

HERE'S A NEW WAY to use muffin batter. Add shredded American cheese and bake the batter in a ring mold. It becomes the main attraction on your luncheon or dinner menus when served with creamed lima beans and cubed ham or creamed filling of your choice. CHEESE MUFFIN RING

If you are looking for a way to use a leftover ham or turkey, why not cream it and serve it with this Cheese Muffin Ring? Add a pretty salad of crisp lettuce, carrot curls, red tomatoes and green pepper spears. Serve a refreshing cranberry dessert and cups of steaming coffee to complete an enticing variety menu during these fall days or during the holidays.

Here is the recipe for the Cheese Muffin Ring:

- 2 cups sifted enriched flour
- 3 teaspoons baking powder
- 1 teaspoon salt
- 2 tablespoons sugar
- 1/2 cup shredded American cheese
- 1 egg, beaten
- 1/2 cup milk
- 2 tablespoons melted shortening

Sift together flour, baking powder, salt and sugar. Add shredded cheese. Combine egg, milk and shortening. Add liquid to flour mixture, stirring only until flour is moistened. Spoon into greased 9-inch ring mold. Bake in hot oven (425 degrees) 25 minutes. Serve with creamed limas and ham cubes, creamed turkey or chicken. Makes a 9-inch muffin ring.
