Phenix City Voters Guarded By State National Guards

PHENIX CITY, Ala. (P)—Phenix City voters who once felt the clammy grip of racketeer rule elect a new city commissioner today under the protective guns of watching National Guard troops.

And during the day, a racketeering grand jury ending a two-week recess was to resume its investigation of widespread vote frauds in another election, the Democratic primary last May.

Two heavily armed National Guardsmen, part of the military force that has taken over law enforcement in once-wicked Phenix City under limited martial law, were assigned to patrol each of

the city's 11 voting places from 8 a.m. when the polls opened until they close at 6 p.m.

They were ordered there by Gov. Gordon Persons to show "the rest of Alabama and the nation that Phenix City can have an honest election."

Only one seat on the three-man city commission was at stake, that of the veteran Commissioner A. L. Gullatt who declined to seek re-election. Mayor Elmer Reese and Dr. Seth Floyd, the other two members, held over.

Reese is already under grand jury indictment for willful neglect of duty because of the wide open gambling which flourished in the notorious Chattahoochee River dens in the lush days before the slaying of crime-buster A. L. Patterson brought on the present cleanup.

Five candidates ran for Gullatt's place on the city governing body— which pays \$155 a month for the part time work it requires. They are Tom Corley, Judge John A. Freeman of the Russell County Superior Court, Grover F. Harden, Dr. Clyde M. Knowles and Wade H. Marlowe.
