

WRAP CHILI IN CORN CAKES for a tasty winter meal. Here is an easy change from routine fall and winter meals, a quickly prepared dish that is different, combining canned chili and delicious corn cakes. Self-rising corn meal adds health value, for this type, which has the baking powder ingredients and salt scientifically added at the mill, supplies beneficial calcium. Tests show that two cups of self-rising corn meal provide as much teeth and bone-building calcium as three glasses of milk.

LOST YOUR SPARKLE? Cast off summertime shadows and regain your blonde magic with the lustrous light of Floroz. In addition, regular and thorough brushing is a must. A good 100 strokes a day with a firm brush helps to keep the hair clean between shampoos and stimulates the scalp. If your hair is normal or dry, brush thoroughly; then pour a small quantity of Tussy's Floroz into a dish. Divide the hair into strands and apply Floroz with cotton or small brush from the roots of the hair to the ends. Then comb hair to spread Floroz evenly. When thoroughly dry it's time to shampoo and set. For oily hair, shampoo before and after applications. Coddle your hair with daily consistent care and it will respond gratefully, benefiting you with its shining, gleaming, healthy condition. — Photo courtesy Tussy Cosmetics.

Quick dessert: Bake a can of ready - prepared refrigerated biscuits according to package directions. As soon as you remove them from the oven split and spread them with butter. Fill them with thawed frozen strawberries or raspberries, spoon a little of the fruit over the top, add big dollops of sweetened whipped cream and serve at once.

When you are making sandwiches for the lunch box, never use melted butter for spreading the bread before adding the spread. Melted butter has a tendency to make the bread soggy; use creamed butter or margarine instead.

Mix a couple of tablespoons of French dressing with half a cup of mayonnaise; add chili sauce or catsup, Worcestershire sauce and prepared horseradish to taste. Serve with a seafood salad.

CORN CAKES AND CHILI

The delicious flavor of corn meal complements that of chili, and the corn cakes have the additional advantage of not becoming soggy from the gravy. The granular texture of corn meal prevents this.

CHILI CORN CAKES

- 2 cups self - rising corn meal
- 2 slightly beaten eggs
- 3 cups milk
- 4 tablespoons melted margarine
- 2 cans chili

Combine eggs, milk and melted margarine, and add to self-rising corn meal. Stir well each time before pouring by tablespoonful on medium hot greased skillet. While pancakes are cooking, thoroughly heat chili. Put generous portion of chili on each cake after baked, roll and serve piping hot.

Note: If self - rising corn meal is not used, mix 1 teaspoon baking powder and 1 teaspoon salt with corn meal before adding liquid.

CUSTARD CAKE

Make your favorite cup cakes. Hollow out centers, then fill with custard sauce, a little heavier than usual, adding one or two more eggs. Chill in your refrigerator. Fill centers of cup cakes, garnish with cherries or a fruit sauce and serve cold.

THIS EASY-TO-MAKE cheese rice pudding will serve four or five and it's very simple and quick to prepare. Recipe and picture comes from American Dairy Association in Chicago.

CHEESE RICE PUDDING

- 1 1/3 cups (8-ounce package) packaged pre-cooked rice
- 1/2 pound Cheddar cheese, grated (about 3 cups, loosely packed)
- 1/4 cup thinly sliced onion
- 1 tablespoon butter
- 2 egg yolks, slightly beaten
- 1 can condensed tomato soup
- 1 can water (use soup can to measure)
- 1 teaspoon Worcestershire sauce
- 1/2 teaspoon salt
- 2 egg whites

Butter 1 1/2-quart baking dish. Spread one-half the packaged pre-cooked rice in even layer on bottom. Cover with one-half the grated cheese. Sauté onion in butter until lightly brown. Spread over the cheese layer and cover with remaining rice. Combine egg yolks, tomato soup, water, Worcestershire sauce and salt, mixing well. Pour carefully over layers of rice and cheese. Bake in moderate oven (350 degrees) 30 minutes, or until firm. Meanwhile, beat egg whites until stiff. Fold in remaining cheese. When pudding is firm, remove baking dish from oven. Spoon cheese mixture onto rice mixture in baking dish in a circle around the edge, leaving center uncovered. Return to oven and continue baking until lightly browned — about 10 minutes. Serve hot from baking dish. Serve with crisp bacon and a green salad if desired.

MELTING CHOCOLATE

Chocolate scorches easily because it contains fat and starch but little water. Place as many unsweetened squares of chocolate as your recipe calls for in a small, round-bottomed bowl and melt over hot, but not boiling water.

Do you include milk in your diet every day? If you are inclined to skip this food, you might remind yourself that three cups of milk a day provides enough calcium for the body needs of a moderately active adult. This amount of milk also furnishes all the day's needs of riboflavin and at least one-third of the protein, in addition to some vitamin A, some thiamine, and a small amount of iron.

Fill a tomato aspic ring with creamed cottage cheese sprinkled with chives or parsley. Surround the ring with lettuce cups and deviled eggs. Serve for lunch with a hot soup and crisp rolls and butter.

remaining rice. Combine egg yolks, tomato soup, water, Worcestershire sauce and salt, mixing well. Pour carefully over layers of rice and cheese. Bake in moderate oven (350 degrees) 30 minutes, or until firm. Meanwhile, beat egg whites until stiff. Fold in remaining cheese. When pudding is firm, remove baking dish from oven. Spoon cheese mixture onto rice mixture in baking dish in a circle around the edge, leaving center uncovered. Return to oven and continue baking until lightly browned — about 10 minutes. Serve hot from baking dish. Serve with crisp bacon and a green salad if desired.

CHRISTMAS FOR CATS
When you are making toys for the youngsters for Christmas, don't forget the feline member of the family. Kitty will love a catnip ball or pad. The herb can be purchased in small quantities at the drug store and distributed through the stuffing of a ball, mouse, or pad for the hearth.
