REFLECTIONS FROM

AT THE GERBER RANCH — From Berkeley AND for hunting— have arrived the Henning Jensens — Mrs. J is Mariam C's sister, Dorothea — they'll be at Henry and Mariam's Bly country ranch headquarters for about 2 wks just for ducks (and deer) — The Gerbers had just waved goodbye to other houseguests — Deb and Peg Addison, Barney and Bab Barnhiser and Georg Stevenson — who annually share hospitality at Horsely Ranch — incidentally all the hunting in that hunters' mecca so far this season has produced (at press time) only ONE deer — and that was brought down by hostess Mariam — She got a 208 lb. four - pointer — outweighing Olive Gregory's by 5 1/2 lb. — which indicates that some bucks gain points instead of pounds.

TO MAKE THE ROUNDS — at all the coffee — Tuesday — Congressman Sam Coon and his wife Opal were chaperoned by Amy (Mrs. Laurence) Brown — and from morning until evening they had time while driving from one visit to another for considerable conversation — Amy mentioned that her maiden name was Coon and the ensuing exchange of where their families came from it developed that both of their grandpappy Coons had come from Pennsylvania — Sam Coon's settled in Utah and Amy's in Oregon at about the same time — Amy was struck by the marked family resemblance between the congressman and her Coon relatives — It's certain that the GOP candidate for reelection made a lot of new friends while here this week — now it seems he's acquiring new relatives too.

The unburied and friendly manner of the Coons during the entire day made the brief stops seem leisurely — one stop — in fact the last of the day at the Ted Butler home on Arthur Street — was a grand finale to the town tour — with Mrs. Butler's father, Harvey Conner making wry remarks and asking pertinent questions with witty asides — all met with direct replies by the congressman during the hilarious and informative visit — and as reported to

A GIRL!! . . . and WHAT a gall born to Bud and Shirley Gates last night Oct. 13 — in Manhattan Beach — EIGHT pounds TWELVE ounces! — Cynthia DeHaven Gates — with raven tresses — and according to excited report from g-p's Paul and Inie Dalton — the tresses are long.

Card Party LANGELE VALLEY — Mrs. Mue Gale gave a delightful party at her home on October 11, at 2 in the afternoon.

Bridge was played, with Mrs. Ernest Graves winning high prize; Mrs. Paul Monroe, second high; Mrs. Ted Albert, low; and Mrs. Owen Peppie, traveling. Delicious refreshments were served by Mrs. Gale to Blanche Gowen, Velda Hale, Betty Peppie, Birdie Burk, Peggy Alberts, Vi Harris, Madge Monroe, Stella Dellinger, Dicie Smelcer, Margarett Burnett, Gertrude Graves, Fay Weimer, Vivian Sullivan, Betty Rice and Cora Leavitt.

During the refreshment hour, each member revealed her secret pal for the past year, and drew a new one.

Now Everyone Can Play on Instrument You can play the Hammond Chord Organ, yes, even though you have never played any instrument and cannot read a note of music.

We know this sounds impossible. But remember only a short time ago atomic energy and even radio were seemingly just as impossible. And the Chord Organ is just as revolutionary in its field.

Thousands of adults from every walk of life who have taken the time to investigate have found that everything claimed for the Chord Organ is true. And thousands have found an enchanting new hobby and an absorbing new interest in life.

Come into the store when you have fifteen minutes to spare. You may find it the most interesting quarter hour you have ever spent. We enjoy explaining the Chord Organ and you are under no obligation whatsoever.

Hair Style - Free Sample GLAMOUR has it that hair is to remain short but unbroken in line. The change is not continually rather than in length. A recent coliffure by Michel of Helena Rubinstein sets the glamour girl trend — earlobe length, unperted, the ends turned crisply outward. The hair is shaped but unchopped, an even sweep from root to tip. Hair should look as though you're run your hands OVER it . . . not through it. Speaking of glamour, Girls, it's IT-SA-MAZING, the sensational lotion for the CHARM CENTER and you're invited to drop in for a FREE sample demonstration without any obligation, just bring this notice. Martha loves it and doesn't use any de-metries, night cream . . . or blushing in cream anymore. It's a superb foundation for your favorite make-up, too. Furthermore it's guaranteed. You get your money back if you don't like it well enough to tell your friends about it. The address, 1215 Main . . . the place . . .

