregon lumber products plants were damaged by fire Monday.

Losses was estimated at \$15,000 in a blaze at the huge Timber Structures, Inc., plant at Portland. Firemen said sparks from a boiler room apparently ignited a sawdust storage bin at the big fabricating plant.

The Arch Cape shingle mill eight miles south of Cannon Beach was destroyed in a blaze whose cause was not immediately determined.

E. V. Schultz, owner, said the plant would be rebuilt. He estimated damage at between \$25,000 and \$40,000.

Astoria Salmon Derby Held

ASTORIA (AP)—A 49-pound, 7-ounce fish caught last Friday brought Ernest Weiss of Seattle \$2,000—first prize money in the Astoria and Chinook salmon derbies.

The same fish was the daily winner in both derbies, bring Weiss' total winnings to \$2,300.

Horace R. Craft of Centralia, Wash., won the Warrenton Derby with a 49-pound, 3 1/2-ounce salmon which he caught Sunday. The same fish brought him the second prize of \$500 in the Astoria derby.

An estimated 1,000 boats were in the river Monday, the final day of the three 10-day derbies.

Daily winner in the Astoria and Chinook derbies Monday was Floyd Mead of Bremerton, Wash. The Warrenton daily winner was John Bejan, Seattle.

Local Apartment Broken Into

City police were called late Saturday night to 1110 Martin Street where for the second time in the past month someone had broken into an apartment occupied by Deb Lyman, bartender at the Drumstick Tavern.

Officers said the culprit had broken out a small pane of glass from the back door, reached in and unlocked the door. After gaining entrance eggs were taken from the refrigerator and broken all over the apartment, some were thrown at the ceiling and walls.

Curtains were torn from the windows and curtain rods and brackets torn from the walls.

Shortly after midnight officers were again called to the same address when it was reported a Coca Cola bottle had been thrown through a kitchen window. In the bottle was a note with the words "Ha ha ha" printed on it. The bottle apparently was tossed by someone walking past the apartment, officers stated.

Lyman could give officers no clue to the identity of the culprit.
