

Peace Sermon To Be Given

A Christian's responsibility for world order and America's hope for a just and durable peace through the United Nations will be emphasized at the 11 a. m. service of worship, Sunday morning at the First Methodist Church.

Subject of the Rev. Lloyd Holloway's sermon will be: "Wanted, Responsible Citizenship."

A family fellowship potluck dinner is planned for Sunday evening at 6:30 p. m. with a program emphasizing the missionary work of the Methodist Church and its cooperation with the United Nations. There will be a display of the project work done by the youth fellowship and the Commission on Missions in behalf of world peace and overseas relief. At both the adult program and the program for children, filmstrips on United Nations work will be shown.

Magsaysay Lifts Ban On Film

MANILA (AP)—President Ramon Magsaysay last night lifted the ban on the Hollywood film "Viva Zapata" and approved it for general release throughout the Philippines. Although shown in Manila, it had been banned from release in the provinces on grounds it "tended to create unrest."

ACCIDENT
SEAFORD, Del. (AP)—Charles Benney, 40-year-old Centerville, Md. man, was electrocuted here yesterday while cleaning away salt deposited by hurricane waves on high-tension equipment.

Take it from me girls... stay Smart and Healthy

This is a color report, despite the fact we cows — and lots of our fellow animals — are considered color blind.

This is still a color report, on styles.

Look for these colors ahead in your clothes, gals:

Mature tones, from pink to mulberry.

Hydrangea Blues, with a purplish cast, expected to be the tops in popularity.

Red, from bluish to shrimplish, and even a bluish, suggested as combination with white.

Yellows from gold to leaf green, pineapples and daffodils getting the nod for demand.

Those are some colors recently shown at a fashion display in New York's Hotel Astor. Want some more?

Beige to brown included soft orange and melon, and even banana.

"Shock tones" — for the jolts. I guess — included brilliant turquoise and sharp pink. Black and white weren't even shown, but got some mention, especially in checks.

Question: How does Bessy know all this?

Answer: The same way she knows you will never regret the keeping of the Oregon Milk Marketing Act which assures you, the consumer, a steady, pure and wholesome supply of Grade A milk.

I get the facts right from the top. You can take it from me.

—Bessy.

Club Honors Oppenheimer

PHILADELPHIA (AP)—Dr. J. Robert Oppenheimer has received the Pyramid Club of Philadelphia's achievement award for "unflinching devotion of his own great gifts to the end of increasing man's knowledge."

Oppenheimer, head of the Institute for Advanced Science at Princeton, N. J., and credited with playing a major role in developing the atomic bomb, received the award last night. He said it reaffirms "that spirit of human brotherhood that is the hope of today's world."

Dr. Albert Einstein commended the club for honoring his colleague "in recognition of his exemplary conduct as a citizen of his country."

Earlier this year the Atomic Energy Commission ruled that Oppenheimer was a loyal American but denied him security clearance on grounds he had associated with individuals of questionable loyalty.
