

Police Probe Stabbing Fray

OMAHA (AP)—A grand jury and police worked today to put together the story of a stabbing fray involving a college psychologist, a wife who went to the psychologist for advice on saving her marriage and her husband.

Police held Dr. Claude E. Thompson, 42, University of Omaha staff member, at the same hospital where Francis W. Luther, 38, an insurance underwriter, was in serious condition from six stab wounds.

Police said the information they had from Luther, Dr. Thompson, Mrs. Luther and Donald Leroy Junge, Omaha, friend of Luther, was:

Dr. Thompson and Mrs. Luther met in a tavern where Luther and Junge located them and watched from a parked car until the professor and Mrs. Luther left and entered Dr. Thompson's car. A few moments later, Luther approached the car. There was a tussle, Dr. Thompson said "all of a sudden, bloody, I saw a few stars and I don't remember anything that happened after that. Junge said he saw Luther hit Thompson but did not see a stabbing.

Mrs. Luther, who sued her husband for divorce in July on extreme cruelty grounds and then was faced with a counter petition charging adultery, appeared before the grand jury yesterday, less than 24 hours after the fray. Police said she declined to give officers a formal statement.

Tiger Treated After Zoo Fight

BALTIMORE (AP)—The year-old Sumatra tiger at the Baltimore Zoo has been put under anesthesia following a between-the-bars fight with a neighboring lion.

Fifty stitches were taken in the tiger's foreleg and the zoo's veterinarian said his condition was satisfactory.

Yesterday the wounded warrior was given penicillin and medicine to help counteract the anesthetic. He has been asleep more than 24 hours.

Arthur R. Watson, zoo director, said he wanted the tiger to sleep for a long while, so the leg would be less painful when he became conscious. The less pain, he said, the less chance there is that the tiger will tear his bandages or rip out his stitches.

SP Uses TV In Rail Yards

LOS ANGELES (AP)—The Southern Pacific is testing use of television as an aid to railroad freight yard operations.

Two TV cameras have been installed atop the general yardmaster's tower 60 feet above the yard, along San Fernando Road. One has a wide lens; the other a telescopic lens.

A viewer at the desk of terminal superintendent G. J. Matt gives him a wide picture of car movement, make-up of trains and switching operations in the 40-track yard. At the press of a button he can get a closeup of operations 2,000 feet away.

GLEN D. JONES, assistant cashier of the South Sixth Street branch of the First National Bank, has resigned his position and will leave Sunday for Minden, Nevada, where has accepted the position of manager of the First National Bank there. Mrs. Jones and the children will remain here until housing can be arranged.
