New Pakistani Cabinet Named

KARACHI, Pakistan (AP)—Prime Minister Mohammed Ali headed a new and more powerful government today while the "state of emergency" was maintained to cope with Pakistan's disturbed political situation. The Prime Minister named a new seven-man cabinet last night after Gov. Gen. Ghulam Mohammed dismissed all his previous ministers and dissolved the Constituent Assembly. This body had served as a national legislature during the seven years of Pakistan's independence. Declaring a state of emergency, the governor general turned full administrative power over to the cabinet. Demonstrations and meetings of more than five persons were prohibited, and censorship was clamped on the local press. All had cut short a visit to the United States and arrived back in Karachi Saturday just a few hours before the drastic measures were announced. He told the nation in a broadcast that he accepted the governor general's mandate to form a new government because "it was my duty, which in this hour of crisis I owed to my country." Like the governor general, Ali was critical of the assembly. He said in his broadcast that its recent actions had "provoked a storm in the country" and "caused internal strain and bickering." After seven years, the assembly's work of drafting a constitution was still unfinished, marred by strong antagonisms and rivalry between different provinces and language groups.

Powell Tried For Contempt

WASHINGTON (AP)—Clyde L. Powell, former assistant federal housing administrator, went on trial Monday on a charge by a special grand jury that he is in criminal contempt for failing to answer its questions. The grand jury presentation was filed last week with U. S. District Judge F. Dickinson Letts, who hears the case without a jury. The presentation—a kind of accusation or indictment—charges Powell with refusing to say whether he took official office diaries and desk memos with him when he left the Federal Housing Administration. The verdict, and possible sentence, is up to the judge. Powell resigned as head of PHA's rental housing division a few days before the White House announced last April that it was launching a full-scale probe of alleged excess profits made by some builders of PHA-backed apartment projects. Powell's resignation, which had been accepted, was then held up and later he was formally fired. Powell has refused to answer questions before the Senate Banking Committee on three separate occasions, during its lengthy probe of the housing program. He claimed the constitutional protection against self-incrimination. The banking committee has heard testimony that Powell deposited in a Washington bank \$128,000 more than his government pay during the years 1945 to 1953.

Wind Blows Away Smog

LOS ANGELES (AP)—Welcome winds have whisked away the smog but have failed to clear up the down-south dispute which the eye-stinging stuff touched off. Director Gordon Larson of the county air pollution control district Sunday night labeled Supervisor Herbert Legg's suggestion that he resign as a "political maneuver." The county grand jury mapped final plans for a full-dress inquiry into the smog situation Tuesday. Gov. Goodwin Knight, who had urged oil refiners to shut down to test their effect on the smog, said Sunday night "obviously there is no point in such a shut-down during a period of smog-free days." However, he advised the oil companies to be prepared to close down during the next smog attack. The refiners rejected his first close-down appeal. The Weather Bureau said the skies may be clear for several days. The recent smog attack lasted 18 days.

Court Records

DISTRICT COURT
Ralph Darland, Clatskanie, failure to give arm signal, 20 days, forfeited.
Young Charles Winkler, drunk on a public highway, not guilty plea entered, trial to be set later.
Henry Phillips, drunk on a public highway, 30 or 15 days, committed.
Arnold Ludwig Harzo, drunk on a public highway, 30 or 15 days, committed.
Burdie Tebbetts was a success in his bow as a major league manager. His Redlegs won 74 games, most Cincinnati has won since 1944 when the team won 69 games.

Grains

CHICAGO GRAIN
CHICAGO (AP)—Grains scored modest gains in routine dealings on the board of trade Monday. Soybeans easily outdistanced the rest of the market, jumping more than 4 cents at one time.
Selling pressure was limited in all pits despite rather large receipts of cash corn and cash soybeans. Purchases of corn on a to-arrive basis from the country tallied 600,000 bushels, largest for any day since the harvest started.
Demand for soybeans appeared base mainly on rumors of expected large exports for this year's crop.

Navigation Firm To Close Down

THE DALLES (AP)—The Inland Navigation Co., contending it no longer can operate profitably in the state, announced it is liquidating its Oregon properties and will close down its Oregon operations. The announcement was made by Capt. A. Leppaluoto, general manager of the firm, in a letter to M. A. Davidson, mayor of The Dalles. Leppaluoto blamed reduced railroad rates and taxes. The firm also controls stock in the Upper Columbia River Towing Co. and the Columbia-Snake River Towing Co., he said. These firms also will close down their Oregon operations, he added.

ROBED IN PURPLE VELVET and crowned with gems—a small Klamath Neited Gem—is Mary Johnson, queen of the 18th annual Klamath Basin Potato Festival. Placing the royal cloak about her shoulders is U. S. Senator Wallace F. Bennett, Republican from Utah, who officiated at the coronation at a banquet Friday night in Merrill.

