Eisenhower Ends Vacation; Plans Major Farm Speech

By MARVIN L. ARROWSMITH DENVER (AP)—President Eisenhower ends an eight-week work-and-play Colorado vacation today and heads back to Washington via Indianapolis, where tonight he makes a major farm speech the Republicans hope will win them votes.

The President and Mrs. Eisenhower, both well rested and reluctant to leave, were scheduled to take off from Lowry Air Force Base at 1 p.m. and to arrive in Indianapolis about 5:50 p.m. Their private plane, the Colum-

bine, is due in Washington shortly after midnight. Eisenhower's address at Butler University field house in Indianapolis tonight is being billed by the White House as "nonpartisan" but it's on an important congressional campaign issue—the administration's controversial farm program.

And the Republican National Committee is footing the bill for a half-hour nationwide radio broadcast of the address (NBC) and a 60-station, 15-state farm belt telecast (Du Mont).

The President will start speaking at 9 p.m., EST. Despite the "nonpartisan" label, GOP farm area leaders are counting heavily on the President to bolster the party's campaign to keep control of Congress in the Nov. 2 elections. Last night the President celebrated his 64th birthday at a dinner at a downtown hotel with Mrs. Eisenhower and a small group of

close friends. Birthday gifts have poured in from all over the nation. They include two calves for his Gettysburg farm in Pennsylvania—one a Black Angus, the other a Hereford; trout rods and reels; an old scotch bellows for the farm fireplace; and outdoor barbecue equipment, also for use at the farm. Aides said Eisenhower is going

back to Washington more rested and relaxed than he has been in a long time. He got in a lot of golf and fishing, but the White House emphasized he did a lot of work too.

It put out a tabulation stating among other things that in the eight weeks:
