Hinds, Bend; Mr. and Mrs. Russell Avery and daughter Linda, Klamath Falls, discussing future expansion of the GOC with Colonel Broun H. Mayall, air defense command director of Civil Defense and Colonel Donald P. Hall, vice commander of the 25th Air Division, at the annual Regional GOC Planning Conference held in Seattle October 22.

Doctor Deplores Use Of Sugar

PHILADELPHIA (AP)—Americans consume 100 pounds of sugar per person a year and that giant sweet tooth "causes a sour tooth of equally gigantic proportions," a dental expert said yesterday. "The sour acids of tooth decay affect 95 per cent of our population," said Dr. Paul E. Boyle, professor of oral histology and pathology at the University of Pennsylvania School of Dentistry. Boyle, speaking at the 37th annual meeting of the American Di-

etic Assn., said sweets cause most tooth decay. "Studies have shown that nutritional deficiencies do not cause cavities," he said. "They affect teeth only while the teeth are still being formed." He said experiments have shown that fluoride in tiny amounts reduces the occurrence of cavities by at least 50 per cent.

Sheppard Case Jurors Still Needed

CLEVELAND (AP)—Dr. Samuel H. Sheppard was just two jurors away today from a visit to the rambling lakeshore house where his attractive and pregnant wife, Marilyn, was found beaten to death in her bed.

Between Sheppard and the trip to the residence he says was the home of a happy marriage were two alternate jurors, still to be picked.

A jury of seven men and five women was sworn in yesterday on the ninth day of his trial for the murder of his wife. The two alternates to be selected will substitute for any regular panel member who becomes ill or dies.

As yesterday's session closed, all but two members of the original venire of 75 had been exhausted. Trial Judge Edward Blythin ordered a special panel of 25 prospective jurors to report today.

Each side has two peremptory challenges it can use in dismissing the alternate juror.

Once the alternates are picked, the jury will be taken to Sheppard's home on the shore of Lake Erie in suburban Bay Village. The defendant's chief defense attorney, William J. Corrigan, says Sheppard will accompany the group to the scene of the crime.

Corrigan said last night he expects to put the state's witnesses through rigorous cross-examination once the testimony in the trial gets underway.

Two prime targets of this quizzing, he said, will be pretty Susan Hayes, a 24-year-old hospital technician who the state claims was Sheppard's paramour; and Dr. Lester T. Hoversten of Glendale, Calif., a guest in the Sheppard home who left a day before the murder.

Corrigan yesterday renewed his motions for a delay and change of venue — transfer of the trial to another county. Both were denied by Judge Blythin.

Dulles Backs New West Defense Plan

NEW YORK (AP)—Secretary of State John Foster Dulles says the new West European agreements will help block Soviet attempts to create discord among the Allies and compel Russia to "deal seriously" with the partition of Germany and Austria.

Dulles spoke last night at a dinner of the Hennepin Society, a group formed to promote Belgian-American friendship.

VOTERS...DON'T BE CONFUSED ABOUT THE MILK ISSUE
vote 8 x NO
ON NOVEMBER 2ND

Referend to the

THE dairyman is required by State Law and City ordinance to go to great expense to keep his dairy absolutely clean and sanitary so that pure, wholesome Grade A milk is delivered to you. The Marketing Act enables the dairyman to carry out State sanitary laws and City ordinances.

IF the public health is to be protected, we must ENFORCE strict milk sanitation. If we are to do that, it seems to me, there must be price protection for milk.

— Frank Jenkins, noted Oregon editor.
