Meet Changed Met Changed

The meeting of civic, service and fraternal organizations cooperating in aiding part time student employment for OTI student body members, originally slated for October 27, will be held the day previous, Tuesday, October 26, it was announced today.

John Van Doren, temporary chairman of the group, said that the original date conflicted with the community concert and so the date was changed.

Purpose of this meeting will be to select officers and to choose a name for the group. "We have already had encouraging and substantial support in our drive to provide part time employment for OTI students," Van Doren said. The group will also aid in the student loan fund and endeavor to bring this function up to full capacity.

All organizations who have not already been notified are urged to have a representative on hand for the meeting, which will be held at 7:30 in the evening at the chamber of commerce.

Klamath GOC Dance Slated

Prizes for costumes and dancing will be awarded Saturday night at the benefit Ground Observer Corps dance, to be held from 9 to 2 at Klamath-Alire Hall at the airport. Masquerade is optional.

Gifts for prizes have been donated by Muriel's Gift Shop, J. C. Renie Jeweler, Hartfield's Ladies Ready to Wear, Beach's Jewelers, J. C. Penney Co. and Lee Hendricks Drug Store.

Refreshments will be sold and proceeds from concessions and the dance will benefit the local GOC emergency fund. Refreshments have been donated by the following:

Pepsi-Cola Bottling Co., Fluhrer's Bakery, Medco-Land Creamery, Bratton's Packing Co., Olympia, Emil's, Carter's, Twin Girls and Louie's Groceries.

Shepherd's Orchestra will play; the public is invited.

Portland Area Voters Wooded

By THE ASSOCIATED PRESS

Candidates for the state's top political offices wooded voters Thursday night in the state's most thickly populated region.

There were repeated talks in the Portland area from Sen. Guy Gordon and his Democratic rival, Richard L. Neuberger, as well as from Gov. Paul Patterson and his Democratic opponent, Joseph K. Carson Jr.

Patterson and Carson appeared on the same platform. Patterson, who had been challenged earlier by Carson to make clear his position on the hydro-electric power controversy, said:

"I will take any help from the federal government. For what might be needed beyond what the government could supply, I would turn to public agencies and then to private concerns."

He added he thought the Hells Canyon site should be developed, but whether by the federal government or the Idaho Power Co. he would insist on equitable distribution of the power.

There was no debate or question period at the meeting. Carson spoke first, urging public works to meet unemployment problems, increased old-age assistance and price support for farmers. He said that under his administration business could expect to pick up a bigger share of the burden in meeting the state's financial plight.

Among other speakers was Sen. Wallace F. Bennett (R-Utah), urging reelection of Sen. Gordon. Bennett said he came to Oregon "at my own request" because "Sen. Gordon and I have much the same position on power development, and I wanted to help him."

Mussolini Burial Eyed

ROME (AP) — Newspaper dispatches here Friday indicated the Italian government may finally have decided to permit public burial of Benito Mussolini.

These reports said the former dictator's widow, Donna Rachele, and his youngest son, Romano Mussolini, have hurried to his birthplace to examine a tomb prepared for a final resting place.

Their trip suggested that the secret may soon be lifted from the nine-year mystery of what became of Mussolini's body after he and his mistress, Claretta Petacci, were shot by partisans and hanged by their heels at a filling station outside Milan in 1945.

Presumably only the government, and perhaps the Roman Catholic Church, know where the body has been hidden. The government has kept the place secret for fear Fascists might make a shrine of his tomb.

SACRED HEART NOTEBOOK

By BEATRICE WALSH

Student body meeting was held Thursday, October 21. During the meeting, it was announced that the sophomore hop would be held November 12 in the parish hall.

Following the meeting, the freshmen put on a play about the early history of Astoria, which was greatly enjoyed.

Juniors are having their pictures taken this week for the annual. The seniors will begin facing the birdie next week.

Sophomores held a raffle of religious articles today to benefit their growing hop fund.

Trojans traveled to Malin Friday to tangle with the Mustangs there.

A girls' volleyball team consisting of boarders beat the senior girls last week, 21 to 18. They played the juniors Thursday, defeating them by a score of 21 to 18.

MRS. W. R. MORGAN, Avalon Street, is shown using a wheelchair purchased by the American Legion Auxiliary through funds from its annual magazine subscription drive. With her is her granddaughter, Leah Hill. Drives have been conducted for six years.

Legion Sponsors Magazine Drive

The American Legion Auxiliary again is sponsoring a magazine subscription drive to purchase additional hospital equipment for this area. Each representative of the subscription drive will present letters of authorization signed by three Unit No. 8 Auxiliary members.

Equipment purchased in the past includes a polo pack heater, a neophore with nebulizer which were placed in the Klamath County Hospital, wheelchairs, bed and crutches which are loaned without charge throughout the Klamath Basin and in Lakeview; an invalid walker and incubator at Klamath Valley Hospital, the use of which must be arranged for through personal physicians.

Regarding the use of equipment, contact should be made with Mrs. John Glubrecht, community service chairman, phone 7206, or Mrs. H. W. Petrick, subscription chairman, phone 4328.

