Unless You're a Two Car Family

YOU NEED THE BUS!

89 per cent of all car owning families have only one car. If the car stays at home the working members need public transportation. If it goes off to a parking lot all day the other members of the home are without transportation.

There are days, too, the car can't or won't run. There also are bad weather days when the car should stay in the garage.

If You Want To Be Sure To Have Your Bus Service When You Need It . . . Use It Now, — At Least Once A Week.

SACRED HEART NOTEBOOK

BY BEATRICE WALSH

This week has seen a rush of fund-raising activities. The sophomores are having a dance tonight in the parish hall from 7:30 to 11 o'clock with refreshments of punch and cookies promised. They also held a cupcake sale in the gym today. Naturally, the proceeds from both will go towards the hop.

Juniors are preparing to launch a Christmas card sale for the prom fund.

A selected group from the high school choir will sing for the wedding of SHA alumna Maxine Patsch Saturday at 1:30 p.m. in the Sacred Heart Church.

Journalism students are making plans to attend the Sixth Annual Catholic Press Conference at Gonzaga University in Spokane, Washington, the end of October.

All the girls began wearing uniforms today. The skirts have been changed slightly since last year.

Holy Hour services were held yesterday afternoon. The usual first Friday breakfast was served in the parish hall this morning after Mass by the Mother's Club.

CANDIDATE

CHICAGO (AP)—Sen. Paul H. Douglas (D-Ill.), seeking reelection for his second term, was assured of another vote yesterday. His daughter, Jean, 21, appeared in the election commission office in the city hall and registered to cast her vote in the Nov. 2 election.

ANOTHER SILVER LAKE WELL started producing last week on the properties of the Brewers' Enterprises, a Sacramento outfit. The well, put down by Pat McGinley, boasts an 18 inch pipe and a flow of some 5000 gallons per minute. This is just one of a number of wells that have been put down in that area. "Dryhole" McGinley is at present in San Francisco taking in the world series on TV.

Drought Area Aid Reported

At the present time alfalfa hay being shipped into the northern portion of the nation's drought area is coming from Montana, South Dakota, ebraska, and a small quantity from Idaho. The drought area extends from Wyoming south to Texas including parts of Colorado and New Mexico and eastward into Oklahoma, Arkansas, Nebraska and Missouri.

The state of Wyoming has not set up a state hay buying program, but instead the rancher buys the amount of hay he needs from any possible source and the state helps pay part of the transportation, not to exceed $10 per ton, to the rancher. For example, hay shipped into the drought area of Wyoming, for $2 per ton fob, with transportation costs at $12 a ton, the rancher pays the full $32 but receives $6 back from the state on transportation charges.

Other drought states farther to the south and east are generally buying their hay needs from areas closer than the Pacific Coast at the present time.

Army Team To Rent New Mule

ANN ABOR, Mich. (AP) — The Army sent advance parties into Ann Arbor today. But their motive was embarrassing.

The Army, which faces Michigan on the football field tomorrow, has a common mule for its mascot. An officer was sent from headquarters at West Point. His objective: to rent a mule for the game.

The regular mascot, as usual in away games, couldn't make the traveling team.
