

Ike's Foreign, Domestic Policies Scored By Adlai

NEW YORK (AP)—Adlai E. Stevenson says the Eisenhower administration has demonstrated "mismanagement amounting to negligence" abroad and "vigorous consistency in transferring from the many to the few" at home.

The 1952 Democratic presidential candidate also says the Republicans are waging a nationwide campaign based on "communism, character assassination, slurs and slanders."

"They call it the great crusade," Stevenson said in addressing a Democratic rally in Brooklyn last night.

"But if Thomas Jefferson escapes without being charged with burglary or treachery it will be a wonder," Stevenson said Vice President

Labor Secretary Mitchell Pledges U. S. Job Action

WASHINGTON (AP)—Secretary of Labor Mitchell has pledged "any government action necessary" to boost employment and living standards, carrying out the "prosperity without war" theme to which the Republicans have pitched their campaign to win control of the next Congress.

Following President Eisenhower's lead, Mitchell told a nationwide television and radio audience last night that 1954 has been "the most prosperous peacetime year in our history."

He lashed out at "politicians trying to get your vote by distorting facts and trying to scare you." He said that while there was some prosperity during the 20 years of Democratic administrations, "it was built on the suffering and tragedy of two wars."

The Eisenhower administration has brought about peace and increasingly prosperous times and is working for further economic improvement, he said.

"We are looking forward to more jobs, more production, and a higher standard of living for all Americans," he said.

"We Republicans are committed and determined to keep the people of the United States prosperous and to take any government action necessary to expand employment and have an ever-higher standard of living for all the people of the United States."

An Eisenhower economic speech Monday night and Mitchell's follow-up appeared designed as a one-two counterpunch against frequent Democratic campaign claims that the Republican administration has neglected the working men and kept aloof from the jobless problem.

Eisenhower said unemployment declined by 400,000 from September to October. The exact figures, as released by the Commerce Department yesterday, showed a 358,000 drop, from 3,099,000 to 2,741,000.

A September-October decline in the jobless total is normal, but the Commerce Department said this month's drop "appeared to be larger than usual." The department said the seasonally indicated decline normally would be 230,000. The total of employed in October was put at 62,141,000—virtually unchanged from September.

Mitchell said the "latest information" indicates unemployment "is lower today."

Actor Sued By Crash Victim

LOS ANGELES (AP)—Actor George Raft was sued for \$10,000 damages yesterday as a result of a three-automobile freeway collision.

Miss Virginia Bouldware alleged the actor's car hit the rear of one in which she was riding last Jan. 9. She accused Raft of negligence and said the \$10,000 represents medical care and lost earnings.

Also named as defendant was Donald Frankel, whose car hit Raft's in the pileup.

Nixon and New York Gov. Thomas E. Dewey are primarily responsible for the type of campaign being conducted by the Republicans, and he added:

"I think I speak for all Democrats when I say of this method: We don't like it, we don't want it and we don't need it.

"So I say that abusiveness and the corruption of our political campaign is a reason why the Republicans will be defeated this fall.

"There is no reason and no excuse to so poison the wells of the people's judgment that their representatives cannot draw from those wells. There is no right to sacrifice on the altar of political ambition that basic harmony between Americans which is essential, once the election is over, to the accomplishment of the business of democratic government."

Stevenson spoke in behalf of the New York state Democratic candidates — headed by former Mutual Security Administrator Averell

Harriman, Democratic-Liberal party candidate for governor against U.S. Sen. Irving M. Ives, Republican.

Predicting return of control of both houses of Congress to the Democrats, Stevenson said of the 20 months of the Eisenhower administration:

"I... blame them for the unhappy fact that our prestige and esteem and the international respect for the United States has fallen to an all-time low. Why is it that we have frightened our friends half to death, if not our enemies? Why is it that our voice has sunk to a whisper and our influence to a shadow of the argument of the moral majority?"

LONDON (AP)—Huan Hsiang, Communist China's first envoy to Britain, arrived by plane Wednesday to take charge of his country's diplomatic mission.
