U.S. National Report Told

Total deposits at the United States National Bank have increased more than 37 million dollars since the end of September, 1953.

Total deposits for the state-wide system stand at \$675,805,650 as of October 7 as compared with \$638,789,631 on September 30, 1953.

The Klamath Falls branch reported deposits totaling \$12,929,709.98, according to W. A. Huggins, manager.

The U. S. National now shows loans and discounts in the amount of \$245,896,891. Loans and discounts total for the Klamath Falls branch was \$3,668,476.45.

Growing in size and service to the state of Oregon, the U. S. National now lists total resources of \$732,933,021, a gain of well over 39 million dollars in the past 12 months.

Announcement was made October 9 of a proposed merger of the U. S. National Bank, Commercial Bank of Oregon with 11 branches and the Bank of Albany which would further widen the service of the U. S. National in the state. The merger will be submitted to the shareholders of the three banks for ratification the latter part of November.

UAL Officials Hold Meeting

Plans for United Air Lines' expanded fall and winter operations were among many topics of a two-day meeting of company operating experts at Salt Lake City from which Cy Palmer, Klamath Falls manager, has just returned.

More than 130 members of the company's transportation services administration from 80 cities on United's nation-wide system attended the sessions. The group was greeted by Governor J. Bracken Lee of Utah, and later heard W. A. Patterson, United president, and key officials.

Other major subjects covered were further integration of new Douglas DC-7s in long-range operations, utilization of additional new equipment scheduled for delivery in the next two years and expanded all-cargo operations.

Escaping Cons Caught By Dogs

MONTGOMERY, Ala. (AP)—Three convicts trying to escape from a work detail ran smack into the Kilby Prison dog trainer, who had his bloodhounds out searching for a prisoner who made off in a previous break.

Clyde Carpenter and his bloodhounds had been hunting for a Negro who escaped Tuesday when a radio alarm went out for three white convicts who had just taken off in a state truck from a work detail.

A few minutes later, Carpenter spotted the stolen truck and gave chase in his truck. The convicts abandoned their vehicle, and Carpenter soon rounded all three up with his bloodhounds.

Russians Halt Radio Campaign

BELGRADE, Yugoslavia (AP)—Yugoslavia's Communist organ says the Russians have halted their six-year radio war against President Tito. The action is part of the Soviet bloc's current campaign for better relations with its former partner.

The Yugoslav party newspaper Borba said last night Moscow had stopped jamming Radio Belgrade's broadcasts in Russian and the Kremlin's anti-Tito Radio Free Yugoslavia stopped its broadcasts from Moscow two weeks ago.

U. S. CONGRESSMAN and Mrs. Sam Coon, with one of Tuesday's coffee hostesses, Mrs. James Hunter, center, 2851 Wiard. GOP candidate for reelection and his wife, Opal were guests at closely spaced coffee hours in Klamath Falls homes; and spent the entire day getting acquainted with local voters. Mrs. Hunter, Democrat, will fulfill civic duty November 2 as member of a counting board.

Uranium Prospectors Hunt Precious Metal Over West

SALT LAKE CITY (AP)—A rush which at times has brought memories of the California gold rush of a hundred years ago has scattered uranium claims across Utah and other Western states.

It has been marked by feverish searching for the A-bomb metal, with a modern Geiger counter replacing the old-time pan; by a surge of stock sales that took an estimated 14 million dollars from hopeful get-rich-quick speculators.

The fever largely is gone but the boom continues.

And Milton H. Love, director of the State Securities Commission, says he is confident that a permanent, well-established uranium industry will result.

Love provides the estimate of 14 million dollars in stock sales. He predicts that 20 per cent—one in five—of the companies which have sold stock will prove profitable. But he emphasizes that it is still too early to speculate on their probable profit, with most still engaged in exploration and development work only.

There have been two phases to the uranium boom in Utah.

The first was the rush of prospectors—many of them amateurs—to the barren hills and valleys, principally in southeastern Utah.

The second was the marketing of stock by new companies formed to enter the uranium field.

There are no accurate figures as to the number of prospectors. The Atomic Energy Commission says the peak came in the spring and early summer when literally thousands tramped the area in search of a strike.

Interest has waned somewhat but the AEC exploration office here says it still is receiving up to 300 inquiries a month from persons wanting to try their hand at prospecting.

What are their chances of hitting? There is no sure answer. One AEC official said, "Maybe one in a thousand."

Lure for the prospectors is a \$10,000 bonus offer. The AEC says discovering and developing a mine it will pay that amount to anyone producing 20 tons of ore of 20 per cent uranium content.

So far no one has earned that bonus.

But the AEC, which at present is the only legal purchaser of uranium ore, says that ore of as little as two tenths of 1 per cent uranium can return the producer a profit. Payment for the ore is based on the uranium content.

The stock sale surge came in early summer. Brokerage offices at times had to lock their doors to control the flood of prospective customers. Stock issues often were oversubscribed before certificates were issued. Sales boomed to as high as three to five million shares per day.

Now brokers say volume is a third to a half the average of the early summer boom. Purchasers are asking for information on a company's prospects before they buy.

Sally Rand Files Bankruptcy Motion

LAS VEGAS, Nev. (AP)—Famous dancer Sally Rand filed a petition in bankruptcy yesterday listing among her \$950 assets four used fans valued at \$25 each. She reported liabilities totaling \$2,047,380.15.

Her lawyer, Dave Zenoff, said most of the liabilities involved a two-million-dollar suit against her growing out of a corporation dispute.

Raft Floats Across Ocean

PAGO PAGO, American Samoa (AP)—The balsa raft Seven Little Sisters, on which 61-year-old William Willis set out from Peru last June 22 with a parrot and a cat, was reported sighted yesterday 20 miles off Pago Pago.

The governor of Samoa said he and a party would go out on the Maunui, a tele-communications ship, and tow Willis to port, ending an odyssey of drifting on currents used by six Scandinavians on the raft Kon-Tiki seven years ago.

When Willis bade goodbye to his wife Bess at Callao, Peru, and set forth on the Humboldt Current in his 35-foot, twin-masted craft, he said he expected his ocean wanderings to cover around 11,000 miles in eight months. His purpose: "to show that a lone man can conquer the ocean."

He made the journey in less than four months, presumably by shortening the course. He had steering apparatus on the raft.

In New York City last night, his wife, informed of the sighting of the raft, exclaimed: "I'm so very happy. All I care
