Soroptimist

Rhoda Harnden presented an in-formative and interesting report on the history, purpose and ac-complishment of the United Na-tions at the Thursday, November 4 meeting of the Soroptimist Club. Her report followed the noon luncheon. Quoting from a recent article written by Henry Cabot Lodge, chief United States delegate to the United Nations. Mrs. Harnden stated that apathy of the American people toward the international issues now before its members, could result in failure to solve these momentous problems. Sixty nations are working to-gether toward the same goal of world peace under terrific handi-caps of multiple religions and be-liefs and Lodge sought a contin-uing patience on the part of the American people toward the ef-

orts of the delegates. Margaret Larkin reported on the proposal to establish a revolving loan fund for students at OTL. An invitation was read from Andy Loney, chairman of the com-mittee on plans for observance of American Education Week, No-vember 7-13, to visit Klamath Falls schools during those dates. A letter was also read from Mrs. Effice Garcelon, former member, who is improving at her Palo Alto home following an automobile ac-cident some months ago. Ann Eagen, president of the Venture Club wrote appreciation for her Soroptimist sponsored visit to the Soroptimist convention in Salem, this fall. Members were reminded of the rummage sale in progress, this weekend in the Pelican Theater Building. The sale will continue through Saturday.

fringe came back

... on furniture, now it seems to appear on clothes. A high-style design easily copied at home is a bouffant-skirted evening dress with a thick black fringe running from the back of the waist, down and around the skirt to the hem on the side.

... for holiday parties glitter and glow this year. Women into the fabric or used as trim in a nontarnishing metallic fibre in silver or gold that creates a shimmering effect. Sometimes this fibre is used as a cross-weave (tangerine and gold) for an iridescent look. Halter-back top and full skirt are by Nelly de Grab, are in gleaming cloth-of-gold. Here, the golden lurex threads are crossed with tangerine. Skirt has gathered fullness both front and back, with flat panels over the hips.

look your usual self...

For a Christmas gift photograph... or your wedding picture... don't go suddenly to a new hair dresser and get everything overhauled... Martha advises. You will be uneasy with the result whether you realize it or not. Look like your usual self. Then experiment with your hair... if you like. Speaking of photographs... the FEREBEE STUDIO... artist photographers... is THE place to go for those Christmas por-traits that will warm the heart of those you so desire to please at gift-giving time. the new in table talk

The occasional table is no longer a case piece of necessity. The newer offerings have style as well as practicality. Good examples of this are the new unfilled, light colored, marble top tables at Klamath Furniture. This top-ping material is also known as travertine and is imported from Belgium. It's very attractive and harmonizes well with all types of furniture although it falls in the contemporary style. It's not too severe. Other parts of these tables are in walnut with the legs having brass ferrules. Martha was especially attracted by the cocktail, end and wedge tables. Priced from \$75, she truly believes they merit your attention. Klamath Furniture is also featuring those attractive and different BUBBLE lamps that fit in so well in informal settings such as playrooms. They are available in a light shade, come in round or oval of different sizes and can be hung directly from the ceiling. Priced from 19.95. For all the new in ALL furniture, shop 221 Main...

And, while we are considering flowers from a room decorative standpoint, Bill and Rita would like to call your attention to the NEW for your KITCHEN being featured in their Budget Garden. It's a miniature, 5 to 6-inch tall pottery planter model of refrigerators, washing machines and ranges, etc. Complete with a beautiful foliage plant, they are priced just 1.87.
