Aggression Charged US By Russians

UNITED NATIONS, N.Y. (AP)—Russia framed a double-barreled demand today for U.N. action on her charges of American aggression against Communist China. But the United States stood firm against any move to include Red China in such a debate.

The Soviet Union goes before the U.N.'s 15-nation Steering Committee to seek an airing of two complaints:

1. Russia's charges that Nationalist China—with U.S. connivance—has made piratical attacks on shipping bound for the Communist Chinese mainland.

2. Russian claims that the United States is guilty of aggression in the vicinity of Formosa and the China mainland.

The Steering Committee voted two weeks ago to defer action on the piracy charge pending the outcome of French attempts to settle the problem in talks between Nationalist China and Russia. But diplomatic sources said the Soviets decided the time had come for action.

Singer Wins Paternity Suit

LOS ANGELES (AP)—Singer Johnny Johnston and his wife Shirley embraced happily after a superior court judge ruled that Johnston is not the father of a showgirl's expected child.

"Just because a woman says a man is the father of her child doesn't make it so," Judge Elmer D. Doyle commented yesterday, as he denied the claim of Bette Bowers testified she was intimate with Johnston in a hotel room in Washington last March.

Police Seek Polite Burglars

CAMBRIDGE, Mass. (AP)—Police said today their only clue in the \$2,500 robbery from the Moll Motors Co. is that the thieves are polite.

Before leaving the premises with the cash, the men carefully spelled out the word "thanks" in

Russia's Andrei Vishinsky brought the second, more direct accusation against the United States last Friday, barely 24 hours after the U.N. Secretariat had circulated a similar charge by Red China's Premier Chou En-lai.

The Russian charge drew a prompt retort from Chief U.S. Delegate Henry Cabot Lodge Jr., who branded it a "plain lie."

The U.N. Security Council considered similar charges by Red China in 1950 but threw out a Peking request that it condemn the United States.

U.S. sources said Lodge would fight any attempt to invite a Red Chinese delegation here, but there was considerable speculation as to how much support the United States could muster.

One delegate said many countries which oppose seating Red China in the U.N. would hesitate to stop her from having a say in charges which affect her own soil. Actually the question of inviting Red China would not arise in the Steering Committee but would rest with the body delegated to handle the issue if it gets on the agenda—presumably the assembly's 60-nation main Political Committee.
