### Premier Ends U.S. Visit

WASHINGTON (AP)—Prime Minister Mohammed Ali of Pakistan heads home today to shore up his own political position—apparently taking with him a pledge of increased American aid for his country.

Present U.S. military and economic assistance to Pakistan, a strategic country in the East-West chain of anti-Communist alliances, amounts to about \$2 million dollar a year.

All was reported to have won American agreement to increase this by possibly 50 per cent or more.

### Booby Trap Kills Worker

WEBSTER SPRINGS, W. Va. (AP)—State police searched today for the person who rigged a crude "booby trap" which blew up beneath a train hauling coal from a strike-bound mine, killing a member of the crew.

Fireman Robert Nicholas, about 32, of Bolair, was buried alive yesterday beneath a carload of coal as he jumped from the locomotive, tender and three cars of the 39-car "drag" were overturned.

Violence has been spasmodic since the United Mine Workers struck the Maust Coal and Coke Co., operator of three unionized "deep" mines and a nonunion "strip" or surface mine in this area.

The train was hauling the first load of coal from a Maust mine

since a bridge, dynamited Oct. 1, was replaced. UMW officials were not available, but in the past they have claimed knowledge of any of the incidents of violence.

### FHA Scandals Blamed On Demos

DALLAS, Pa. (AP)—Postmaster General Summerfield says the housing situation that developed from excess FHA loans was "the monumental and vicious scandal that this country has ever known."

In a speech in this eastern Pennsylvania town yesterday, Summerfield said there were an estimated 235 major scandals in the administration of former President Truman, "23 of them originating among the 'palace guard'—President Truman's own White House staff."

He asked that the people "compare that sorry record with 20 ministrations."
