CONGRESSMAN SAM COON AND "IKE"

The first time Sam Coon went to breakfast at the White House he and Ike had quite a talk, comparing notes of boyhood days on the farm.

The last time he went down the receiving line at a White House reception, Sam said "Hi, Mamie," and Mamie said right back, "Hi, how's things in Oregon?"

It has been about the same way with the President's legislative program. Sam has given the President excellent cooperation and support.

It is the same way also with the things the administration stands for: bringing government closer to the people; better government for less money; cleaning out graft and corruption; and increasing individual freedom. Sam Coon thinks with the President and supports the President on all of these.
