Car, Train Crash Causes One Death

NEWBERG (N) - Six members of a family were injured, one fatally, in the collision of an automobile and a freight train two miles south of Tualatin Thursday.
Rhonda Louise Liebig, one year old, was killed in the crash. Cuts and bruises were suffered by the parents, Warren Carl Liebig, 35, and Mildred, 29, of route 3, Sherwood and their other children an 11-year-old daughter and sons 6 and 2 years old.

Take it from me girls... stay Smart and Healthy

By BESSY, The Basin Bossy
Queen Mother, Elizabeth, came to the new world last week. And the dignified beauty of gray was the theme of her dress.
She wore a steel gray satin dress, a gray fox stole, and accessories in shades of gray.
The buyers in stores, big and little, are maneuvering for buying in the market places where they do their buying. And their eyes are looking way ahead to next spring already.
If you've got youngsters—and my boss has—you know what the problem of keeping them clean-clothed is. Well, the ol' "wash-and-wear" practice so common in millions of homes is getting more attention from "fabric houses" now — the places that put together the things clothes are made of.
Blends of synthetics with wool, 100 per cent synthetics, and cottons are being matched for easier and more washing wear, because that's what you folks have demanded.
A new one, is 100 per cent nylon tweed; printed nylons are now competing with cottons for volume in this market, so you can see the trend is to these newer, tougher, but just-as-pretty materials.
Yes, I'm the first to admit youngsters are tough on their clothes. All of that constant moving around, hard play, hard running, hard crawling—by golly, they do everything hard, don't they?
It's just another indication of the amount of energy they are burning up. And they need nourishment to grow with, as well as romp and play, too. That's why milk—only fresh, Grade "A" milk, is good for everyone. It gives you a pickup that never lets you down.
—Bessy.

Farm Program Support Urged

LONG BEACH, Calif. (N) - Support of the Eisenhower administration's farm program, including flexible price supports, has been expressed by the California Farm Bureau Federation.
Ending its annual convention Thursday, the federation also urged an extension of Public Law 78, which has governed farm labor procurement the last two years.

Forest Ranger Promoted

Forest Supervisor Neal Rahm is pleased to announce the promotion and reassignment of District Ranger Robert Hays and Assistant Ranger Harry Taylor.
Hays is being promoted to fill the Happy Camp district ranger position at Canby recently vacated by the transfer of Ranger Zeiger. Hays has been assigned to the Modoc Forest since 1949 and served as the assistant ranger at Canby for two years prior to his present position as ranger of the Goose Lake District. As a result of his many diversified assignments during his Forest Service career and intimate knowledge of the Happy Camp district, he is well qualified for the position.
Taylor is being promoted to replace Ranger Hays on the Goose

Lake district. He also has been assigned to the Modoc Forest since 1949. During this time he has received training and experience in all phases of forest administration by working on the Surprise Valley, South Fork and Big Valley districts. During the past two years he has capably handled the assistant ranger position at Adin.
Hays and Taylor will assume their new duties late in November or early December.