Truck Robbed In Merrill

Another early morning robbery has been reported from Merrill, this time from a Peters Truck Line vehicle.
According to Roberts Dewey, Herald and News correspondent in Merrill, the lock was sawed off the rear door of the truck early Sunday morning and the following items taken: 14 cases of whiskey, valued at about \$700; one case paint, five cases of food intended for Newell School. Mr. and Mrs. Charles Wilson, who has been employed to assist City Marshal Doug Brunley during harvest season, reported the truck intact at 4 a. m. Sunday. Claude Biehn, manager of the truck line, notified the theft later in the morning and reported it to state police. Because of the food for Newell School being taken the case was expected to be turned over to the FBI.

Ford Previews '55 Car Line

DETROIT (AP)—Henry Ford 11 strongly intimated Monday there would be no major price increases in the 1955 line of Ford cars.
The president of the Ford Motor Co. told a preview gathering that "I am not prepared to announce prices, but it is the policy of the company always to give more value for the same price and we expect to continue that policy."
Ford also said the Ford Motor Co. expects "to outsell Chevrolet, and we will be greatly surprised if we don't."
"The coming year, Ford said, "is going to be a highly competitive year. We have no delusions about that, but we are prepared for it. Our dealers also are prepared for it."
Ford denied that his company had overproduced since the return of the buyer's market a little more than a year ago. "We did not overproduce," he said.
"Our people were kept fully employed and we felt what we did in maintaining a high production rate was for the benefit of the economy of the country."

Girl Scouts Council Held

Six members of the Klamath area Girl Scout council attended the conference of the 11th region Girl Scouts of America, comprising Oregon, Washington, Idaho, Montana and Alaska, at Sun Valley, Idaho, October 12, 13 and 14. Oregon took first honors with 113 members present, out of the 378 members who attended.
"Girl Scout, A Friend to All" was the theme of the conference, and ways and means of making membership available to all girls highlighted the discussions.
Mrs. R. P. Ellingson of Klamath Falls was elected second vice-chairman of the regional committee. Attending in addition were Mrs. W. W. Dewing, council president, Mrs. Art Moore, council vice president, Mrs. Fred Goeller, council second vice president, Mrs. Keith Cobo, executive director and Mrs. A. D. Burnett, council assistant.
"One of the humorous things that happened," stated Mrs. Cobo, "was that one evening we were served delicious steaks, but we didn't find out until the next day that they were buffalo!"

VIRGIL RICK, U.S. Army, son of Mr. and Mrs. Hugh Rick, Malin, visited his parents last week. He is a 1954 graduate of Malin High School and is stationed at Fort Ord.

GARDEN CLUB

By ELEANOR THOMSON
The ladies of the Bly Garden Club met at the home of Joan Bingham Wednesday October 20. It was the same day and place of the Women's Club regular meeting. An educational film on soil conservation borrowed from the Bly school was shown by Mrs. Ted Hyde, and slides taken at Bly's First Annual Flower Show were shown to the group by Elizabeth Campbell.
Mrs. Bingham served an English dessert called trifle, with coffee to the members of both clubs.

The Basic Idea
Behind the All-New
1955 PONTIAC
On Display October 29 and 30
ABOUT 30 years ago General Motors Corporation presented to America a new car called Pontiac. This new car was the direct result of a very specific idea.
The idea was this: to create a car which took its style, its engineering principles and its features from the very best and most expensive in America—and to build these into a car priced just above the very lowest!
Naturally, such an idea produced a wonderful and highly popular car—a car which millions of satisfied owners have driven with outstanding pride and pleasure.
Now, nearly three decades later, an entirely new Pontiac has been created for 1955—a car completely new from the ground up!
One thing, however, about the 1955 Pontiac remains unchanged—its basic idea—to offer the American public the very finest car that can possibly be built to sell at a price within easy reach of any new-car buyer.
When you see the new Pontiac on Friday or Saturday—Oct. 29 or 30—you will be immediately impressed by its remarkable new styling. No other car in the world looks like this new Pontiac!
When you drive it you will be astonished at its performance. For the 1955 Pontiac introduces the powerful new Strato-Streak V-8, an all-new engine that has already been proved in more than 3 million test miles!
When you price the new Pontiac you will come face to face with the basic Pontiac idea—you will be agreeably surprised that so much car, so much sparkling newness, so much luxury, so much downright goodness can be priced so near the very lowest.
We cordially invite you to come in on Friday or Saturday and see for yourself what a superb all-new General Motors masterpiece has been created to carry the wonderful name "Pontiac" for 1955.
