Announce New Way to Relieve Pain of Arthritis and Rheumatism Without Pills!

Greaseless, odorless cream penetrates deep—speeds up flow of fresh, rich blood into sore areas—actually helps drive away pain-causing congestion and pressure.

New York, N. Y. (Special)—Science has now developed an odorless, greaseless cream that acts in a new way to bring a new kind of relief from pains of arthritis, rheumatism, and muscular aches and pains. This new cream relieves these pains without the need of taking pills and other internal medicines that may only upset the system.

Gently rubbed into painful areas, this cream penetrates so deep and completely that it actually vanishes. Quickly a comforting feeling of warmth develops and the whole painful area takes on a pleasing glow. This is striking evidence of the power of this cream to penetrate quickly and stimulate the circulation of the blood. This glow illustrates how it speeds up the flow of fresh, rich blood into the sore areas and actually helps drive away the pain-causing congestion and pressure.

23 Years Ago

Monday, November 16, 1831—The duck and goose hunting season opened today at noon in this section and will remain open until sundown the evening of December 15. Many hunters braved the snowstorm to be present at the time the season opened. More birds than usual are reported in the Klamath area due to the fact that there is an abundance of water in this section and the drought in other sections where birds formerly congregated, according to Marion Barnes, state police officer in charge of enforcement of the hunting laws.

Tuesday, November 17, 1831—Mr. and Mrs. Irving Kesterson are spending several days in San Francisco on a business and pleasure trip. While in the southern city they are stopping at Hotel St. Francis.

Wednesday, November 18, 1831—In observance of National Book Week November 15 to 22, pupils of all the city schools will be taken by the principals to the city library auditorium to see an unusually complete display of juvenile books, it has been announced by Miss Enola Hawkins, librarian. Miss Margaret Nye, county librarian, has taken a large number of new books to Bonanza and Chiloquin, where they will be on display all this week.

Thursday, November 19, 1831—Neil Fife is leaving this weekend for San Francisco and Los Angeles to visit friends for a week. While in the south he will attend the Stanford-California football game and the Oregon-UCLA game at Los Angeles. He will also visit friends for a short time in Sacramento.

Friday, November 20, 1831—Good hunting was reported over the Klamath country this week. Despite the snow and wind the birds were in the air offering targets to the eager sportsmen. Hunters bagging their limit were Ted Gillenwaters, Henry Wolff of Chiloquin, Walter Waggoner and Dr. George Massey. Among other hunters at Tulelake were Everett Hardenbrook, Ernest Nitschelm and Ed Ostendorf.

Saturday, November 21—Oregon mothers were entertained at the home of Mrs. Charles D. Garcelon Thursday evening. Mrs. E. M. Chilcote won high score at bridge. Guests were Mesdames C. E. Morrison, Milton O'Neil, A. J. Lyle, H. G. Ames, W. Peyton, George Williams, Charles Garcelon, A. H. Graham, Louis Bradford and E. M. Chilcote.