Home Decoration Plants A profusion of flowers and plants were used recently at a showing by the American Institute of Decorators as important elements of decoration in every style of room interior. Handsome flowers and foliage were skillfully and imaginatively arranged by these top-level decorators — to accent room colors, to provide interesting color and texture contrast, to create dramatic focal points for rooms and table settings. Potted plants, both green and flowering varieties were used lavishly on terraces and dining loggias, in garden areas, or barked importantly to soften and enhance interior architecture.

And Remember . . .

Bill and Rita, 430 Main Street, have a bountiful supply of flowers and plants available for all decorative ideas. Right now they are featuring BULBS because right now is the time to plant them. Also, the Klamath county is ideal for the growing of such plants as hyacinth, daffodils and crocus. After talking to Bill DePew, Martha found out why and what the difference is between choice, selected bulbs and just ordinary bulbs. To make certain customers will get the satisfaction and growing results they want, Bill and Rita carry only SELECT plant bulbs. The above mentioned BULBS are priced from 35c to 1.95 per package. Free Sewing Instruction

Good news for those of us who like to do, or WOULD like to do, embroidery and fancy work with a sewing machine. The Singer Sewing Center, 633 Main Street, is going to have FREE classes of instruction on this sort of thing beginning Wednesday, October 20th from 1:00 to 3:30. There's no obligation and nothing to buy (unless you want to). But you should stop in and register so they will know how many sewing sisters will be on hand. If you can't stop in, just phone 2-2513 and let them know you'll be there. It's a wonderful opportunity to learn to do really fancy things with a sewing machine no matter what kind you own now . . . or what its age.

Decoration of Garments . . .

Is not only very popular but attractive and useful too. You can give your garments an expensive and tailored look by using the FASHION STITCH which has been perfected by the Singer Company. Not only are women everywhere decorating their clothes, but even men are having it done to some extent. It's wonderful for instance, for putting the names of children on their school clothes . . . so you see it has many practical uses as well as being fine for decoration ideas. See you Wednesday afternoon at 633 Main Street . . .

New Gift Ware Ideas

Stopped in at the GIFT WARES department at Miller's where everyday sees new and beautiful things arriving for what is expected to be one of America's biggest gift-giving years! Martha has been in this department before but she's never seen so many, many beautiful items. Space permits to mention but a few at this time.

What Martha Saw . . .

There was provincial, early American lamps in all kinds of different shapes and colors. Some of the striking colors are bronze . . . mauve, pink and turquoise. Some of these lamps had marble bases . . . but all were beautiful. Then there is hand-made copper home ware creations — designed from original 150-year-old patterns. This line of items is complete from pepper grinders to large pieces such as black wrought iron canisters with brass bins. Another attractive creation in this copper line was a cookie bucket or what have you . . . for it has so many uses. Saw some very clever meat carving boards of oak that keep your knives from being dulled. Couldn't pass up some Sohn pottery without taking a peek at the copper lids and pottery bottoms, plus the wrought iron warmer stands of some pieces, were just too distinctive as well as practical. One item especially stood out. It was a really big casserole. Holds 3 and a half quarts and was priced at just 8.95. Saw a lot of other beautiful and practical things but you should stop in and see them yourself . . . at 512 Main.

Lamps Swap "Looks"

Lamps trade the "new look" for a "neutral look." Units in all price and style categories tend to come together on a middle style ground, according to a summary of new lamp lines by the editors of Retailing Daily. Modern categories with their candle-bra forms, fonts and keys exhibit strong traditional tendencies. Metals — bright brass and wrought iron — are still favored but appear in forms softened by combination with another material. Traditional lamps approach contemporary styling via simplified forms and decoration. Popular motifs are coins, flower silhouettes, spirals and stripes. Glass is receiving more attention than in seasons past.

Speaking of Waves . . .

You should know how the new Circlette permanent at Sandra's Beauty Shop is given: Step 1. Your hair is shampooed, then wound — with water only — on special hollow Willat curlers. Step 2. A rubber tube from the "manifold" is then attached to each hollow curler. Step 3. A thin rubber hat is placed over hair and tubing. Your hair is now ready for processing. Step 4. Willat Circlette Lotion is gently sprayed through the curlers for approximately five minutes while you recline and relax in comfort. Step 5. Neutralizer is sprayed into your hair in the same manner, and your permanent is complete. Your hair is unbound and set without further ado. Presto! The most beautiful permanent you have ever had.
