

SP Freight Cars Built

The 10,000th freight car to be built at Southern Pacific's Sacramento shops in a five-year continuous car construction program rolled off the production line last week. George W. Morgan, district freight and passenger agent, announced. Constructed at the huge railroad shops, largest west of Chicago, since August, 1950, have been 2,700 gondolas, 1,000 flat cars and 6,300 box cars, enough to make a solid train extending from Sacramento to Oakland, nearly 90 miles. In addition to freight cars, the shops are now building new dome cars for passenger trains.

State Average Earnings Lower

SALEM (AP) — Average earnings of Oregon's production workers fell last month to \$79.80 a week, compared with \$81.17 a year ago. The Unemployment Compensation Commission said the drop was caused by shorter work weeks in the canning and lumber industries.

Trieste Taken Over By Italy

TRIESTE (AP) — Italy took over Trieste Tuesday in a rain-drenched but fervent celebration marking the end of nine years of British-American control over this long-disputed Adriatic city. A bitter wind and slanting rain washed out a series of ceremonies scheduled for the formal change of command. But a cheering throng of Trieste citizens broke through police barriers when Italian Army, Navy and Air Force units marched into the city for the first time since World War II.

Thousands pressed onto the waterfront to hail a five-ship Italian naval squadron as it steamed into the harbor. Their cheers nearly drowned out the roar of 24 Italian Air Force jets which swept across the city's grey skies.
