'Crime College' Charge Levelled

ST. LOUIS (AP)—A young ex-convict, wearing a black mask to conceal his identity, charged yesterday the Missouri State Penitentiary is a "college of crime" where he learned to "crack a safe."
The man, called "Mr. X," made the statements on a radio-television show (KWK, KWK-TV) while appearing with a panel of St. Louis crime officials.
His identity was kept secret to protect his family.
The ex-convict, who was still serving part of his three-year sentence when a destructive riot broke out at the prison recently, told the panel poorly prepared food, idleness and too much reliance on stool pigeons by prison authorities were factors leading to the riot.
Four men died as a result of the riot, 31 others were injured and damage was estimated at three million dollars.

Cancer Said Not Inherited

NEW YORK (AP)—The fear that cancer runs in families is not borne out in a study reported today at the annual meeting of the American Cancer Society.
This analysis finds little evidence that you inherit much chance of getting cancer.
The study was made by Dr. Douglas P. Murphy and associates under auspices of the Gynecologic Research, University of Pennsylvania School of Medicine, aided by grants from the Commonwealth Fund.

They studied nearly 10,000 female relatives of women who had breast cancer and others who did not. The cancer patients had either cancer of the breast or uterus, the two most common sites of female cancer.
They did not find that cancer, in any sites in general, occurred with any unusual frequency in relatives of women who had cancer of the breast or uterus.

The relatives of women who had breast cancer didn't have more breast cancer than relatives of women free of that kind of cancer.
They did find some statistical evidence, not strong, that cancer

Chicago Thieves Make Big Hauls

CHICAGO (AP)—Selective thieves with expensive and artistic tastes operated in Chicago over the weekend.
Furs and fur coats worth an estimated \$250,000 were taken from the Margarith-Mitchell, Inc., Loop office by cracksmen who smashed their way into the vault. Most of the loot was mink.
A collection of stamps valued at \$100,000 was taken from the South Side apartment of Maj. Clifford W. Yost. The victim told police the looters left behind many stamps of lesser value and ignored his wife's jewelry.
Mrs. Babette Kornblith reported someone broke into her station wagon and took 10 of her own paintings. She declined to place a monetary value on them.