Wilson Blasts Scare Stories

LOS ANGELES (AP) — Secretary of Defense Wilson Friday criticized people who "rattle the atomic bomb" in an attempt to scare citizens of this and other nations.

The cabinet member said in an address on "Peace Through Strength," prepared for a meeting of the Los Angeles World Affairs Council:

"In many ways neither the people of our country nor the people of other free nations appreciate the true strength of the United States. So much has been said about the rising power of the Soviets and so little about our own strength that there is danger that the people in our country could become over-anxious and alarmed and that the people of other free nations in both hemispheres might become confused and uncertain."

Wilson did not identify the persons of whom he said: "I do not believe that the people who are rattling the atomic bomb and trying to scare our own people and indirectly the peoples of other nations, are doing our country and the rest of the world any service."

"We can more profitably spend our time in analyzing our problems and doing something about them. At the same time we should remember that we are strong and that in our efforts to make world peace secure we should not at any time act like we were weak or afraid."

UN Arms Talks Postponed

UNITED NATIONS, N.Y. (AP) — An uneasy lull settled over the U.N. disarmament debate Friday as delegates awaited results of secret Canadian-Russian negotiations to resume big power talks on the crucial issue.

Russia's Andrei Vishinsky and U.S. Delegate James Wadsworth both slated to speak in the political debate Friday — reportedly asked to be held over until Monday, when final word is expected on the East-West negotiations.

Informed sources said both Vishinsky and Wadsworth were unwilling to state further their government's positions until it was learned whether agreement could be reached on getting Russia to cosponsor the resolution for big power talks.

The General Assembly killed off Red China's final chances for U.N. membership this year by voting 45-10 Thursday to accept credentials of Nationalist Chinese delegates. There were three abstentions.

The vote came so quickly it blocked an attempt by India's V. K. Krishna Menon to fight acceptance. Menon contented himself with a brief post-ballot speech in which he insisted that the Peiping government alone was qualified to represent China. Russia's Jacob Malik voiced similar objections.

ELECTIONS — The Labor Party retained two House of Commons seats in elections held Thursday to fill vacancies.

PTA Council School Held

Mrs. Helmer Lindstrom, president of the Oregon Congress of Parents and Teachers, conducted the annual Klamath County Council PTA school of instruction Thursday, October 21, at the YMCA.

Mrs. Lindstrom called attention to the fact that this is the golden jubilee year in PTA, that great things are expected of the PTA movement and that PTA is being recognized more and more for what it is doing.

"PTA is sometimes under-sold," she said, "for so many do not know of the accomplishments over the years. We sometimes feel we are being repetitious, but we need to continually tell the public what PTA really is, and we, as leaders, have the obligation to see to it that the public has good, sound information. We must take an intelligent stand, if we want to weigh the facts."

William Cornell, YMCA program secretary, explained the YMCA Indian Guides, which is a national father and son club program sponsored by the Young Men's Christian Association. It is for first and second grade boys; and its main purpose is to multiply the number of things fathers and sons can do together.

Assisting Mrs. Lindstrom were Mrs. J. W. Stagg, vice president of CPPTA; Mrs. Orville Ferrell, Klamath County Council PTA president; Mrs. Eldred Hansen, regional vice president; and Mrs. Gordon Loomis, CPPTA chairman and spiritual education character.

County Clerk Charles DeLap said Friday, he had received an order from Circuit Judge Ralph M. Holman of Oregon City dismissing an indictment against Allen Virgil Wharton, 32-year-old truck driver. Wharton was indicted on a charge of entering a motor vehicle with intent to steal.

Judge Holman took this action after District Attorney Frank Alderson filed a disorderly conduct charge against Wharton and brought him before District Judge D. E. Van Vactor last week. Wharton pleaded guilty to the charge and was sentenced to three months in the county jail.

In his motion for dismissal of the grand jury indictment, Alderson stated that the disorderly conduct charge was based on the same facts contained in the indictment and therefore the "defendant had been in jeopardy upon the crime charged in the indictment."

Judge Holman was given a general assignment to try criminal actions in Klamath County after Alderson filed motions disqualifying Judge David R. Vandenberg in a series of actions. The change of judge law has been attacked as unconstitutional by Attorney George Proctor.

AGREEMENT — TRIESTE (AP) — The Allied military government announced officially Friday that it will turn over control of Zone A of the Trieste free territory to Italian authorities Oct. 26, implementing the recent agreement between Italy and Yugoslavia.

HEAT! ON WHEELS

A Portable Heating Unit Which Can Be Moved From Work Zone to Work Zone as Needed

A DOLLAR SAVER
Floor level heat delivery, complete combustion, no installation cost.

THE ANSWER
To industry's heating problems—heating the work zone—not the waste zone.

and requires:
NO Chimney or Flu
NO Installation

\$495 plus freight \$395 plus freight

Mortemp does a better job than immovable heating plants costing \$3,000. And . . . it's easy to operate. Just fill with stove oil and plug into any 110-volt circuit. Mortemp saves you 75% on both equipment and fuel. You get 4 times the heat value. Put the heat where it's needed, when it's needed. No need to heat dead space between work areas. And in the summer, Mortemp converts, for cool air distribution.
