## Over The Garden Gate

By Mrs. Irene Hartley

At the last meeting of the Bonanza-Langell Valley Garden Club held at the home of Mrs. Ethel Crawford, October 22, the usual winter schedule was decided upon. Meetings will be held only once a month during the winter months. From March through October two meetings monthly are held.

Dried specimens were brought to be used during roll call.

Mrs. Lizzie Schmor spoke on "Nature's Wondrous Ways" in a talk on propagation. All types of seed pods were among the materials shown. Jean Angel talked on winter arrangements of dried materials.

The next meeting will be November 26 at the Bonanza Library with Pat Wakefield and Dorothy Rine as hostesses. Roll call will be "What Material I Brought for Winter Propagation." Jean Angel will speak on propagation and Bessie Brazier will talk on Christmas wreaths.

A. O. SAGE

A PLOUGH PRODUCT

Acclaimed for his concise and powerful presentation of Bible prophecies Evangelist Sage will illustrate his opening lecture with technicolor slides and Diorama.

Diorama, recently featured in Life magazine, has been described as "the greatest boon to the art of platform illustration in the last 10 years" by critics who have witnessed its effects.

Sage has spoken to thousands of people in leading cities on the Pacific coast including San Diego, Los Angeles, Sacramento, Oakland, San Francisco and Portland. The Sage evangelistic team, which includes Hartwick Hansen, noted religious tenor, and Merlin Kretschmar, evangelistic assistant, comes to Klamath Falls under the auspices of "The Voice of Prophecy," regular world-wide radio program for which the Rev. Preston Smith is local representative.

In addition to the 8 p.m. lectures, outstanding religious films will be shown at 7 p.m. Sunday evening's technicolor film, "God of the Atom," has been described as one of the greatest films ever produced in the field of atomic research.

Doors will open at 6 p.m. Free tickets are available for the meeting.
